Maple Lane Explanation Note.

Editor, Enterprise.—At the last Grange meeting it was voted to hold a Pie Social on Saturday evening, January 9th, and a committee was appointed to look after the matter. After the meeting, it seems a few took it upon themselves to have a dance that evening at the hall, without authority from the Grange or permission from the trustees of the hall. When the trustees heard of this, combined with the conduct of some at the last dance held at the hall, they decided that it would not be wise to permit dancing that evening. This was brought about solely by the conduct of the dancers and there is no one else to blame.

The object of the Grange is educational; this cannot be carried out except by work with and by the young. We wish every respectable and intelligent young person to join us, and we will endeavor to interest, instruct and amuse. All work and no play makes Jack a dull boy indeed. All play and no work makes Jack a dull boy in need."

The Grange is a trifle in debt, on the hall but it does not wish to raise it from the young people by turning Maple Lane Grange Hall into a saloon or a dance hall.

I heartily commend Mr. Beard in the stand that he took as spokesman for the trustees and think he should be supported by every well meaning person in the community who believes in good education and good government. I am sorry that some were so thoughtless as to disgrace themselves by insulting Mr. Beard Saturday evening.

Wanted—A detective to find our present supervisor, as we believe he is either dead or skipped over the line as he has not been seen working on the road for quite a while.

We also ask our honorable county judge if he should get into the habit again to take a trip east, be sure to take the Clark and Highland road and then let us know how he enjoyed the trip.

A COMMUNICATION.

Editor Enterprise—It was a very nice sermon the Shubel item was giving to a certain church in the last week's Enterprise. I am very glad to know that the boys got such a nice warning to keep away from the 10 o'clock church.

I would advise those who think they are such promising young men and ladies, as they were first called, to go to a training school. When they bring their lady friends to church and are not capable of acting up to what they call themselves, I would rather advise them to go to some other place that is more suitable for that class of people. I don't by all means think that the church is a place for them.

I would not wish to be called a gentleman or a lady and carry on in the manner these people did and have done during the past year, coming to the 10 o'clock church. But don't worry, the church has too much of an honor to be called the German Congregational church than what they have called it.

Now it will not be necessary for you to appeal to any missionary to jump off at this place. I should think it more necessary at the little white church in the woods as never was there seen a member of this church lying on the streets of Portland in a manner—I will not state publicly—as there were seen of the members of the Evangelical church. Would you call that gentlemanly?

Any one that behaves as gentlemen and ladies ought to, is welcome at this German church. If visitors are not willing to obey the laws of our church, they know what to do, especially people who pretend to be Christians and still come to another church to disturb. My Bible does not teach me anything like that.

The above communication was received at the Enterprise office with the request that it be published. Since this other side of the case was represented in the Schubel items a fortnight ago, the Enterprise in a spirit of fairness, gives the answer space in this week's issue. It is contrary to the policy of the Enterprise to give these matters publicity, being of the opinion that such controversies should be kept out of the papers. We trust that the contribution that appears above will prove the ending of the present unpleasantness in the Schubel neighborhood, for this paper will refuse a further participation in the controversy.—EDITOR ENTERPRISE)

A Prisoner in Her Own House

Mrs. W. H. Layba, of 1001 Agnes Ave., Kansas City, Mo., has for several years been troubled with severe hoarseness and at times a hard cough, which she says, "Would keep me in doors for days I was prescribed for by physicians with no noticeable results. A friend gave me part of a bottle of Chamberlain's Cough Remedy with instructions to closely follow the directions and I wish to state that after the first day I could notice a decided change for the better, and at this time, after using it for two weeks, have no hesitation in saying I realize that I am entirely cured." This remedy is for sale by G. A. Harding.

Springwater.

The Springwater Grange will have an entertainment Saturday evening, the 23rd. Everybody invited.

Mrs. Geo. Bowdish's health is no better.

George Guttridge is going East to visit relatives.

John Stormer has bought two Jersey cows.

Robert Hughes and wife was up from Mt. Pleasant to Springwater on a visit to friends.

Charles Bard and wife look very cosy in their new house.

The Springwater Mill Co. contemplate moving their mill over on the O. W. P. & Ry. Co.'s line so as they can ship lumber, as they can not get it over an impassable road.

A. M. Shibley is making another effort to get a road located from Springwater to the High Bridge on the Clackamas river.

The Springwater Grange met the 9th and had their officers installed. Edwin Bates, past master officiated.

Plenty of rain and the roads are getting most impassable. Who will we blame, the rain or the people that are howling about high taxes or the county court that will not assist us in repairing and making good roads? Our enterprising young merchant got stock in the mud getting supplies out from town and had to come home five or six miles to get another team to get out of the mud hole and was also detained so as to have to break the sabbath and probably some other commandment.

Congratulations.

John H. Cullom, editor of the Garland, Texas, News, has written a letter of congratulations to the manufacturers of Chamberlain's Cough Remedy as follows: "Sixteen years ago when our first child was a baby he was subject to croupy spells and we would be very uneasy about him. We began using Chamberlain's Cough Remedy in 1887, and finding it such a reliable remedy for colds and croup, we have never been without it in the house since that time. We have five children and have given it to all of them with good results. One good feature of this remedy is that it is not disagreeable to take and our babies really like it. Another is that it is not dangerous, and there is no risk from giving an overdose. I congratulate you upon the success of your remedy." For sale by G. A. Harding.

MARVELOUS RESULTS IN TREATING DROPSY.

The Great Dropsy Specialist, Franklin Miles, M. D., LL. B., Will Send \$3.75 WORTH OF TREATMENT FREE.

Dropsy is caused by disease of the heart, liver or kidneys, and its treatment has been very unsuccessful.

After fifteen years of profound investigation and experience, Dr. Franklin Miles has perfected a remarkable treatment. It is composed of three important treatments and is called the Grand Dropsy Cure.

Among the chief symptoms of dropsy, are shortness of breath, swollen feet or ankles, limbs or body, and in bad cases cough, fainting and smothering spells. So remarkable are the cures effected by this new treatment, that the Doctor does not hesitate to send \$3.75 worth of his Grand Dropsy Cure free as a trial.

Every afflicted person should try a treatment which has cured hundreds of cases that had been pronounced incurable by from three to eighteen leading physicians.

Mr. H. E. Cole, 144 Sherman Ave., Allegheny, Pa., writes: "Under your treatment Mrs. Cole gained rapid relief and now is as well as ever, though ill a dozen years and often at death's door. Her case had been given up as fatal by 6 local doctors."

J. H. Abrams, Benton Harbor, Mich., reports: "I had a serious heart trouble and dropsy. Obtaining no relief from local physicians I consulted Dr. Miles and now am well."

Mrs. Edward Aikay, Forest Hill, Pa., states: "My home doctors did not help me and thought I would soon die. Since taking your Special Treatment can truly say I am well."

Mrs. D. W. Gardner, Huntington, Ind.; Mrs. M. B. Mrehan, of Rogers, O.; Jos. Keister, Chicago, and hundreds of others were cured of dropsy after being given up as beyond help.

A thousand references to, and testimonials from bishops, clergymen, bankers, farmers and their wives will be sent free on request.

Send at once to Franklin Miles, D. L. B. Grand Dispensary, 513 to 523 Main St., Elkhart, Indiana, for free treatment.

Choose Your Druggist Carefully

A DRUGGIST can do more harm or good than most people give him credit for. There are different qualities in drugs just as there are in dry goods, and to the outsider all qualities go by the same name. The difference between pure, fresh, high-grade drugs and old, cheap, inferior drugs of the same name means the difference between keeping sick and getting well. When a doctor writes a prescription he means BEST quality. When some druggists fill a prescription they think only about BIG PROFITS. Don't take chances—you know how dangerous errors are. Bring your prescriptions here and you will be sure of accuracy. We do our own work, no boys behind our prescription counter. Only the best and purest drugs are used and our charges are based on what the drugs are worth—not what we think you will pay without protest. If we have your prescription business and are saving you money, why can't we save you more money by selling you your patent medicines, toilet articles, druggist sundries and in fact every thing you need in our line.

We Say Again, Choose Your Druggist Carefully
