Needy.

Miss Katie Spangler, of Butteville, is home on a visit to her parents.

Miss Alice Ritter, principal of the Munderer school, was home on a visit last Sunday.

Mrs. Matilda Kuhnke, wife of William Kuhnke, of this place, died on the 4th inst. and was interred at the Rock creek cemetery on the 5th. Mrs. Kuhnke was born in Germany in September, 1852. In 1844, she with her husband and family emigrated to America and settled in the state of Wisconsin, and in 1860 removed to Oregon and purchased a farm near Needy, where they have lived ever since. Mrs. Kuhnke was a hard worker and together with her husband they hewed out of the heaviest timberland a comfortable home. She was a good neighbor and enjoyed the highest esteem and respect from all who knew her. Mrs. Kuhnke was when taken sick attending her daughter, Mrs. Trost, near Aurora, who was very sick, when she herself was taken suddenly ill and died at her daughter's home. Mrs. Kuhnke leaves to mourn her loss her husband, William Kuhnke, Paul and Herman, two sons, Mrs. Louisa Trost, Minnie and Ida, three daughters, besides a host of friends and neighbors who sincerely sympathize with them in their bereavement.

Once more our quiet neighborhood is infested with a book fiend. Last spring there came through the country two smooth-tongued young men, who stopped at every unsuspecting farmer's house and represented themselves as gatherers of historical facts and biographical sketches, and after asking the people a hundred and one questions and saying they would probably have a book printed, they would pull a little book from their pocket, with a red lead pencil they would gently push toward the victim and ask him to sign his name at a certain place. But the farmer having been roused in before, said that he did not want to subscribe for a book. "Oh, well," said the honest young man, "we do not know that the book will be printed, but we only want you to indorse the work by giving us your approval in case we should get enough historical facts to make a good history, but we are not asking you to take a book." And so the unsuspecting country people were roped once more by the nice and polite young man; and now they will be the proud possessor of another grand history of their state, containing a few pages of history and several pages of engravings, which they can show to their lady friends along with the album, and then they can amuse themselves by reading their own biographical sketch, which they already know by heart, as well as the history of their state, and it will not be necessary to refer to the history very often to refresh their memory as to the facts, which they themselves have contributed; but it will be a real pleasure for us to pay the eighteen dollars for the pleasure of being roped.

FROM SOUTH AFRICA.

New Way of Using Chamberlain's Cough Remedy.

Mr. Arthur Chapman writing from Durban, Natal, South Africa, says: "As a proof that Chamberlain's Cough Remedy is a cure suitable for old and young, I pen you the following: A neighbor of mine had a child just over two months old. It had a very bad cough and the parents did not know what to give it. I suggested that if they would get a bottle of Chamberlain's Cough Remedy and put some upon the dummy feed the baby was sucking it would no doubt cure the child. This they did and brought about a quick relief and cured the baby." This remedy is for sale by G. A. Harding.
