A fine day Sunday after the sprinkle of Saturday, and a good turn out at church and Sunday school.

A RABBIT CAT.

The Manx Tailless Felina Was Once a Seacoast Freak.

It seems probable that the tailless Manx cats originally came from Cornwall. They managed to survive longer as a distinct breed in the Isle of Man than in Cornwall, the predominance of the common tailed cat being of course aided in the latter district by the fact that, although remote, it is part of the mainland of England, whereas new cats could be carried to the Isle of Man only by sea. The Manx cat which first attracted modern attention was a very different animal from the variously colored specimens which now take prizes at cat shows. It was always of the color of a hare and had fur like a hare.

Like a hare, too, it always moved its hind legs together. Its chief food was crabs caught on the beach, and when transported inland from the seacoast it very seldom, if ever, survived long. No cat of this kind has been seen for many years in the Isle of Man, though there are plenty of tailless cats, its crossed descendants, to be purchased there. Wherever it originally came from, the Cornish or Manx cat was more nearly a separate species than any kind of show cat now existing. It was a seacoast animal, with fur, color, absence of tail and method of locomotion obviously adapted by the inheritance of ages to its habit of catching crabs and other small life behind the ebbing tide.

To Avoid a Tie Vote.

In the history of our comic literature there have been many genuine "Irish bulls" recorded, but rarely one that is of a neater brand than that encountered at a political gathering on Locust street above Broad, in Philadelphia, says the Record of that city. A convention of delegates had been called to revise the rules of the party, and in order to expedite matters a delegate moved that a committee of fifteen be appointed to draft the proposed rules. Before this was adopted another delegate suggested that a committee of fifteen would be unwieldy and proposed an amendment reducing the number to eight. This was agreed to, but before its adoption an aged delegate, with a rich Milesian brogue, arose and solemnly proposed, "Misther Chairman, I move yer that the committee be in a tie vote to noine, so that in case of a tie vote there'll be a majority of wan."

Dr. Bartlett and Margaret Fuller.

In regard to brilliant Margaret Fuller the following story is told by Senator Hoar in his reminiscences: "Old Dr. Bartlett, a very excellent and kind old doctor, though rather gruff in manner, could not abide her. About midnight one very dark, stormy night the doctor was called out of bed by a sharp knocking at the door. He got up and put his head out of the window and said: 'Who's there? What do you want?' He was answered by a voice in the darkness below, 'Doctor, how much camphor can anybody take by mistake without its killing them?' to which the reply was, 'Who's taken it?' And the answer was, 'Margaret Fuller.' The doctor answered in great wrath, 'A peck!'"

Calling the Doctor.

It is a popular delusion that doctors are compelled to attend to any and every call made upon them. Nothing of the kind; but medical men very rarely refuse, although in many cases the chance of receiving a fee is remote. Street accidents or people suddenly taken ill (sometimes a malingeringer) will make a kind hurried onlooker run to the nearest doctor for assistance, quite oblivious as to who is responsible for payment. As a matter of fact, the one who calls the doctor is liable.—London Tit-Bits.

Artists.

"I see that those New York society women have discovered a method of hiding their blushes."

"What is it?"

"They paint them over."—Cleveland Plain Dealer.

FEMALE WEAKNESS. 542-1-2 Congress St. PORTLAND, MAINE, Oct. 17, 1902. I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities. Wilhelmium Süsser, Treasurer, Portland Economic League. Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world why you should try Wine of Cardui now. Remember, that headaches mean female weakness. Secure a \$1.00 bottle of Wine of Cardui today. WINE OF CARDUI.

A man's real possession is memory. In nothing else is he rich; in nothing else is he poor.—Smith.

Many women are denied the happiness of children through derangement of the generative organs. Mrs. Beyer advises women to use Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I suffered with stomach complaint for years. I got so bad that I could not carry my children but five months, then would have a miscarriage. The last time I became pregnant, my husband got me to take Lydia E. Pinkham's Vegetable Compound. After taking the first bottle I was relieved of the sickness of stomach, and began to feel better in every way. I continued its use and was enabled to carry my baby to maturity. I now have a nice baby girl, and can work better than I ever could before. I am like a new woman."—MRS. FRANK BEYER, 22 S. Second St., Meriden, Conn.

Another case which proves that no other medicine in the world accomplishes the same results as Lydia E. Pinkham's Vegetable Compound.

"DEAR MRS. PINKHAM:—I was married for five years and gave birth to two premature children. After that I took Lydia E. Pinkham's Vegetable Compound, and it changed me from a weak, nervous woman to a strong, happy and healthy wife within seven months. Within two years a lovely little girl was born, who is the pride and joy of my household. If every woman who is cured feels as grateful and happy as I do, you must have a host of friends, for every day I bless you for the light, health and happiness Lydia E. Pinkham's Vegetable Compound has brought to my home. Sincerely yours, Mrs. MARY P. WHEAT, Flat 31, The Norman, Milwaukee, Wis."

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and expose the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach. Kodol Dyspepsia Cure relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles. Kodol Digests What You Eat. Make Its Stomach Sweet. Bottles only. Regular size, \$1.00, holding 2 1/2 times the trial size, which sells for 50 cents. Prepared by E. O. DEWITT & CO., Chicago, Ill.
