

## SOME MORE POLITICAL GOSSIP.

Other Candidates for Legislative Honors Come Out.

Clackamas county politicians are taking a keen interest in the outcome of the contest for supremacy between the two factions of the Republicans in Multnomah county, said a special from Oregon City in Thursday's Oregonian. Should the Simon faction come out victorious at the primaries Wednesday, it is a reasonable certainty that the Mitchell element, that now dominates Clackamas county, will have the right of their lives to retain the management of the party organization in this county.

Up to the present time there has been no assertion by either faction locally, as to the control of the party organization in Clackamas county. The first evidence of this character was presented in the organization of a Republican Club at Parkplace last week. When organized the club was dominated by the Theodore Roosevelt Club of Parkplace, but it is a significant fact that the principal officers of the club are avowed supporters of the Simon faction. It is reported that the purpose of the organization of this club under the circumstances was the naming of a delegation from that precinct to the county convention that will be favorable to the interests of the former United States senator. Upon the result of the Multnomah county primaries depends the extent to which the fight will be carried on in this county. Should Mitchell's friends carry the primaries, it is expected that the Simon followers will not carry the contest any further here.

Among the officers to be elected at the June election, and in which Clackamas county electors will have a part, are a circuit judge and a district attorney for the Fifth Judicial District, which embraces Clackamas, Clatsop, Columbia and Washington counties. The present incumbents are Hon. F. A. McBride, of Clackamas county, and Harrison Allen, of Clatsop county. It is quite probable that both of these gentlemen will be re-nominated and re-elected for a second term, as there is no opposition to either of them.

As the campaign advances, material for legislative candidates becomes more plentiful. At the June election there are to be elected from this county three representatives. Hans Paulsen, of George, who served this county in the lower house at the last session, is an avowed candidate for the nomination for another term. C. G. Huntley, of this city, who rendered his constituents satisfactory service at the last session, is a receptive candidate for the nomination again. As he is the only announced candidate for the office from this city, his nomination is expected. H. A. Webster, of Clackamas, who was the other representative from this county, will not ask for the place again, having been appointed a deputy fish commissioner for the state. Among others who will contest the nomination for state representative from this county are: F. M. Gill, of Garfield; Frank Jaeger, of Eagle Creek; and E. S. Bramhall, of Ball Run.

Frank J. Cheney makes oath that he is a resident of the city of F. J. Cheney & Co., doing business in the City of Toledo, Ohio and State of Ohio, and that said firm will pay the sum of One Hundred Dollars for each and every case of Catarrh that cannot be cured by the use of Hall's Catarrh Cure.

Over-Work Weakens Your Kidneys.

Unhealthy Kidneys Make Impure Blood.

All the blood in your body passes through your kidneys once every three minutes.

The kidneys are your blood purifiers, they filter out the waste or impurities in the blood.

If they are sick or out of order, they fail to do their work.

Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble.

Kidney trouble causes quick or uneasy heart beats, and makes one feel as though they had heart trouble, because the heart is overworking in pumping thick, kidney-purified blood through veins and arteries.

It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble.

If you are sure you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy, is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes.

You may have a sample bottle by mail. Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

MITCHELL WON THE FIGHT.

Multnomah Primaries Carried by Senior Senator.

PORTLAND, Oregon, March 17.—The Republican primaries in Multnomah county yesterday resulted in an overwhelming victory for the Mitchell forces. It was a tidal wave. The defeat of ex-Senator Simon and his followers was so overwhelming that they will be able to make but a meager showing in the county convention next Saturday. Out of a total of 129 delegates to the convention the Mitchell faction (regulars) will have at least 110, and Mr. Simon (independent) less than 20. Complete returns had been received last night from all the 58 precincts in the city of Portland, and but four of the 25 country precincts. In the city the Regulars will have 81 delegates and the Independents 11. In the country the Regulars will have 29 and the Independents four. The precincts of Columbia, Kilgaver, Readers and Bertha, with a total of four delegates, had not been heard from last night.

The regular ticket was successful in carrying all the ten wards of Portland. The Independents made the best showing in the Fourth Ward, where they got a total of four delegates. The Regulars carried every precinct on the East Side of the river, with the partial exception of precinct 44 where they lost one delegate out of the three. S. C. Pier has the distinction of being the only Independent candidate from the city who will sit in the Territorial County Convention in the territory east of the Willamette river. Of the 58 precincts in Portland the Independents were successful in just six, all on the west side of the Willamette. In the country they swept everything before them in St. Johns and Troutdale. They have high hopes of making a showing in the four precincts yet to be reported.

The total Republican vote in the city was 11,888 and in the country 1673 (exclusive of several precincts where the figures were not sent in) making a grand total of 13,561. This exceeds by nearly 6000 votes the total vote cast for W. J. Furnish for governor in 1902, when his aggregate was 7481, and is greater by 3500 votes than the aggregate count for McKinley in 1900, when the Republican presidential candidate got 9948.

The total registration in Multnomah county was 18,392. The Socialists and Democrats who held their primaries at the same time with the Republicans in the city, did not attain a greater aggregate than 600, of which about 400 were given to the Democrats and less than 20 to the Socialists. It is obvious that many members of these two parties took a hand in settling the Republican dispute. There were no contests in any of the precincts among the members of either of the minority parties, and the delegates to their county conventions will be the solitary ticket in each in stance submitted to the suffrages of the respective parties.

Some Short Stories.

"Willie," said his mother, "I wish you would run across the street and see how old Mrs. Brown is this morning."

A few minutes later Willie returned, and reported: "Mrs. Brown says it's none of your business how old she is."—Chicago News.

A New England school-teacher recited to her pupils "The Landing of the Pilgrims," then asked each of them to draw from their imagination a picture of Plymouth Rock. They all started to work except one little fellow, who hesitated, then at length raised his hand.

"Well, Willie, what is it?" asked the teacher. "Please ma'am, do you want us to draw a hen or a rooster?"

Secretary Shaw's decision that frogs are poultry, and subject to duty, recalls the story of the passenger and a guard of an English railway car, who were having a heated discussion over whether the traveler should pay fare on a dog that accompanied him, the guard insisting that the rules of the road demanded that the animal have a ticket. Another passenger produced a turtle from his pocket, and sarcastically asked the guard if he would not require a fare to be paid for that animal as well. The guard answered that he would inquire and report later. Soon after he came back to the carriage and delivered himself of the following: "Cats is dogs, and rabbits is dogs, but 'tortoyes' is frogs, and frogs is hineaets, and they rides free."

When Lady Constance Mackenzie, the English beauty, was in Texas, she accepted the invitation of a wealthy ranchman to visit him. He determined that her reception should be worthy of her fame and qualities, so he telegraphed his manager: "Lady Mackenzie coming tomorrow; make every preparation to treat her royally." The manager had never heard of Lady Mackenzie, but, as the business of the ranch was raising blooded horses, as well as cattle, he decided this must be some fancy racehorse. The famous guest arrived the next day with her party, and found all ready. A clean box stall, with abundance of fresh hay, awaited her.

Do You Want Strength?

If you want to increase your strength, you must add to and not take from the physical. In other words, the food that you eat must be digested, assimilated and appropriated by the nerves, blood and tissues before being expelled from the intestines. Kodol Dyspepsia Cure adds to the physical. It gives strength to and builds up strength in the human system. It is pleasant to the taste and palatable, and the only combination of digestants that will digest the food and enable the system to appropriate all of its health and strength-giving qualities.
