

CAN YOU GUESS?

Then Take a Chance in the Prize Money Contest.

On Washington's Birthday the Enterprise Will Give Away Another Jar of Money.

Are you a good guesser? If so, and you can tell how much money a jar contains, you should not fail to participate in the prize money guessing contest that the Enterprise has provided for its present and prospective readers.

The Enterprise has decided to make some substantial presents to some of its subscribers. We have filled a glass jar with coins and currency of different denominations. The total amount contained therein will be given away on the afternoon of Monday, February 22, 1904, to the persons making the closest guesses as to the amount.

Nobody is barred from taking part in the contest and the only requisite condition for participating therein is payment of subscription money on the Enterprise. In order that the contest may be equally fair to both old and new subscribers, one guess will be allowed for every \$1.50 that is paid on subscription.

The amount of money that is contained in the jar is not known to any one. We placed the bulk of the money in the jar and the balance, in unknown denominations and also amount, was deposited in the jar by a person not connected with the office, the amount so placed by each being entirely unknown to the other.

The seal on the jar will be broken on the afternoon of February 22, next, and the award of the money will be made as follows:

50 per cent to the person guessing closest to the amount in the jar; 25 per cent to the person guessing second closest to the amount, and 5 per cent each to the next five persons guessing next closest to the total amount in the jar.

In arranging the details it has been the endeavor of the Enterprise to make the contest absolutely fair and with the aid of a disinterested party we think we have succeeded to the end that the best guesser is the man who will get the bulk of the amount contained in the jar.

All guesses must be delivered at the office of the Enterprise or mailed to the Enterprise, Oregon City, where they will be preserved until the contest closes.

The Enterprise had prepared one jar of money that was to be given away under these same conditions but some sneak thief early last month appropriated the entire amount, jar and all, failing to make a guess, thereby violating every condition of the contest. But we have secured another jar that is the exact counterpart of the original dish and have filled it with approximately the same amount of money of practically the same denominations that Jar No. 1 contained.

Those who deposited estimates on the original jar may allow the same to stand or they will have the privilege of examining the duplicate jar and make another estimate. The Enterprise is resolved to distribute a sum of money among its readers and will employ the needful precautions that the second contest may be conducted strictly according to the rules governing the scheme.

DISCUSSED THE RUSSIAN BEAR.

Interesting Joint Meeting Held by Young Peoples' Congress.

Earl Latourette, as president of the senate, presided at the first joint session of the Young People's Congress of the World that was held at the First Baptist church lecture rooms last Saturday evening. This organization consists of the pupils from the seventh, eighth and ninth grades in the Oregon City public schools, the young ladies forming the house of representatives while the young men constitute the membership of the senate. Each member of the two houses represents some country of the world or section of the United States and with the calling of the roll at each meeting he responds with at least fifty words on the country or district that he represents.

The subject for discussion last Saturday evening was China and its relations towards Russia, England and Manchuria. Ruth Latourette and Ross Eaton were the leaders for the affirmative and defended China's action while the negative side of the argument was led by Ora Welch and Helen Bollinger. At the next joint session of the Congress, the recent complications that have arisen between Panama and Columbia will form the subject for the discussion. Rev. J. H. Beaven, pastor of the First Baptist church, who organized the Congress and mapped out its work, is doing some good work in behalf of the young people of the city. Besides acquiring an invaluable knowledge of the government of their native land, they also have an opportunity to acquaint themselves with the government of the other countries of the globe and by means of the joint meetings that are held frequently for debating purposes, the youthful lawmakers are kept in touch with all current topics of national consequence.

STANFORD'S JOVIAL COLLEGIANS

Will Present High Grade Concert at Armory December 26.

On Saturday night, December 26th, the Stanford University Mandolin and Glee Clubs will give a concert in this city at the Armory under the direction of Miss Mary E. Conyers. These organizations are made up of the best talent of the University and the college boys have been accustomed for several years past to make a tour of Oregon, Washington, California and British Columbia during the holiday weeks. Last year the Stanford Clubs appeared in Oregon City under the auspices of Clackamas Council, Royal Arcanum and several hundred people were treated to a feast in the musical line. The well known comedians, Bush and Bailey, who were with the Stanford Clubs last season, are again with them this year, and are as full of fun as ever. They have a lot of new jokes and stunts that are side-splitting. Thirty five people are in this musical organization, and there are 22 pieces in the Mandolin Club. The instrumental numbers are new, bright and catchy, but are not confined to one particular line, varying from the comical and light to the classical. New operatic airs will be heard, among them "The Prince of Pilsen."

Miss Conyers has induced the Mandolin Club to consent to furnish the music for a hop, which will follow the program. The floor of the spacious Armory will be in prime condition and the two hours of dancing will entice many of the younger people to come. The admission will be 50 cents and this will also include the privilege of dancing.

SANTA CLAUS WILL BE HERE.

Numerous Cantatas and Entertainments Planned by Churches.

Christmas will be generally observed by the various churches of the city this year with appropriate exercises. At the Presbyterian church there will be given a series of interesting family scenes, a number of tableaux, the programme to conclude with a tree and the giving of gifts to the children. An entertainment appropriate to the Christmas season and a tree will be the attraction at the First Methodist church on Christmas Eve.

The Congregationalists are preparing a Christmas cantata entitled "King Winter" in which about fifty characters will be represented, assisted by Santa Claus himself. The leading characters will be taken by some of the members of the choir and the entertainment, which will be presented on Christmas Eve, promises to be the best ever given in this church. The members of the Sunday School will be remembered with the usual treat and in this connection the parents will be permitted to bring to the church presents for distribution among their children.

The Willamette Pulp & Paper Company

of this city is also installing oil burning machinery at its extensive plant at Oregon City. Under the direction of local employees is the work being performed and by February 1, next, it is expected that the new fuel will replace the wood as a fuel in the operation of the main part of the mill. A feed tank in close proximity to the main mill is now being built. It will have a sufficient capacity to supply the mill for a run of 24 hours. Subsequently a storage tank of considerable greater capacity will be established on the river bank within the city limits. Fuel oil will be conveyed up the river and pumped into the storage tank, whence it will be pumped to the feed tank and thence to the boilers, by a siphon process. With the substitution of wood by oil as a fuel by both the Crown and the Willamette mills, it is believed the example will be followed by the smaller manufacturing institutions of the city within the next year.

An ideal Christmas present—a box of cigars, a meerschaum or briar pipe at the Favorite Cigar Store, S. Oldstein, proprietor.

Under the direction of Mrs. A. S. Dresser the Baptist Sunday School will render a Christmas cantata at the church on Christmas Eve.

About thirty invited guests on Wednesday evening at the home of the bride's parents, Mr. and Mrs. R. P. Hall, corner of Fourth and Center streets, witnessed the marriage of Miss Grace Hall, of this city, to Mr. M. E. Milner, of Linn county. The ceremony was performed by the Rev. J. H. Wood, of the First Methodist church. The principals were attended by Miss Nettie Hall and Mr. Rouben Hall, brother and sister, respectively, of the bride's, as bridesmaid and best man. Mr. and Mrs. Milner received many fine presents accompanied by the best wishes of their many friends for much happiness.
