

Don't forget the old man with the fish on his back.

For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes.

To the consumptive he brings the strength and flesh he so much needs.

To all weak and sickly children he gives rich and strengthening food.

To thin and pale persons he gives new firm flesh and rich red blood.

Children who first saw the old man with the fish are now grown up and have children of their own.

He stands for Scott's Emulsion of pure cod liver oil—a delightful food and a natural tonic for children, for old folks and for all who need flesh and strength.

SCOTT & BOWNE, Chemists, 409-415 Pearl Street, New York. 50c. and \$1.00; all druggists.

TOLD IN SIDEHEADS.

THE COW WAS KILLED.—A southbound O. W. & P. Co. freight train ran over and killed a cow near Milwaukie Monday morning. Other than delaying the movement of trains for a short time no inconvenience resulted.

CLASS OFFICERS ELECTED.—The pupils of the Tenth Grade, or graduating class of the High School, have elected officers as follows: President, Carl Gasong; secretary, Miss Mamie Long; treasurer, Miss Lillian Hayward. There are fourteen members of the class which will be graduated in January.

EXPECTS TO RUN AGAIN.—Mayor Grant B. Dimick has announced in response to a petition that he will be a candidate for re-election at the annual municipal election in December. Mr. Dimick is now serving his third term as mayor of Oregon City. With the election only a month distant, there has been taken thus far not any interest in municipal affairs.

TO THE TOWN I OWN (ONE).—Will Morse, after working again for G. A. Hardin, the local druggist, for some time, has gone to Lone, Eastern Oregon, to take charge of another drug store. The many friends of Mr. Morse will be glad to know that his absence this time will be temporary. He expects to return within a few months and resume his medical studies.

ONE HAD A GUN.—Tramps caught in the act of stealing rides on the Southern Pacific trains in this city continue to be arrested for the offense by the local officers. Monday morning a 38-calibre Colt's revolver, with every chamber loaded, was found near the depot, where it is thought to have been discarded the night before by one of a gang of hobos taken into custody.

WILL ACCEPT ANOTHER TERM.—Petitions asking F. J. Meyer, the present city treasurer, to be a candidate for re-election at the municipal election in December, are being circulated. Citizens are very generally signing the petitions and the probabilities are that Mr. Meyer will be re-elected without opposition. Under the city charter this is the only salaried officer that is elective by popular vote in Oregon City.

DID LITTLE DAMAGE.—With the exception of some badly soaped show windows and considerable displaced cord-wood, there was no evidence of an extensive observance of the Halloween season in this city. The mischievous lads who annually "go out" on this night behaved themselves with commendable credit and it is to be presumed that they enjoyed themselves as much as though great damage had been done property.

GETTING READY FOR WORK.—At a well-attended meeting of the incorporators of the new board of trade, held Friday night, considerable enthusiasm was shown in the work of the new organization, and it was decided to get to work as soon as possible to dispose of the capital stock of the new corporation. With this end in view committees were appointed to solicit subscriptions to the capital stock. Those who were appointed to interest the lawyers and doctors in the new scheme were C. H. Dye and W. A. Huntley; corporations, F. T. Griffith, E. G. Canfield and G. B. Dimick; merchants, G. B. Dimick, Frank Busch, T. L. Charman, H. E. Cross and D. C. Latourrette. These committees will commence a thorough canvass of the city

next Monday, and expect to finish the work in one week. It is desired to get the 100 shares of the capital stock subscribed as soon as possible in order to provide funds with which to work. The plan is to sell these shares at \$30 each, \$8 down, and \$1 per month until paid. Should the corporation succeed in disposing of all the capital stock, as is hoped, it would give a fund of \$500 to begin the work of boosting the county on, and an income of \$100 per month with which to continue it. As soon as the stock is subscribed, the members will meet to elect officers and to get to work.

FELL FROM A TREE.—Evelyn, the 6 year old daughter of Mr. and Mrs. Geo. A. Harding, fell from a tree at the family home Sunday evening and received a compound fracture of the bones in the right arm.

OLD LANDMARK IS MOVED.—The Barclay residence, a landmark of the early pioneer times in Oregon, is being moved from Main street to a location facing the Willamette river on the opposite side of the block. This residence was first occupied in 1849 although its construction was not completed until 1853. All of the doors, windows and interior finishings of the structure were manufactured in Maine and shipped via Cape Horn to this city late in the forties. This pioneer residence, which occupies some of the most valuable business property in Oregon City, will give way to a substantial business block. There is in the doorway a large cherry tree that is said to be the oldest fruit-bearing tree in the state. The changes in the property make necessary the removal of the tree which will be converted into canes, chairs and other relics of pioneer days.

THEY ALL HAD A GOOD TIME.—Senator Brownell, Sheriff Shaver, and Messrs. Taylor, Woodard and Conner of the Maccabees quartet, were among the Oregon City people who were the guests Saturday evening at a social function arranged and carried out by the Maccabees of Eagle Creek and vicinity. The early part of the evening was occupied by an entertaining musical and literary programme that included a number of selections by the three-cornered Maccabee quartet from this city. The boys were repeatedly encored and made a great hit. After having exhausted their excellent collection of songs, the singers were only excused when as a finale they rendered "I'm Tired, So Very Tired." Senator Brownell made a short address along fraternal lines and at the close of the programme the good ladies of Eagle Creek served the company to an oyster supper. It was a real oyster supper and as one of the Oregon City party expressed it, "It was not necessary to get out a search warrant to find an oyster." Dancing concluded a most enjoyable evening, and the visitors from this city returned with the firm conviction that there are no drosses in the Eagle Creek live of Maccabees especially when the duty to be performed is that of entertaining.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first, and has not had an attack in 14 months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation and Kidney troubles. Try them. Only 50c at Charman & Co.

FOR AN EDUCATIONAL EXHIBIT.—State Superintendent Ackerman has issued to the educators of the state a circular letter calling their attention and inviting their co-operation in the movement to secure for Oregon a creditable educational exhibit at the St. Louis Fair. In his letter Mr. Ackerman says: "The Louisiana Purchase Exposition is to be held in St. Louis in 1904, and for the first time in the history of enterprises of this kind, the Department of Education has been assigned first place, and a separate building has been provided for the educational exhibit and a comparative display from all the leading nations of the world. It is earnestly desired by this department that Oregon shall take its proper place as a leading exhibitor in that department. The great interest heretofore manifested by the people of Oregon in all matters pertaining to education, justify the expectation of hearty co-operation in the preparation of an educational display that will intelligently and effectively illustrate Oregon's school system and the results achieved in all lines of work. Prof. F. G. Young has been appointed as the educational exhibit commissioner for Oregon, and Supt. H. S. Lyman as superintendent, and these gentlemen have in conjunction with the committee appointed for this purpose by the State Teachers' Association, prepared a circular containing suggestions and plans for preparing a creditable exhibition, which you will receive in due time. All inquiries and communications should be addressed to Supt. H. S. Lyman, 208 Vine street, Portland, Oregon."

SOME GOOD ARGUMENT.—Here is one way to help improve your home town and thus your own community, which an exchange points out in plain English: "Why is it that property owners and others will continue to patronize a catalogue house, when they can get just what they want at home? Did it ever occur to you that when you send to a supply house for anything you can obtain of your home merchant you are reducing the value of your property to a certain extent? This is a fact. Supposing half the people of our territory should send away for their goods, would it not be necessary for our local stores to reduce their stock at least fifty per cent, discharge half of their clerks, partition their salesrooms one-half, in fact do just one-half the business they are doing now? Don't you think that such conditions would reflect on the value of your property? The town itself would dwindle down to a dead and dilapidated place, and the taxable value would be reduced one-half. We believe that the people in any community should be co-operative; that is stand by each other. Your home merchant is the one you go to for credit when you are out of money; he is the one that is approached when there is a church to be built, when roads are to be improved and nearly always he is ready to do what he can to help you."

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours; a sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

What to Do.

There is comfort in the knowledge so often expressed, that Dr. Kilmer's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It corrects inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes.

You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmer & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper.

Don't make any mistake, but remember the name, Swamp-Root, Dr. Kilmer's Swamp-Root, and the address, Binghamton, N. Y., on every bottle.
