I saw in last week's paper about the roads around Macksburg getting impassable. Macksburg is not alone when it comes to roads being a disgrace to Oregon. We have some that ought to be a disgrace to Oregon or some other place, as the roads in this neck of the woods had no work on them for the last ten years that is by superisors, only donation work.

During the year of 1903, the C. C. Creamery made 41,261 pounds of butter, at an average of 29 cents per pound net at the creamery the year through, or 26 1/2 cents at the patron's door. Butter sold for 1903 amounted to \$13,430. The cost to manufacture is 2 1/2 cents per lb.

The young folks will meet at J. Gerber's Viola, Sunday afternoon to practice singing, 1:30 o'clock to 4. Be on time.

Harding Grange held a very pleasant and interesting session last Saturday. There were sixty-five present. Two applications for membership were received. An interesting program was rendered. The road question was discussed. H. E. Cross made some points in the way of local aid to road building. The consensus of opinion was (of those who spoke on the subject) that there should be a competent road boss or engineer for the county to oversee and superintend the construction of good roads. It was claimed by those who had experience that a competent man would save the county the price of his salary in making permanent roads. Not a man who leans on his shovel handle spinning yarns and if it takes longer than 8 or 10 hours a day to tell one, charge them to county for over time. If every county court could have a Roosevelt at the head, grafters would stand a poor show. The "old men," her uses and abuses, were generally discussed. One brother said he annually sold about \$90 worth of eggs. He raises the brown Leghorn's. Another ventured to assert that the Plymouth Rock was the best to serve for the minister.

Hives are a terrible torment to the little folks, and to some older ones. Easily cured. Doan's Ointment never fails. Instant relief, permanent cure. At any drug store, 50 cents.

Do You Want Strength? If you want to increase your strength, you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c. size, Ely Brothers, 50 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads itself over an irritated and angry surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.

DOUBT CANNOT EXIST. Investigation Will Only Strengthen the Proof We Give in Oregon City.

How can doubt exist in the face of such evidence? Read here the endorsement of a representative citizen. James Peterson, employed by G. C. Havely of the O. E. & N. R. Co., at Portland, and living at Woodstock says: "In my opinion, if any relief in Doan's Kidney Pills, there is no relief for him on earth. However, I don't believe any case exists which Doan's Kidney Pills will not help. I had severe backache and weakness for years. My back ached at times so that I could hardly get up from a couch and the kidney secretions presented a very unnatural appearance, and deposited a heavy sediment if allowed to stand long enough. I spent lots of money when living in the east in trying to get something to effect a cure. I came out here to Portland twelve years ago thinking the change of climate might benefit me but the trouble still clung to me. I paid one doctor in the town \$75 for medicines, but I might just as well have taken so much water so far as any benefit was concerned. I used five bottles of a well-known remedy manufactured in the east and received only temporary relief. I finally saw Doan's Kidney Pills advertised and one day I bought a box and had used only a few doses when I knew they had gone to the root of the trouble. I continued their use until I had used three boxes and can say cheerfully that they did more for me than all the other medicines put together. Plenty more proof like this from Oregon City people. Call at C. G. Huntley's drug store and ask what his customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y. sole agents for the United States. A MODEL PLAYGROUND. A Section at the World's Fair Where Children are Welcome.

St. Louis, the model playground in the Model street at the World's Fair is a boon to weary mothers and a haven for tired children. After the family has traversed the aisles in some of the big exhibit palaces, and the parents are eager for more sights, the little ones who have become wearied will long for their play ground and rest places. It was for such as these that the model playground was designed. It is situated on the northern edge of the main picture, near one of the main exposition entrances, and within a short distance from The Pike. The grounds are 270x175 feet in extent, and contain everything that will entertain and delight the children. The playground is in charge of competent attendants. Children may be left and the parents may pursue their sight seeing, knowing that the child is being cared for as well as though he were in his nursery or play ground at home. There is a big rest place, a room 50x75 feet, equipped with kindergarten paraphernalia, with competent teachers in charge. Near by is a garden where the child may be supplied with spade, rake or hoe and dig in the ground to his heart's content. There are swings for girls and boys and long rows of hammocks, with the ground beneath. The two ends of the building have a special treatment. They are green from floor to roof. The entrance in the center is of a lighter shade of green. The tympanum above the entrance is in gold, with real flags of the government standard pattern, radiating in a stack from the center. At the center is a United States shield surmounted by a spread eagle. Miss Grace Temple learned her profession at the art museum in Boston. She had charge for years of the course of design of the school of art in Cleveland, Ohio. She has decorated the interior of the National Museum and of the Cosmos Club of Washington. A large number of homes in Washington and elsewhere, including the home of Grover Cleveland at Princeton, N. J., have been decorated under her directions. "I owe my whole life to Burdock Blood Bitters. Scrofulous sores covered my body. I seemed beyond cure. B. B. E. has made me a perfectly well woman." Mrs. Chas. Hutton, Berville, Mich.

Thousands Have Kidney Trouble and Don't Know It.

How To Find Out. Fill a bottle or common glass with your water and let it stand twenty-four hours. A sediment or settling indicates an unhealthy condition of the kidneys; if it stains your linen it is evidence of kidney trouble; too frequent desire to pass it or pain in the back is also convincing proof that the kidneys and bladder are out of order.

There is comfort in the knowledge so often expressed, that Dr. Kilmor's Swamp-Root, the great kidney remedy fulfills every wish in curing rheumatism, pain in the back, kidneys, liver, bladder and every part of the urinary passage. It cures inability to hold water and scalding pain in passing it, or bad effects following use of liquor, wine or beer, and overcomes that unpleasant necessity of being compelled to go often during the day, and to get up many times during the night. The mild and the extraordinary effect of Swamp-Root is soon realized. It stands the highest for its wonderful cures of the most distressing cases. If you need a medicine you should have the best. Sold by druggists in 50c. and \$1. sizes. You may have a sample bottle of this wonderful discovery and a book that tells more about it, both sent absolutely free by mail, address Dr. Kilmor & Co., Binghamton, N. Y. When writing mention reading this generous offer in this paper. The Enterprise \$1.50 per year.
