

Miss Nettie Blackmore, Minneapolis, tells how any young woman may be permanently cured of monthly pains by taking Lydia E. Pinkham's Vegetable Compound.

YOUNG WOMEN:—I had frequent headaches of a severe nature, dark spots before my eyes, and at my menstrual periods I suffered untold agony. A member of the lodge advised me to try Lydia E. Pinkham's Vegetable Compound, but I only scorned good advice and felt that my case was hopeless, but she kept at me until I bought a bottle and started taking it. I soon had the best reason in the world to change my opinion of the medicine, as each day my health improved, and finally I was entirely without pain at my menstruation periods. I am most grateful.—NETTIE BLACKMORE, 28 Central Ave., Minneapolis, Minn.

Painful Periods

are quickly and permanently overcome by Lydia E. Pinkham's Vegetable Compound. The above letter is only one of hundreds of thousands which prove this statement to be a fact. Menstruation is a severe strain on a woman's vitality,—if it is painful something is wrong. Don't take narcotics to deaden the pain, but remove the cause—perhaps it is caused by irregularity or womb displacements, or the development of a tumor. Whatever it is, Lydia E. Pinkham's Vegetable Compound is guaranteed to cure it.

If there is anything about your case about which you would like special advice, write freely to Mrs. Pinkham. She will treat your letter as strictly confidential. She can surely help you, for no person in America can speak from a wider experience in treating female ills. She has helped hundreds of thousands of women back to health. Her address is Lynn, Mass., and her advice is free. You are very foolish if you do not accept her kind invitation.

Details of Another Case.

DEAR MRS. PINKHAM:—Ignorance and carelessness is the cause of most of the sufferings of women. I believe that if we properly understood the laws of health we would all be well, but if the sick women only knew the truth about Lydia E. Pinkham's Vegetable Compound, they would be saved much suffering and would soon be cured.

I used it for five months for a local difficulty which had troubled me for years, and for which I had spent hundreds of dollars in the vain endeavor to rectify. My life forces were being sapped, and I was daily losing my vitality.

Lydia E. Pinkham's Vegetable Compound cured me completely, and I am now enjoying the best of health, and am most grateful, and only too pleased to endorse such a great remedy.—Miss JENNIE I. EDWARDS, 604 H St., N. W., Washington, D. C.

Mrs. Pinkham, whose address is Lynn, Mass., will answer cheerfully and without cost all letters addressed to her by sick women.

Oregon City Enterprise

TOLD IN SIDEHEADS.

LOST HIS FINGER.—Pat Johnson, an employe at the Willamette Pulp & Paper Mills, received a painful injury last Saturday morning when his hand became entangled in the machinery and the tips of the digits were cut off.

RESIDENCE WAS BURGLARIZED.—During the absence from the city of Judge McBride's family who spent the summer at their home at Deer's Island, their residence in this city was entered by thieves and considerable valuable dishes carried away.

ANOTHER DIVORCE GRANTED.—Judge McBride has granted Emma Minnie May Murphy a divorce from David Murphy. The county commissioners' court has adjourned to meet on the 18th inst when a list of jurors for the ensuing year will be selected and judges and clerks of election appointed.

ROBBERY AT MILWAUKEE.—The general merchandise store of Wissinger's at Milwaukee was entered by burglars Saturday night and robbed of a considerable quantity of goods. No money was taken and the principal booty that was carried away consisted of canned goods. It is believed that the robbery was committed by local characters.

WILL USE CLACKAMAS TIMBER.—Workmen are engaged in the vicinity of Clackamas station preparing logs for shipment to St. Louis where the timber produced therefrom will be used in the construction of a building in which will be placed the exhibit from this state at the World's Fair. Some of the finest timber, for which Clackamas county is noted, is found at Clackamas.

CHANGED SOME BOUNDARIES.—The county commissioners' court at its sessions last week took up the consideration of precinct boundary lines and made some minor changes. No extensive alterations were made in the boundary lines of any of the precincts nor are such changes contemplated. At Friday's session a small fraction of the Milk Creek precinct was attached to that of Beaver Creek and at the same time a portion of Needy was annexed to the Mackburg

voting precinct. Altogether the slight changes that were ordered by the court, does not effect the residence, with reference to voting, of more than a dozen citizens.

WILL ORGANIZE AT GARFIELD.—County Judge Ryan, as one of the officers of the state organization of Odd Fellows, will form a lodge of three linkers at Garfield on the night of Saturday the 23d inst. There will be about thirty charter members. Those who are interested in the organization of this lodge are requested to bear in mind the date and make it their business to be in attendance that the organizing of the Garfield lodge may not be longer delayed.

WAS THE BODY ROBBED?—Relatives of the late Wm. Dungey, of this city, who lost his life near Clatsop, last Tuesday, when he was caught by a falling tree, suspect that their kinsman was relieved of some money subsequent to the accident and before the body was turned over to them for burial. A local attorney has been employed to make an investigation of the circumstances surrounding the accident and death of Dungey.

DELINQUENT TAX SALE.—Sheriff Shaver on Monday began the sale for delinquent taxes of property assessed on the 1902 roll. Only city property was offered for sale the first day and there were few bidders, the county buying the bulk of the property. The highest rate of interest offered was thirty per cent. Bidding enlivened when the acreage property offered for sale Wednesday. The delinquent roll in Clackamas county this year is the lowest in years. With a tax roll originally representing \$170,000, there remained uncollected less than \$3000.

IN THE DIVORCE COURT.—Circuit Judge McBride last Friday granted two divorces as follows: Emma B. Phillips vs. Geo. B. Phillips; Eva Garrick vs. Walter F. Garrick. Sarah Clemens brought a suit for divorce from Matthias Clemens whom she alleges has threatened several times this month to kill herself and children. The parties who were married in Ohio, in 1879, are now residents of Oak Grove in this county. Plaintiff represents in her complaint that the defendant is about to come into the possession of a life insurance policy upon which he can realize \$3500 and against which there stands but a single claim of \$1500 for a debt. She asks that he be restrained by the court from making any

disposition of this policy, that he be ordered to pay to plaintiff \$40 per month during the pendency of the suit together with \$250 attorney's fees.

CLAIMS HE WAS ROBBED.—John Dickleman, an employe in the Oregon City street cleaning department, reports that he was held up last Friday night by two unmasked men on the Southern Pacific railroad track at the intersection of Eighth street and relieved of \$28. The victim gave the officers a good description of the foot-pads who are believed to be hoboes, but no trace was found of the robbers who were seen to flee from the city towards Portland. Following the robbery a number of hoboes were taken into custody but no evidence was found that would connect any of the men with the hold-up.

TO TRY REV. KENNEDY.—Circuit Judge McBride left Tuesday night for Hillsboro, where he presided at the trial of Rev. R. H. Kennedy, charged with the crime of burglary. Register Dresser and Miss Kelly, a clerk in the Oregon City land office, were subpoenaed by the defendant, clergyman, as witnesses in an attempt to prove an alibi in connection with the case. It is the contention of Kennedy that he visited the local land office early on the morning following the alleged burglary. He attempted to prove the fact by these witnesses, who were prepared to testify that the accused minister called at the land office one morning about the time of the burglary.

WILD RIDE FOR LIFE.—Henry Schaub, a farmer residing near the mouth of the Tualatin, had a wild ride for life the other day that he will not soon forget. Desiring to cross the Tualatin with some farm produce, the farmer decided to appropriate the use of the raft that is used by the wood camp. The Tualatin, because of many days rainfall, was a raging torrent, but the raftsmen pushed out into the stream and before he knew it he was being carried rapidly towards the rapids below. Miraculously the raft passed through the rapids intact, the farmer clinging to the rudderless floater. It was a ride Schaub will never forget, and one that he will not repeat soon.

EASTERN STAR INSTALLATION.—Pioneer Chapter No. 28, Order of Eastern Star, Tuesday night conducted installation ceremonies in this city. The installation of the newly-elected officers was conducted by Mrs. T. F. Ryan, assisted by Miss Buchanan. Officers were installed as follows: Worthy Matron, Fannie France; Worthy Patron, Mr. Buchanan; associate, Mrs. Henry Meldrum; conductress, Miss Myrtle Buchanan; associate conductress, Mrs. D. W. Kincaid; secretary, Mrs. Erma Jones; treasurer, Miss B. H. France; Ada, Echo Samson; Ruth, Mrs. C. Ganong; Esther, Mrs. T. F. Ryan; Martha, Mrs. E. D. Fields; Electa, Mrs. G. W. Church; organist, Mrs. L. L. Porter; chaplain, Mrs. Julia Frost; sentinel, A. W. France. Following the installation ceremonies a lunch was served.

PLAINTIFFS WIN FIRST ROUND.—The plaintiffs in the injunction suit of Captain Lute Pease et al against Ernest P. Rands scored a point in the circuit court when Judge McBride overruled the formal demurrer of the defense to the complaint. Five days was allowed the defense in which to make answer. This is the suit that was brought by Pease et al to enjoin Contractor Rands from establishing a fish ladder over the Willamette Falls at this city. The fish ladder was ordered by the state legislature and for which an appropriation of \$5000 was made. It is the contention of the plaintiffs that certain fishing rights they possess will be materially damaged by the construction of the fish ladder which is to be located at the scene of their fishing operations.

WILL INSTALL MACHINERY.—At a meeting of the board of directors of the Molalla Central Mining Company held in this city last Saturday night, it was decided to install at once at the company's mines on Ozle creek a two-stamp mill having a capacity of 16 tons per 24 hours. This action on the part of this mining corporation found justification principally in the returns of a recent assay of ore taken from the mine by an expert. It assayed as follows: lowest grade, \$16.75; next grade, \$75.94; full test across the ledge \$310.33; lower half of stratum, \$564.40; selected samples, \$2773.31. It is the purpose of this company to proceed with the thorough development of its properties in Clackamas and Marion counties. The people of the Molalla neighborhood have sufficient faith in the enterprise that they have volunteered \$700 in labor to the construction of a road that will make the mines more accessible.

HE TOOK WATER.—The expression "he took water" is frequently heard but it generally implies an involuntary act rather than a voluntary move on the part of the individual. But an incident happened at the woolen mill plant of the Oregon City Manufacturing Company last Thursday in which the young man interested took pure aqua quite involuntarily. Two young men, quite unsophisticated for lads of their age, came into town to take in the sights, stopping at a lodging house near the woolen mill. They would occupy seats for hours at a time on the porch at their lodging house and gaze wistfully into the windows at the woolen mill, watching the industrious young women at their work. They vainly endeavored for several days to strike up a flirtation with one of the girls but were unsuccessful. Their persistence, however, had its reward last Thursday afternoon, when one of the girls responded to their efforts at flirtation. But one of the young men was not satisfied with the recognition he had received and desired to forthwith establish correspondence relations with the object of his adoration. Accordingly he penned the girl a note which he carried across the street and handed the blushing damsel through the open window. With a smile of pleasant satisfaction he returned to his station on the porch and awaited results. Presently the recipient of the note appeared in the window and signalled her admirer, holding, ostensibly in her hand, a reply to his petition. With his heart presumably in his mouth, the lad re-crossed the street and with a look of great expectancy reached for the message when the contents of a pail of water from an upper story window were emptied on his head and shoulders. The victim of the joke did not linger longer for the note but re-

paired to his room for a change of apparel. He has since not attempted to renew the flirtation. Lads, sentimentally afflicted, will do well to seek other victims to whom they may relate their troubles for the time of the average young woman at the woolen mills is too much engrossed in her work to trifle with such fools.

TO ENJOIN OPENING OF ROAD.—Wm. A. Cunningham has brought a suit in the circuit court against Clackamas county to enjoin construction of what is known as the Cunningham road in 4 x 4 e. The establishment of the road was ordered by the county court by petition.

BUILDING OF ROAD ENJOINED.—Judge McBride has issued an order enjoining the officials of Clackamas county from proceeding with the construction of the celebrated Fenton road, near this city, until the case can be determined in the courts. Prescott Kahlfleisch is the interested property owner, who instituted the injunction proceedings to prevent the establishment of the road, and the controversy has been before the courts of this county for five years.

OFFICERS INSTALLED.—Clackamas Grange, No. 298, installed the following officers, Saturday, the 9th inst. The installation was conducted by L. H. Kirchem, Deputy Master of Logan; Master-elect was absent; Overseer, Miss Lillie Street; Lecturer, Miss Annie Mooney; Steward, Thomas Mooney; A. S. Walter, Chaplain, was absent; Treasurer, Mrs. Mary Mooney; Secretary, Mrs. Emma Jones; Gate Keeper, Arthur Street; Ceres, Mrs. Ora Imel; Pomona, Nellie Imel; Flora, Beatie Cappa; L. A. S., Miss Jessie Jones.

FEATURES OF THE ARGONAUT.—Among the notable features of the Argonaut for January 11th are "Jackson's Moral Serpents," a story by Marguerite Stabler, of a prosperous love affair with a Mexican-Indian girl; a New York letter from Geraldine Bonner, in which is interestingly set forth the change that has come over the habits of the extravagantly rich, who are curtailing expenses; "Newspapers and Their Makers," a most readable article, telling of the greatest newspapers of the country, of what contributed to their success, and of the personalities behind them; a review of the preparations for and the production of Wagner's "Parsifal" in New York; a criticism of the performances at the Orpheum and at the Central Theatres by Josephine Hart Phelps; and "Great Fires in Theatres," a review of all such disasters since 1781.

CONFLICT IN ROAD LAW.—Because of an apparent conflict in the general law relating to road districts and the apportionment of the road tax, the Clackamas county court has referred the matter to the district attorney for an opinion. Under their respective charters, all incorporated cities in the county are designated as road districts in themselves but the general law that was enacted subsequent to the passage of the various city charters provides that the districting of a county into road districts and the levying and apportionment of the road tax is a matter exclusively within the jurisdiction of the county court. No reference of any kind is made to cities which have been road districts in themselves. It is to determine the rights of the county court that this matter was referred.

Cured After Suffering 10 Years.

B. F. Hare, Supt. Miami Cycle & Mfg. Co., Middletown, Ohio, suffered for ten years with dyspepsia. He spent hundreds of dollars for medicine and with doctors without receiving any permanent benefit. He says "One night while feeling exceptionally bad I was about to throw down the evening paper when I saw an item in the paper regarding the merits of Kodol Dyspepsia Cure. I concluded to try it and while I had no faith in it I felt better after the second dose. After using two bottles I am stronger and better than I have been in years and I recommend Kodol Dyspepsia Cure to my friends and acquaintances suffering from stomach trouble." Sold by Geo. A. Harding.

SHOULD CALL FOR THE MAP.—Persons subscribing for the Weekly Oregonian and the Enterprise and wishing the world's map as a premium, all for the advertised price of \$2.25, will please either call at the Enterprise office for the map or remit an additional 10 cents to cover the cost of mailing the map. When the map is to be sent the subscriber by mail, the price of the two papers including the map will be \$2.25. We would prefer that each subscriber taking this combination would either call at the Enterprise office or send somebody for his map, as it is liable to be damaged in the mails. The original arrangement by which this offer was made expired January 1, but the offer will be continued for a short time longer. Those desiring this combination of papers and the map as a premium, will do well to send in their subscription at once, as we cannot guarantee any definite time that the offer will be available.

Ayer's Cherry Pectoral advertisement. Text: Ayer's Cherry Pectoral quiets tickling throats, hacking coughs, pain in the lungs. It relieves congestion, subdues inflammation. It heals, strengthens. Your doctor will explain this to you. He knows all about this cough medicine. Cherry Pectoral. Weak Throats. Ayer's Pills gently aid recovery. Purely vegetable, gently laxative.

CASTORIA advertisement. Text: The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of Charles H. Fletcher and has been made under his personal supervision since its infancy. All Counterfeits, Imitations and "Just-as-good" are but Experiments that trifle with and endanger the health of Infants and Children—Experience against Experiment. What is CASTORIA?
