

# Ayer's

Doctors first prescribed Ayer's Cherry Pectoral over 60 years ago. They use it today more than ever. They

## Cherry Pectoral

rely upon it for colds, coughs, bronchitis, consumption. They will tell you how it heals inflamed lungs.

"I had a severe cold for three years. Then I used Ayer's Cherry Pectoral. My cold was soon healed and my cough dropped away."

Mrs. Pearl Hyde, Oakville Centre, Ia.  
No. 100, 1st St.  
All druggists.

for  
**Old Coughs**

One Ayer's Pill at bedtime insures a natural action next morning.

## Oregon City Enterprise

### TOLD IN SIDEHEADS.

**CELEBRATE LINCOLN'S BIRTHDAY.**—At a meeting last Monday evening, Meade Post, No. 2, G. A. R., appointed a committee to arrange for the proper observance of Lincoln's birthday, which comes Friday, February 12. It is proposed to have the exercises take place in one of the churches.

**WILL STUDY FOR NURSE.**—Mrs. Matilda Gansong-Miller left Sunday for New York City, where she goes to enter the St. Luke's hospital training school for nurses. She will enter for a three years' course. During the past few years Mrs. Miller has acted as clerk in the local land office, and all her many friends in this city note her departure with regret.

**WILL PLAY BASEBALL.**—The young men of the relay high school last week took the preliminary steps towards organizing a baseball team for the coming spring, and elected the following officers: Captain, Ernest Shank; manager, Lee Canfield. As soon as the weather becomes favorable the boys will play baseball.

**ATTENDANCE WAS SMALL.**—Last Saturday afternoon several of the principals of the county schools met in the office of Superintendent Zinser and discussed the formation of a Clackamas county principal's association. The attendance was not as large as had been hoped, many of the educators of the county having been kept away from different causes, but several letters were received from absent ones, which without exception favored the plan of organization. It is expected that another meeting will be held in the near future to perfect the organization.

**FISH SWALLOWED COIN.**—E. Richards, the seventh street lithologist, lately sold a fish to Dr. M. C. Strickland, which when dressed at the Strickland home, disclosed a small silver coin which the fish had apparently swallowed at some time in its career. The finding of the coin aroused a good deal of discussion as to how the fish could have picked up a coin, but it was finally decided that it must have swallowed it at some point in either the Columbia or Willamette rivers, as it was coming up from the sea. The coin is about the size of a 10-cent piece, but has been worn smooth, so that it could not be positively identified as a dime.

**NEW METHOD OF ELECTING.**—A new plan of electing the chief of the city fire department was this week advanced, which it is claimed will do away with some little dissensions which have been in evidence at former fire elections. The plan proposed is for the four fire companies of the city to nominate 20 delegates, who will meet and nominate a chief, who will be ratified at an election by the firemen. The regular election of a chief is due next month. It is claimed that by the adoption of this means of choosing the head of the city fire department, considerable strife will be done away with. Whether this step will be taken is not yet decided on.

**WILL SOON BURN OIL.**—The first barge of oil for the Willamette Pulp & Paper Mills, arrived in this city last week from Portland. This manufacturing institution has completed the construction of its oil storage tanks and will be using the new fuel in the operation of its mills within the next ten days. Two storage tanks, having a combined capacity of 4000 barrels, have been constructed, and the oil will be confined in these receptacles pending its use as fuel at the mills. The Crown Paper Mills will soon have its tanks completed and will also substitute oil for wood as fuel.

**CONVENTION OF EDUCATORS.**—A convention of school officers and teachers of Clackamas county will be held at the court house in this city Monday, February 29. Among the subjects of educational interest to be discussed at this time are: "Consolidation of Districts" and a County High School. Under the state school laws as revised by recent legislative assemblies, the annual census of the various districts of the county is to be taken during the last week of February. The census figures are to be submitted for approval at the annual meeting of the board of directors, which is held in June, and then the reports are forwarded to the county school superintendent.

**SUIT TO RECOVER WAGES.**—H. Harworth has begun an action in the Clackamas county circuit court against C. Barth, against whom he asks for a judgment for \$318.36 and costs. The parties to the suit reside at Orient, Clackamas county, and the amount claimed to be due is alleged to be the balance of wages owing plaintiff, who holds several assigned claims of workmen, who were employed by the defendant. Barth disappeared very mysteriously from the county about ten days ago, leaving a number of creditors and a deficiency as

to assets. Barth for many months managed a sawmill at Orient and shortly before his departure made the collection of several claims on the representation that he would expend the same in payment of labor. This he failed to do, hence the action.

**HUSBAND DEPORTED HER.**—Tillie Hawkins is plaintiff in a divorce proceeding brought against Jesse J. Hawkins whom she charges with desertion. The parties to the suit were married at Oregon City in October 1899 and the alleged desertion took place in July 1902. Plaintiff asks for the care and custody of one minor child.

**PURCHASER WATER PURE.**—Dr. Woods Hutchinson, of the state board of health, was in the city Sunday for the purpose of making an examination of the city water system. He announced as a result of his investigation that he considered the results of the city filter most satisfactory, and stated that he thought it impossible to secure such a satisfactory supply of pure water for a city unless taken from a mountain stream or lake. The doctor had gone to the trouble of having specimens of the water subjected to microscopic examination by specialists, and the results were most gratifying. He stated that the water was free from typhoid in Oregon City water.

**HUSBAND KEPT HER AT HOME.**—Because her husband forcibly kept her at home and otherwise mistreated her, Daisy M. Fletcher has instituted in the Clackamas county circuit court a suit for divorce from James B. Fletcher. The parties were intermarried at Lexington, Cowitt county, Washington, in July 1893. In the complaint the plaintiff charges the defendant with cruel and inhuman treatment, insane jealousy, and accusing her of adultery. Plaintiff alleges that Fletcher is the possessor of real estate and personal property to the value of \$12,000 and asks for a decree of the court awarding to herself a one-third interest in the same, that defendant be restrained from disturbing her, that he be obliged to pay \$3 per month during the pendency of the suit, \$100 costs and \$100 temporary attorney's fees.

**PETITION WAS LEGALLY DRAWN.**—Friends of the direct nominations law, who expect to secure the enactment of the same through the initiative amendment to the state's constitution, are not at all alarmed over the recent decision of Secretary of State Dunbar as to the form of the petition that is required to secure the placing of this important amendment on the official ballot at the June election. "The language of the initiative petition is strictly within the construction of the law as interpreted by the Secretary of State and the State's Attorney General," said W. S. O'Brien Friday, "and there is no doubt but that the necessary number of signatures will be secured before tonight." These petitions have been circulated in every county of the state, each of which has been assigned a quota of signatures that is desired. Many of the counties are already reporting more than their quota of signers, leaving no doubt as to the success of the movement.

**CHILD GIVEN TO AUNT.**—In the county court Monday Judge Ryan gave the care of Peter Emerson, a minor child, into the hands of his aunt, Mrs. Mary McIntyre, of Salem. The child had been placed in the St. Agnes Foundling Home at Parkplace by Father Ferriens, a Spokane priest, who had been appointed guardian by the will of the father of the child, and had placed it in the Parkplace home. The aunt desired to obtain custody of the child, and asked to be appointed its guardian by Judge Ryan last week. This was done, but the sisters in charge of the home refused to give up the child to the aunt, as it had been placed in their hands for keeping by Father Ferriens, who was supposed to be the child's guardian. A writ of habeas corpus was resorted to by the aunt, and the case was tried out before Judge Ryan on Monday. The sisters made no strenuous remonstrance to the custody of the child passing to the aunt, its nearest living relative.

**KINGS DAUGHTERS TO ENTERTAIN.**—The Kings Daughters of St. Paul's Episcopal church are making preparations for an entertainment to be given in the Armory hall on the evening of February 12, which will have many novel features. Dancing will be the principal feature of the evening, and refreshments will be served. Twenty-four children are now being trained to dance the Mother Goose lancers, the participants being dressed to represent characters from Mother Goose. Owing to the success of the Kings Daughters last entertainment, which was given in Willamette hall, and was so well attended that the hall was found to be too small for the accommodation of the many guests present, the Armory has been secured, which will give ample room for the dancing of those present. Those who are most active in promoting the affair are Mrs. Harry Moody and the Misses Maria Pratt, Mamie Lewthwaite, Laura Pope.

**WILL GIVE CANTATA.**—Prof. Martin E. Robinson, lately from Chicago, met a large number of the singers of the city Monday night at the Congregational church, where the first steps were taken to organize the singers for the production of the cantata "Queen Esther." About fifty were present the first evening and probably twenty-five more have joined the chorus since. The dates for the production of the cantata have been fixed on February 16 and 17 at Shively's opera house. There will be two performances, as it is thought that all the people who desire to hear the cantata could not secure seats at the performance. Mr. Robinson directed a recent musical production at Astoria, which was very highly spoken of by the papers and spectators. "Queen Esther" is to be given under the auspices of the Saturday club of the congregational church, and will no doubt be as great a success as is anticipated.

### An Early Riser.

A strong, healthy, active constitution depends largely on the condition of the liver. The famous little pills known as DeWitt's Little Early Risers not only cleanse the system but they strengthen the action of the liver and rebuild the tissues supporting that organ. Little Early Risers are easy to act, they never gripe and yet they are absolutely certain to produce results that are satisfactory in all cases. Sold by Geo. A. Harding.

### WILL SEND \$3.75 FREE.

Franklin Miles, M. D., LL. D., the  
Eminent Specialist, Will Send  
\$3.75 Worth of His New  
Treatment Free.

That Dr. Miles is one of the most successful and reliable of physicians, is proven by hundreds of testimonials from well-known people. One patient cured after failure of eleven Grand Rapids physicians, two after having been given up by six or seven Chicago physicians, another after nine of the leading doctors in New York City, Philadelphia and Chicago failed. Thousands of testimonials sent on request.

The late Prof. J. S. Jewell, M. D., editor of the Journal of Nervous and Mental Diseases, published at Chicago, advised Dr. Miles to "by all means publish your surprising results." Prof. J. P. Ross, M. D., president of Rush Medical College, wrote in 1874: "Dr. Miles has taken two courses of my 'private' instruction in diseases of the heart and lungs." Col. N. G. Parker, ex-treasurer of South Carolina, says: "I believe Dr. Miles to be an attentive and skillful physician in a field which requires the best qualities of mind and heart." Col. A. M. Tucker, late general manager of N. Y. & N. E. W. system of railways, says: "Dr. Miles' success as a physician has been phenomenal." Col. E. B. Spillman, of the Ninth Regt. U. S. A., San Diego, Cal., says: "Your Special Treatment has worked wonders when all else failed. I had employed the best medical talent and had spent \$2000."

When an experienced and wealthy physician offers to prescribe free \$4000 worth of treatment for diseases of the heart, nerves, stomach or droopy, it is conclusive evidence that he has great faith in his skill. And when hundreds of prominent men and women freely testify to his unusual skill and the superiority of his New Personal Treatment, his liberality is certainly worthy of serious consideration.

The Doctor's new system of treatment is thoroughly scientific and immensely superior to ordinary methods.

As all afflicted readers may have his book and \$3.75 worth of specially prepared treatment free, with full directions, we would advise them to send for a Copyrighted Examination Chart at once.

Address Dr. Franklin Miles, 513 to 523 Main St., Elkhart, Ind. Please mention Oregon City Enterprise in your reply.

**MRS. TURNEY WINS CASE.**—Monday the supreme court rendered an opinion affirming the judgment of the circuit court of Clackamas county in awarding to Rebecca Turney damages against the Southern Pacific Company in the sum of \$4325 in a suit for \$15,000 for injuries sustained in being struck by a stick of wood that fell from the tender of an engine belonging to the defendant company. In September, 1900, plaintiff was walking along a path beside the Southern Pacific track south of Canemah. As a freight train passed her she stepped out of the path and was struck by a stick of wood which fell from the engine or tender. She brought suit for \$15,000 damages and received a verdict for \$4325. Defendant appealed. The supreme court holds, as did the lower court, that the Southern Pacific Company has no exclusive right to the use of the county road at the point where the injury occurred, and no error is found in the trial of the case, wherefore the judgment in the court below is affirmed. G. L. Hedges, of this city, and Hon. A. S. Bennett, of The Dalles, were attorneys for Mrs. Turney.

### Relief in One Minute.

One Minute Cough Cure gives relief in one minute, because it kills the microbe which tickles the mucous membrane, causing the cough, and at the same time clears the phlegm, draws out the inflammation and heals and soothes the affected parts. One Minute Cough Cure strengthens the lungs, wards off pneumonia and is a harmless and never failing cure in all curable cases of Coughs, Colds and Croup. One Minute Cough Cure is pleasant to take, harmless and good alike for young and old. Sold by Geo. A. Harding.

### Petition for License.

To the honorable County Court of Clackamas County.  
We the undersigned legal voters of Eagle Creek Precinct, respectfully ask that a license be granted to G. H. Wigg to sell spirituous, vinous or malt liquors and mals within said Eagle Creek precinct in quantities less than one gallon.

Notice is hereby given that I will apply to the County Court in and for Clackamas County, State of Oregon, on Wednesday, March 2nd, 1904, or as soon thereafter as that term of Court, as above petitioned for a liquor license to sell spirituous, vinous and malt liquors at Estacada, in Eagle Creek Precinct, Clackamas County, Oregon, in quantities less than one gallon.

GEO. H. WIGG.

## YOU CAN GET IT

Nobody is Barred in Enterprise Prize Contest.

View the Money Jar at Howell & Jones' Drug Store and Make Estimate.

When you are down town stop at Howell & Jones' drug store, view the Enterprise money contest jar and then come to the Enterprise office, pay your subscription and make an estimate on the amount of money the jar contains. Some one is going to get the money when it is divided on the afternoon of Washington's birthday, February 22, next. Why should not you share in the division?

Payment of subscription money on the Enterprise is the only condition that is required of persons desiring to participate in the contest. For every \$1.50 that is paid on subscription to this paper the subscriber is entitled to one guess as to the amount of money the jar contains. It matters not whether the payment covers back subscription or pays for a paper a year in advance, you get a guess anyway. This arrangement makes the contest fair for all old subscribers as well as those who may now become subscribers to the paper.

Another condition that makes the contest absolutely fair is the fact that the amount of money contained in the jar is unknown to anybody. The Enterprise placed the bulk of the money in the receptacle and the balance in unknown denominations and amount, was deposited therein by Mr. C. Schuebel, the attorney of Oregon City, and neither knows the amount in the jar, which has been securely sealed. On Monday afternoon, February 22, 1904, the seal will be broken and the money counted by Mr. Schuebel who will make the award of the money among the successful guessers. The manner of distribution will be as follows:

50 per cent to the person guessing nearest as to the amount of money in the jar; 25 per cent to the second best guesser and 5 per cent each to the next five persons guessing closest as to the amount in the jar.

All guesses must be forwarded or deposited at the Enterprise office previous to 12 o'clock noon, Monday, February 22, when the contest will close. More than one hundred guesses varying from \$73 to \$700 have been received and each week we are enlisting many new subscribers. Persons desiring to guess should lose no time in making their estimate. Your chance is just as good as your neighbors and some one is going to win. Why not you?

As we have announced, the Enterprise had the misfortune a few weeks ago to have stolen from the office another jar of money that was to have been given away on the same conditions as will this one. The second jar is an exact counterpart of the stolen vessel and contains approximately the same amount of money as did the original jar. Subscribers who ventured guesses on the first jar will have the privilege of changing their guesses if they will call at the office or notify us of the change desired.

The Enterprise speaks for itself. It is the only Republican paper in the county. It contains every week a complete report of the news of interest of the entire county and its country correspondence service is not duplicated. It contains all of the news all of the time and gives the same accurately and reliably. With two campaigns next year—the county election in June and the general election in November—the average citizen of Clackamas county should keep informed as to affairs in his county. He can receive the best service in this respect by taking the Enterprise. We pride ourselves on our market report and see that it is corrected every week. The farmer depends on a reliable market report and by making corrections every week we are prepared to supply his wants in this particular.

**SURPRISE PARTY AT CANEMAH.**—About 20 young people gathered at the home of William Hedges Saturday night, the occasion being a surprise for Miss Evelyn Hedges. A most pleasant evening was passed in playing games and general sociability. Refreshments were served.

## BLACK - DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

ROCHESTER, GA., Jan. 30, 1903.  
Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when we sent for the medicine and now they are getting so fine. They are looking 30 per cent better.  
S. P. BROCKINGTON.
