TOLD IN SIDEHEADS.

ATTENDED UNVEILING SERVICES.—The members of Meade Post No. 2, G. A. R., of this city, attended in a body the unveiling of the Soldiers' Monument in Portland Sunday.

DEATH AT OSWEGO.—Viola, the one-year-old daughter of Mr. and Mrs. M. Blanken, of Oswego, died Friday afternoon of bowel trouble. Funeral services were held Saturday.

AN OLD PIONEER.—John Scott, aged 77 years, died at his home in Highland October 20, 1903. He was survived by a wife and seven children. Burial took place at Highland Friday.

WANTS HIS MONEY BACK.—George W. Gilliland is plaintiff in an action brought against Cleopatra Smith to recover about \$461. The defendant in the case conducts a confectionery store in this city and the plaintiff alleges that he loaned her \$400 in money and paid bills amounting to \$61.

THE LATE MRS. DODSON.—Mrs. Margaret J. Dodson, aged 68 years, died at the home of her daughter, Mrs. G. H. Young, October 20, 1903. Funeral services were held at the Presbyterian church Friday and burial took place in Mountain View cemetery.

A PIPE OF LAUREL.—Fred Nelson, deputy county assessor, last week received from a friend in North Carolina a hand-made laurel (rhododendron) wood pipe. It is quite a novelty and is valued by the recipient. The wood of which the pipe was manufactured is of a species of laurel foreign to that grown in this state.

THE JUDGE HAS RECOVERED.—Judge Wm. Galloway is again as young and spry "as he used to be" after having been rather badly crippled for several days, by recurrence of trouble with his foot that was injured several years ago. He is now able to be about again without the aid of crutches and with the new hat in which he has invested, the Judge is of as striking appearance as ever.

WILL MINE FOR GOLD.—The Molalla Central Mining Company, with a capital stock of \$25,000 has filed articles of incorporation and is preparing to proceed with the development of the properties in the Molalla mining district that are controlled by the members of this organization. The capital stock is non-assessable and the incorporators are: Linn E. Jones, Otto F. Olson and Frank H. Welsh.

CLACKAMAS COUNTY GRAPES.—D. B. Martin, a successful farmer of the Mount Pleasant neighborhood, remembered the Enterprise office one day recently with a box of the finest grapes we have sampled this year. The variety very much resembled in flavor the famous New York Concord. As a producer of superior grain, vegetables and fruits, Clackamas county is not excelled in the state.

SOMETHING ABOUT DOWIE.—A long article in the Argonaut for October 26th gives a full account of John Alexander Dowie, whose religious invasion of New York is just now attracting the attention of the country. His marvelous success in Chicago, his success as a fighter, his power to get money from his followers, and his success in founding Zion City are among the themes of which the article interestingly treats.

ATTENDED GOOD ROADS CONVENTION.—County Judge T. F. Ryan and Commissioners Killin and Brobst, of the Clackamas county court, went to Portland Friday to attend a meeting of the Good Roads Association of the state. Under direction of the Clackamas county court some of the best roads to be found in the state have been built in this county, and the members of the court were prepared to explain and demonstrate the methods employed to accomplish the satisfactory results.

SATISFACTORY VALUES ARE FOUND.—Several Oregon City people, who, with M. E. Bain, a former newspaper man of this city, have interests in the Overland mines near Sumpter, have received copies of the Sumpter Miner containing a report to the effect that very satisfactory values in this mining property have been disclosed by recent assays. The published statement is as follows: "M. E. Bain returned last evening from the Overland mine, where he has a force of men at work. He is pursuing the very wise policy of sinking on the vein, to prove its value, before driving a long, expensive tunnel. The showing in the shaft is getting better with every foot of depth attained. It is down now about twenty feet and already the values are satisfactory. From four assays he got an aver-

age of \$43.19 in gold, with some silver as a by-product. The individual samples went from \$29 to \$57 and some cents. Mr. Bain says the Overland will be opened up this winter, and everyone familiar with the property says it will make a mine." Among the Oregon City people having interests in this property are: E. E. Taylor, T. P. Randall and K. L. Johnson.

SUIT AGAINST RELATIVES.—As a consequence of family disagreements, Alvina J. Elmer today filed in the Clackamas county circuit court four actions for money proceedings against kinmen. The amount involved in each proceeding is \$920, but with the accrued interest that is asked, the total will reach \$4500. The defendants in the four suits are as follows: J. K. and Mary J. Elmer, John H. and Ernestina Vick, Fred and Ursula Phillipson, Sam and Elmira Elmer. U'Ren & Schabel are the attorneys for the plaintiff in all four cases.

IS A RELIGIOUS FANATIC.—H. M. Bogges, of New Era, was brought to the court house last Friday to be examined for insanity. The man was terrorizing the people of New Era by his strange actions. Bogges, who is a merchant of New Era, imagines that he has the power to call back to earth the spirits of the departed. He is said to have at one time been an infidel but he recently embraced Spiritualism and in his enthusiasm has collapsed mentally. Bogges was examined before Judge Ryan Saturday but it was the opinion of the examiners that the man is not insane and he was given his freedom.

CORN CAN BE GROWN HERE.—"Largeness is largely to blame for the general failure among Willamette valley farmers to successfully raise corn," said County Treasurer Cahill today. Mr. Cahill this year produced on his farm near this city a crop of corn that would be a credit to any of the famous corn states in the East. Mr. Cahill was today showing samples of corn, the stalks bearing from two to four ears of well developed kernels, each ear having from 14 to 16 rows well filled out. The variety was the Crosby Late Sweet corn, which Mr. Cahill has found to be the most hardy and prolific crop. He prefers sweet corn for the reason that while the stalks make the best fodder for cattle, the ears are profitable for feeding hogs. The seed was planted May 10 and Mr. Cahill says that with a reasonable amount of proper cultivation, this crop can be grown to good advantage in this state and with satisfactory returns for the farmer.

WILL SPEND A MILLION.—The Portland General Electric Company is preparing to make extensive improvements in its plant, and to that end J. C. Bartow, a well-known electrical expert of New York, is coming out to take charge of the work, which it is thought will take about two years to accomplish. Most of the improving will be done at the company's head works at Oregon City and will consist of new buildings, dams, new machinery, etc., for the better utilization of the company's water power. The increased demand on the company for light and power rendered the improvements necessary. Manager Goode is now in New York, attending to the details of the preliminaries. The cost of the new improvements will be about \$1,000,000. The Portland General Electric Company is composed largely of local capitalists, but Mr. Pratt, of Brooklyn, a stockholder in the Standard Oil Company, has the controlling interest.—Telegram.

MORE DOMESTIC INFELICITY.—After three months of married life, Melvina Saum, who became the bride of George Saum, Sr., at Portland, July 21, last, asks for the dissolution of the marital ties and for a division of the property of the defendant, which is estimated to be worth \$8000. In her complaint, the plaintiff represents that her husband compelled her to perform hard and severe labor, when she was physically unable to do so, and in addition called her many bad names. Fayette T. Blake, of Portland, desires a divorce from Grace P. Blake, whom he married in Portland in November, 1898. He claims that she frequently left home without his consent and remained away as long as her pleasure dictated. These temporary absences, complains the husband, finally terminated in desertion.

SERVED HIS COUNTRY WELL.—Chas. F. Ross, a veteran of the Civil War, died at his home at Willamette, Friday, October 23 and was buried at Mountain View cemetery the following Sunday afternoon. The deceased was born in Pennsylvania, July 10, 1824 and served in the 91st Ohio Regiment. Returning to Ohio at the close of the war he married Miss Acinas, who died in 1869. In 1870 he wedded Miss Mary Ann Ercher and moved to Oswego, Oregon, where he was employed for some time as an engineer at the iron works. Mr. Ross is survived by a widow and four children who have the sympathy of many friends in their bereavement.

IT SAVED HIS LEG.—P. A. Danforth of LaGrange, Ga., suffered for six months with a frightful running sore on his leg; but writes that Bucklen's Arnica Salve wholly cured it in five days. For Ulcers, Wounds, Piles, it's the best salve in the world. Cure guaranteed. Only 25cts. Sold by Charman & Co., druggists.

W. C. T. U. ELECTS STATE OFFICERS.—The state convention of the Woman's Christian Temperance Union of Oregon held its concluding sessions at Salem last Friday, transacting considerable official business and electing the following officers: President, Helen D. Harford, Newberg; vice-president, Mrs. E. C. Wheeler; corresponding secretary, Mrs. Henrietta Brown; recording secretary, Mrs. Sarah M. Kern; treasurer, Mrs. Hattie J. Shane. The president made the following appointments: Evangelists—Rev. Louise Painter Rouns, Mehama; Mrs. Harvey Bailey, Portland; Mrs. Elizabeth V. Wilson, Eugene. State Organizer—Mrs. Susan Foster, Portland. Superintendents—Institutes, Helen D. Harford; evangelistic, Ida E. Barkley, Portland; prison and jail, Mary M. Blain, Albany; Sabbath observance, Sarah C. Charlton, Salem; anti-narcotics, non-alcoholic medication, Mary E. Allen, Newberg; scientific temperance instruc-

tion, Sarah A. Livermore, DeMoss Springs; legislation and law enforcement, Kalauntine Geer, Willard; moral contest, Helen C. Kirk, Newberg; flower mission, Mary E. Townsend, 543 Third street, Portland; assistant for Eastern Oregon, Nina L. Wolf, Union; press work, Mrs. Achais M. Morris, Newberg; peace and mercy, Louise P. Round, Mehama; social and red-letter day, Margaret Houston, Eugene; health and heredity, Emily Lunn, Dayton; work among lumbermen, Mrs. Miller, Salsburg; work among foreigners, C. A. Gearhart, Astoria; work among soldiers and sailors, Elizabeth Dalgleish, 312 Twelfth street, Portland; systematic giving, Lucy L. Whitaker, Independence; work among railroad men, Mrs. Pugh, Portland.

LEFT FOR ANOTHER.—On the grounds of desertion Nancy E. Tibedo has brought suit for divorce from Norris N. Tibedo, whom she married at Riverside, California, in February 1899.

OFFICERS OF PRESS ASSOCIATION.—The annual election of officers of the Oregon State Press Association resulted as follows: President, S. L. Moorehead, Junction City; first vice-president, E. Holer, Salem; second vice-president, George M. Cornwall, Portland, Oregon; Timberman; secretary, Albert Tozier, Portland; treasurer, Frances E. Goshall; historian, George H. Himes; sergeant-at-arms, Arthur Conklin. All these elections were by unanimous vote. The Association will meet at Hood River next year.

PRIZES FOR ESSAYS.—The Oregon Society of Sons of the American Revolution has several times in the past offered prizes to the school children of the state for essays on subjects connected with Revolutionary history. The results in the past have encouraged the society to renew the offer at this time. Prizes of \$25, \$15 and \$10, respectively, will therefore be awarded for the three best essays in the order of merit, written by students in the public schools of Oregon, on any of the following subjects: 1. The Awakening of Public Opinion; the Work of Samuel Adams, Thomas Paine, John Dickinson and Patrick Henry; 2. Lexington and Concord; 3. The Battle of King's Mountain; 4. Virginia's Part in the American Revolution. Essays are limited in length to 3,000 words; must be written on one side of the paper in the student's own handwriting and must be accompanied by the certificate of the principal of the school attended by the author, to the effect that the author is a bona fide student in the school and has been in attendance therein not less than four weeks during the school year of 1903-4. Essays must be forwarded to the chairman of the committee in charge, Wallace McCamant, 34 Concord Building, Portland, Ore., so as to reach him not later than February 1st, 1904. In awarding the prizes the committee will be governed by these three considerations: 1. Historical accuracy. 2. Manner of treatment. 3. Orthography, grammar, syntax and punctuation.

MORE RAILROAD RUMORS.—Residents of Clackamas were in the city this week and reported that negotiations have been concluded by which the City & Suburban Railway Company, of Portland, has leased from the Southern Pacific Company the railroad bed of that corporation between Willsburg, and Clackamas. There have for many months been rumors of such a deal and the announcement of its consummation causes much speculation locally. The feasibility of such an arrangement is recognized since it is known that the Southern Pacific Company has taken the preliminary steps to construct another roadbed by which its West Side trains may reach Portland from the East Side, the Willamette river to be crossed at Oswego. From that point the route of the road will be northerly connecting with the main line at Willsburg. Another line will extend from the Oswego crossing point up the river joining the main line just below this city. In this way the railroad company proposes to avoid the existing heavy grades between this city and Willsburg, and at the same time shorten the route by four miles. The old line is to be used for local trains while the heavy traffic will be transferred to the new line. These facts strengthen the suspicions that the reported transaction between the Portland railway company and the larger corporation has really taken place. The City & Suburban Company already has a line that extends practically to the Southern Pacific Car Shops and with the leasing of the railroad line as reported, there is no doubt but that the street railway company will acquire the right to use the railroad track clear to Oregon City.

Women as Well as Men Are Made Miserable by Kidney Trouble.

Kidney trouble preys upon the mind, discourages and lessens ambition; beauty, vigor and cheerfulness soon disappear when the kidneys are out of order or diseased. Kidney trouble has become so prevalent that it is not uncommon for a child to be born afflicted with weak kidneys. If the child urinates too often, if the urine scalds the flesh or if, when the child reaches an age when it should be able to control the passage, it is yet afflicted with bed-wetting, depend upon it, the cause of the difficulty is kidney trouble, and the first step should be towards the treatment of these important organs. This unpleasant trouble is due to a diseased condition of the kidneys and bladder and not to a habit as most people suppose.

Women as well as men are made miserable with kidney and bladder trouble, and both need the same great remedy. The mild and the immediate effect of Swamp-Root is soon realized. It is sold by druggists, in fifty-cent and one dollar sizes. You may have a sample bottle by mail free, also pamphlet telling all about it, including many of the thousands of testimonial letters received from sufferers cured. In writing Dr. Kilmer & Co., Binghamton, N. Y., be sure and mention this paper. Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
