

# Your Banking?

No matter how small  
no matter how large,

## THE BANK OF OREGON CITY

will give it careful at-  
tention. This message  
applies to the men and  
the women alike.

### Oregon City Enterprise

TOLD IN SIDEHEADS.

**LOST**—A silver bracelet with eight heart shaped silver bangles two gold ones and a Canadian dime between Beaver Creek store and Shively's opera house. Return to Enterprise office and receive reward. Oct 2.

**AN OLD RESIDENT GONE**—Mrs. Thos. Knowles, aged about 65 years, died at her home in this city Friday afternoon. The deceased, who was formerly Mrs. O'Connor, lived in this city for over twenty years, and interment was had in the Catholic cemetery.

**DID HE GET AN INSPIRATION?**—Frequently paintings and drawings are suggested by inspiration, born of actual experience. Now the writer does not wish to intimate that the preceding statement finds application in a clever drawing of Roy McAlpin's that appears in the show window at M. Michael's clothing store. It appears that Roy returned only recently from a visit with old-time friends in Salem, where he was formerly employed. Within a few days the drawings alluded to appeared in the show window. It pictures a coquettish maiden and cupid standing on either end of a plank that is supported in the middle by a pile of broken hearts, while the game of teter-totter is in progress.

**IS THE WATER COLD?**—A well 170 feet deep, 152 feet of which penetrates solid rock and containing an inexhaustible supply of water of the depth of 25 feet, is unusual. Such a well exists at Stafford, this county. Lee Bros., of Canby, have just finished boring the well on the Sharp Bros' farm. A three-inch pipe has been introduced in the well where water to the depth of 25 feet is found. An attempt to pump the well dry proved futile. This is the tenth attempt the Sharp Bros. have made to reach water on their farm that would supply necessary water for farming purposes. At a previous attempt to reach water, the solid rock was blasted to a depth of 80 feet but no water was reached.

**SOME TALL CORN**—A stalk of "Horse Tooth" Dane corn was this week on exhibition in this city which measured 11 feet 6 inches in height. It was grown on the farm of A. W. Cooke, of Damascus, and is considered a record-breaker for corn in this country, where corn is not supposed to do well. The ears are not well matured on this specimen, entire attention having apparently been paid to the plant to stalk. It is said there is corn on the Molalla this year which will exceed this in height, and it has also well-developed ears. Since seeing this one stalk, residents of the immediate neighborhood have claimed that equally good corn has been raised in the city limits. One says he used to raise corn as high this side of Green Point, and another claims he now has corn as high on his place at Canemab. It is said that in Ohio this variety of corn has been known to reach a height of 14 feet, and at the same time develop long ears. This variety is good only for cattle feed, usually being cut and put in silos.

**MILITIA BOYS ACT WISELY**—The members of Company A, Third Regiment, O. N. G., recently disbanded, held a meeting last Monday night to determine plans for the disposition of a fund of \$115.15 that was realized from the sale of the company's property. It was decided to place the fund on deposit in a local bank in care of a board of trustees, consisting of Dr. W. E. Carril, J. W. Moffitt and J. U. Campbell, the former captain of the company. Under the arrangement, the money is to remain in the bank for five years and if another militia company is organized in this city in the interim, then the fund is to be available for that organization. If another company is not formed within the prescribed time then the fund together with the accumulated interest is to be expended under the direction of the trustees in decorating the graves of the deceased members of the company.

**ADOPTED OTHER PLANS**—It looked very much like a combination of bidders in the proposals recently offered for the making of the desired sewer connections at the two school buildings but the members of the Oregon City school board refused to accept any of the offers. Bids were asked for the making of the needed improvements at the buildings and three local contractors submitted proposals. All bids were in the neighborhood of \$2500 which exceeded by nearly \$700 the approximate cost as computed by the school board. At a meeting last Thursday night, the board decided that the bids were all excessive and rejected the entire lot. It has been planned to install a decent sewer system in the two buildings from which the proper connections were to be made but after consider-

ing the matter it was decided to place in good repair the closets now in use and to connect the same with the sewer. This can be done reasonably cheap and render practically the same service. While the board preferred to make the extensive improvement that had been planned, it was concluded to be ill-advised to make so large an expenditure at this time.

**TWO ACCIDENTS AT THE MILLS**—Two employees of the Crown Paper Mills of this city met with painful injuries Saturday afternoon. M. E. Carmack, who is employed in the building of a boom pier for the company at the mouth of the Tualatin river, fell from a pier to the rocks below, a distance of thirty feet, striking on his back and shoulders. While he is seriously bruised, the attendant physician reports no permanent injury will result. Wm. Hood, a young man of this city, who is employed in the company's paper mill, sustained the fracture of a bone in the left leg just above the ankle the same afternoon. His foot became caught in a roll with the result given.

**STATE VETERINARY BOARD**—Governor Chamberlain has appointed the members of the new State Board of Veterinary Examiners, authorized by the last session of the Legislature. The men appointed are: William McLean, Portland; James Withycombe, Corvallis, and S. J. Carney, of Portland, all for a term of four years, and Alex Reid, of Ione, and James Christie, of Pendleton, for a term of two years. The commissions will be dated April 20, 1903. Persons desiring to practice veterinary medicine or surgery must first secure licenses from this board. No regular times for holding examinations are provided by the act.

**ANOTHER BUSINESS CHANGE**—S. Oldstein, of Portland, has purchased the cigar store stock and fixtures formerly owned by Peter Shark on Main street and will continue the business at the old stand. It will be the purpose of Mr. Oldstein, who is an experienced cigar dealer, to carry only the best grade of goods and to make of his place a most attractive resort. In connection with the cigar and confectionery business, Mr. Oldstein will carry a complete line of all kinds of elastic goods of which he is an extensive manufacturer. Under Mr. Oldstein's management, this place will now be known as The Favorite Cigar Store.

**PATRICK DUFFY IS DEAD**—Patrick Duffy, the veteran mail carrier for the Molalla route, died in this city Saturday evening, aged 68 years, of Bright's disease. The deceased was a native of Ireland, coming direct to Oregon in 1865. For a number of years he engaged at steamboating and subsequently worked in the woolen mills in this city. For many years he has been carrying the mails between this city and Molalla, resigning the place only a few weeks ago because of ill health. The deceased is survived by two sons and two daughters, as follows: John Duffy, of Hobart Mills, Calif; Joseph Duffy, Riparia, Wash.; Mrs. J. J. McGrath, Walla Walla, Wash., and Miss Mary Duffy, San Francisco. Funeral services were held Monday and burial followed in the Catholic cemetery.

**Makes a Clean Sweep**  
There's nothing like doing a thing thoroughly. Of all the salves you ever heard of, Bucklen's Arnica Salve is the best. It sweeps away and cures burns, sores, bruises, cuts, boils, ulcers, skin eruptions and piles. It's only 25c, and guaranteed to give satisfaction by Charman & Co., druggists.

**CONGRATULATIONS, TOM**—One indication of the steady growth of Oregon City is found in the fact that the increase of business at the Western Union telegraph office has been such that on the 1st of October the class of the office was raised from D to C. An important change which went into effect at that time is the installation of a system of transferring money by telegraph. This system is now in use in only two other cities in this part of the state, these places being Portland and Salem. This means of sending money has been found to be a great convenience. Tom F. Cowing, Jr., manager of the Western Union at Oregon City, has had charge of the office for the past 14 years, and reports that more business is now done here than at any previous time in the history of the office.

**It Saved His Leg**  
P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25c. Sold by Charman & Co., druggists.

**THE W. P. & P. MILLS SHUT DOWN**—On account of the low stage of the Willamette river, the Willamette Pulp & Paper Company closed down its mills Sunday. The mills will not be started up again until the river raises sufficient to furnish the required power. This means the throwing out of employment for an indefinite time of about three hundred employees. The scarcity of water in the Willamette compels the mill management almost annually to shut down the plant for a season every fall, and it is reported that with each succeeding year the volume of water in this stream decreases. Because of the unreliability of this source of power, it is not unlikely that within a few years these large manufacturing institutions will be using steam or other motive power entirely. In fact, this condition may be remedied and a constant power insured by the installation of the oil burning machinery that the company is now introducing in its properties in this city.

**The Genuine vs. Counterfeits.**  
The genuine is always better than a counterfeit, but the truth of this statement is never more forcibly realized or more thoroughly appreciated than when you compare the genuine DeWitt's Witch Hazel Salve with the many counterfeits and worthless substitutes that are on the market. W. S. Ledbetter, of Shreveport, La., says: "After using numerous other remedies without benefit, one box of DeWitt's Witch Hazel Salve cured me." For blind, bleeding, itching and protruding piles no remedy is equal to DeWitt's Witch Hazel Salve. Sold by G. A. Harding.

### STRAIN TOO GREAT. Hundreds of Oregon City Readers Find It So.

The hustle and worry of business men. The hard work and stooping of work men. The woman's household cares. Are too great a strain on the kidneys, Backache, headache, dizziness, Kidney troubles, urinary troubles follow. A citizen tells you how to cure them all. J. Carson, of Portland, employed at the Portland Lumber Co., foot of Lincoln street, who resides at 366 First street, says: "I was feeling miserable with a depressing lameness around the small of my back all last summer. At first I did not pay much attention to it, but it continued to grow worse and finally became so bad that I thought I would have to lay off work. To bend or move quickly caused severe twinges. I was often attacked with dizzy spells, specks appeared before my eyes, and I had no ambition or energy. In the morning I arose as tired as when I went to bed. In fact, I had all the symptoms of a very severe case of kidney trouble. When I was suffering the worst I read about Doan's Kidney Pills and procured a box. I soon noticed an improvement in my condition and the pain and aching across my back soon disappeared. About six weeks ago I was laid up with a siege of the grip for two weeks. Symptoms of kidney complaint made their appearance again, and I resorted to Doan's Kidney Pills a second time. They just as thoroughly freed me of the trouble as in the former case. I cannot express what a change they have made in me. I simply feel like a different person."

Plenty more proof like this from Oregon City people. Call at C. G. Huntley's drug store and ask what his customers report.

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States.

Remember the name—Doan's—and take no substitute.

If you don't get the ENTERPRISE you don't get the news.

#### Marion Harland.

A very interesting feature of the Sunday edition of the Chicago Record-Herald, and one looked for by every woman reader of that paper, is the page devoted to Marion Harland. Under the heading "The Housewives' Exchange" queries and answers appear on subjects which conscientious housewives enjoy discussing. Wholesome advice is given about the care of children and how to make a home beautiful and attractive. On the same page are also to be found some of Marion Harland's famous recipes. She is considered an authority on this subject, many people making it a practice to preserve her recipes whenever they are published. A word about Marion Harland herself. Thousands of people who have read her articles are desirous of knowing more about her. Her real name is Mary Virginia Terhune. She was born in Amalia county Virginia, Dec. 21, 1831; received a good education; began to write for the press at 14, and in 1856 married Rev. Edward Payson Terhune. Besides writing for the press, she is the author of a large number of books. She has a summer home called Sunnycan at Pompton, N. J., but at present is living in New York City.

#### The Pleasure of Eating.

Persons suffering from indigestion, dyspepsia or other stomach trouble will find that Kodol Dyspepsia Cure digests what you eat and makes the stomach sweet. This remedy is a never failing cure for Indigestion and Dyspepsia and all complaints affecting the glands or membranes of the stomach or digestive tract. When you take Kodol Dyspepsia Cure everything you eat tastes good, and every bit of the nutriment that your food contains is assimilated and appropriated by the blood and tissues. Sold by G. A. Harding.

**OREGON CITY BOY HONORED**—Otto Deute, the bright young son of Mr. and Mrs. Otto Deute on the hill, has been elected president of the first year class at Pacific University, Forest Grove. Young Deute is a promising lad. He was graduated from the Oregon City schools last June and will this year continue his studies at the Congregational institution at Forest Grove.

### Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.

## Glad Tidings

We have just received an elegant line of Young Men's and Boys' Clothing in the very latest makes, made by David M. Pfaelzer & Co., who bear the reputation of being the best house in the country manufacturing Young Men's and Boy's Clothing.
