TOLD IN SIDEHEADS.

SOME SCHOOL NOTES.—Mrs. L. W. McAdams has returned from an extended visit in Massachusetts and has assumed the principalship of the Eastham school to which she was recently elected by the Oregon City school board.—Prof. J. J. Clark, of Woodburn, has been elected principal of the Marquam school.—Miss Estella B. Rechev will teach the Lower Logan school this winter.

BOUGHT BLOODED STOCK.—Sheriff J. R. Shaver attended the fair at Salem several days last week but he did not go to see the races alone. While there he invested in several head of fine blooded stock that will be placed on his large farm in the Molalla district. Sheriff Shaver purchased a valuable bull from the Hereford herd of Sparks, of Reno, Nevada, and also two blooded heifers from the herd of Jack Spaw, of North Yakima, Washington.

GOT THE WRONG GAME.—While Carl Horn and Johnnie Adams, armed with a 22-caliber rifle, were searching for cats last Saturday afternoon, the rifle in the hands of Adams was accidentally discharged and the bullet entered Horn's leg just below the knee. The physicians who were called had some difficulty in locating the leaden missile. While the wound is rather serious, it is not considered necessarily dangerous.

NEW BUSINESS HOUSE.—An announcement to the people of Oregon City. We have opened a new and complete line of groceries, consisting of everything usually kept in a first class grocery. Goods delivered free to any part of the city. We respectfully solicit a share of your patronage. A well pleased customer is our best advertisement. Give us a trial order. Yours for low prices, J. E. Seeley. Orange Front, Seventh street, Oregon City.

NEW TEACHER ELECTED.—Miss Cassie Eaton has been elected a teacher in the Eastham school to succeed Miss Julia Prentiss, who resigned. This makes a full corps of teachers in the Oregon City schools. For genuine proficiency as educators the patrons of the Oregon City schools are to be congratulated on the competent force of instructors that were this year engaged by the board of school directors.

MADE MONEY PICKING HOPS.—Last week we mentioned a family picking hops in this vicinity, the members of which pulled out with \$82. This week we are told by Chas. Becke, Sr., that a family, consisting of man, wife and three girls, the oldest being 14 years, who, after picking hops nine days in Henry Becke's yard, left for their home in Portland with \$84 to their credit.—Aurora Borealis.

THE PRUNE HARVEST.—County Clerk Sleight and Attorney Franklin T. Griffith, of the Willamette Fruit Company, spent Sunday at the company's large evaporator near Canby where good progress is being made in the curing of the large crop of Italians. Mr. Sleight says this fruit this year is of large size and splendid quality and the harvesting of the crop will be practically finished by Monday. The company's evaporator, which is believed to be the largest of its kind in the state, has been accommodating daily from 600 to 700 bushels of prunes. The Willamette Fruit Company owns about twenty acres of Italian prunes and controls the crop of several acres in addition thereto.

A MARRIAGE EPIDEMIC.—There was sufficient evidence adduced at the court house last Monday morning to convince County Clerk Sleight that the county was threatened with an epidemic of the matrimonial fever. Four timorous prospective grooms-men called at the clerk's office in close succession, each making application for the requisite marriage license that alone was essential to subsequent happiness. The parties so accommodated were: Ruby Dygert and W. J. Thompson; Rosa Wilkin and Louis Loedtermeier; Jessie Nelson and Chas. Frank Rauch; Bertha A. Trullinger and Wm. Hayward. Miss Wilkin is aged but 17 years and the consent of her father was required before the license could issue.

TRAVELED 30,000 MILES.—During the past three and one-half years, Frank Powell, now assistant postmaster of this city, has traveled at least 30,000 miles here in Linn county, says the Albany Herald. That statement sounds remarkable, but it is nevertheless true. Mr. Powell has been the efficient mail carrier on rural free delivery route No. 1 for the past three years and nine months. He covered the route six days of every week, so traveled the distance since he has

been carrier about 1170 times. The route is 27 miles long so he has traveled a total of 31,590 miles. Mr. Powell has missed only a few days of the entire time he has served efficiently as one of Uncle Sam's mail carriers so he is safe in saying he has traveled at least 30,000 on his former mail route. The distance is equal to once around the world and about twice across the United States in addition.

FOR TEACHER'S PERMITS.—Miss Ada B. Bedwell and Miss Grace Troyer took the examination before County Superintendent Zinner this week for teacher's permits. Both applicants were successful and the desired permits were granted.

NOT YOUNG MEN THIS TIME.—There is a credible rumor current that an altercation took place in the Molalla country last week. For once, at least, so the report goes, the parties to the difficulty were not from among the young men of the community, but, on the contrary, were two pioneer and respected citizens.

HATCHERY WAS DAMAGED.—Thomas Brown, who is in charge of the Salmon river hatchery, was in the city last Saturday and reported that extensive damage resulted at the hatchery during the week as a consequence of the freshet. The majority of the racks were washed as far down the river as Sandy, where they were recovered. The work of the plant will be seriously interrupted for about a week.

WAS SEVERELY SCALDED.—Miss Elmina Glinther, who is employed at the Portland House, a local lodging house, was badly scalded last Saturday morning. She was working about the kitchen stove and, stumbling, fell against the stove and to the floor, at the same time overturning a vessel filled with boiling water, the contents of it falling upon the woman's face and breast. She was severely burned but will recover. Dr. C. A. Stuart was called and promptly relieved the sufferer.

OREGON CITY TOOK THE GAME.—In a game of good interest Sunday afternoon at Canemah Park, the Oregon City nine defeated by the score of 3 to 2 a Portland team that was composed of the employees of Allen & Lewis, the wholesale grocers. The game was of exceeding interest. Long, of Canemah, pitched the home team to a victory. The Sunday before the same team from Portland defeated the Oregon City West Side players by a larger score.

FOR A FISHWAY.—Bids were opened by Fish Warden Van Dusen Monday afternoon for the construction of a fishway in the Willamette river over the Oregon City falls for which an appropriation of \$5000 was made by the last Legislature. The bids received were as follows: Ernest P. Hands, Oregon City, \$2900; Harry Baxter, Oregon City, \$2900; H. Jones and O. Tonkin, Oregon City, \$3045; Johnson & Andrews, Oregon City, \$3085; Jacobsen-Bade Company, Portland, \$3980. The bids will be submitted to the State Board of Fish Commissioners at its next meeting. Mr. Hands, being the lowest bidder, will likely be awarded the contract.

THOUGHT HE WAS JESUS CHRIST.—Laboring under the hallucination that he is Jesus Christ's temporal representative and impersonator, George H. Meechen, a stranger, was committed to the state insane asylum Monday. Meechen is aged 42 years and is believed to be a transient in these parts. He was taken into custody by Chief of Police Burns Monday. Hatless and barefooted, Meechen, carrying his hat, coat and shoes under his arm, was walking up towards Salem on the railroad track when arrested. He also had a quantity of herbs and birch boughs on which he claims to have subsisted for several weeks. Meechen was taken to the asylum by Sheriff Shaver Monday night.

WILL GO INTO BUSINESS.—W. E. Marshall, who for a number of years has been employed at Huntley Bros' drug store, has resigned his position with that firm and purchased the interest of Geo. Patterson in the general merchandise firm of Marshall and Patterson of Highland. Will expects to sever his connection with the Oregon City firm October 1 and will go at once to Highland and take up the business with his brother, Ralph Marshall. Will has many friends in this city who, while they regret to have him leave the Falls City, are generous in their best wishes for his unbounded success in the new business venture. Being desirous of good success and possessed of the sort of material that succeeds, Mr. Marshall will undoubtedly attain in full degree the success hoped for.

It Saved His Leg.
P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25cts. Sold by Chapman & Co., druggists.

AT THE MOLALLA MINES.—Frank Welsh returned Saturday from the Molalla mining district in the vicinity of Ogle Creek, where he has been doing some extensive tracing. He reports that the recently discovered ledge containing rich deposits of gold extends for about four miles in the direction of the Santiam mining country. This revelation strengthens the belief that the ledge in this county is but a continuation of the Santiam mineral properties. Mr. Welsh brought back with him some fine samples of gold that were taken from the ledge. Associated with Mr. Welsh in the ownership of these properties are Linnwood E. Jones, C. W. Kelly and many other Oregon City people who have sufficient faith in the genuineness of the discoveries already made that they have staked out a number of additional claims.

The Genuine vs. Counterfeits.
The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by G. A. Harding.

SUFFERED 25 YEARS With Catarrh of the Stomach— Pe-ru-na Cured.

In a recent letter to Dr. Hartman, Congressman Botkin says:
"My Dear Doctor—It gives me pleasure to certify to the excellent curative qualities of your medicines—Peruna and Manalin. I have been afflicted more or less for a quarter of a century with catarrh of the stomach and constipation. A residence in Washington has increased these troubles. A few bottles of your medicine have given me almost complete relief, and I am sure that a continuation of them will effect a permanent cure."—J. D. Botkin.
Mr. L. F. Verdery, a prominent real estate agent, of Augusta, Ga., writes:
"I have been a great sufferer from catarrhal dyspepsia. I tried many physicians, visited a good many springs, but I believe Peruna has done more for me than all of the above put together. I feel like a new person."—L. F. Verdery.

The most common form of summer catarrh is that of the stomach. This is generally known as dyspepsia. Peruna cures these cases like magic.
If you do not derive prompt and satisfactory results from the use of Peruna, write at once to Dr. Hartman, giving a full statement of your case, and he will be pleased to give you his valuable advice gratis.
Address Dr. Hartman, President of The Hartman Sanitarium, Columbus, O.

One Was Enough.
"You love my daughter?" said the old man.
"Love her?" he exclaimed passionately. "Why, I could die for her! For one soft glance from those sweet eyes I would hurl myself from yonder cliff and perish, a bleeding, bruised mass, upon the rocks 200 feet below!"
The old man shook his head.
"I'm something of a liar myself," he said, "and one is enough for a small family like mine."
