

BACKACHE

The ordinary every-day life of most of our women is a ceaseless treadmill of work. How much harder the daily tasks become when some derangement of the female organs makes every movement painful and keeps the nervous system all unstrung. One day she is wretched and utterly miserable; in a day or two she is better and laughs at her fears, thinking there is nothing much the matter after all; but before night the deadly backache reappears, the limbs tremble, the lips twitch—it seems as though all the imps of Satan were clutching her vitals, she "goes to pieces" and is flat on her back.

Lydia E. Pinkham's Vegetable Compound.

When a medicine has been successful in more than a million cases, why should you say, "I do not believe it would help me"?

Will not the volumes of letters from women who have been made strong by Lydia E. Pinkham's Vegetable Compound convince others of the virtues of this great medicine?

Surely you cannot wish to remain weak and sick and discouraged, exhausted with each day's work. If you have some derangement of the feminine organism try Lydia E. Pinkham's Vegetable Compound. It will surely help you.

GET ADVICE AND HELP FREE.

If there is anything in your case about which you would like special advice, write freely to Mrs. Pinkham. She will hold your letter in strict confidence. She can surely help you, for no person in America can speak from a wider experience in treating female ills. Address is Lynn, Mass.; her advice is free and helpful.

MISS PEARL ACKERS.

"DEAR MRS. PINKHAM:—About two years ago I consulted a physician about my health, which had become so wretched that I was no longer able to be about. I had severe backache, bearing-down pains, pains across the abdomen, was very nervous and irritable, and this trouble grew worse each month.

"The physician prescribed for me, but I soon discovered he was unable to help me, and I then decided to try Lydia E. Pinkham's Vegetable Compound, and soon found that it was doing me good. My appetite was returning, the pains disappearing, and the general benefits were well marked.

"You cannot realize how pleased I was, and after taking the medicine for only three months, I found I was completely cured of my trouble, and have been well and hearty ever since and no more fear of the monthly period, as it now passes without pain to me. Yours very truly, Miss PEARL ACKERS, 357 North Sumner St., Nashville, Tenn."

\$5000 FORFEIT if we cannot forthwith produce the original letter and signature of above testimonial, which will prove its absolute genuineness. Lydia E. Pinkham Med. Co., LYNN, MASS.

Murray for Wilsonville, for it seems to have been dead a long time, without having the news printed in the Enterprise.

What are the farmers going to do if their stock cannot run at large? There is pending to be voted on at the June election a law that prohibits the running at large of stock in Clackamas county. There are many farmers in this county who have but about forty acres of land from which they are unable to make a living, and in order to do so they raise some stock. There are thousands and thousands of acres that are not now fenced nor will they ever be. There can be no possible harm done in allowing stock to run at large on such premises.

Those not desiring such a law passed should have a shock of electricity and be awakened to their sense as well as those who fail to vote for such a law.

Cured His Mother of Rheumatism.

"My mother has been a sufferer for many years with rheumatism," says W. H. Howard, of Husband, Pa. "At times she was unable to move at all, while at all times walking was painful. I presented her with a bottle of Chamberlain's Pain Balm and after a few applications she decided it was the most wonderful pain reliever she had ever tried, in fact, she is never without it now and is at all times able to walk. An occasional application of Pain Balm keeps away the pain that she was formerly troubled with." For sale by G. A. Harding.

Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Repeated attacks of indigestion inflame the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucus instead of the juices of natural digestion. This is called Catarrh of the Stomach.

Kodol Dyspepsia Cure

relieves all inflammation of the mucous membranes lining the stomach, protects the nerves, and cures bad breath, sour risings, a sense of fullness after eating, indigestion, dyspepsia and all stomach troubles.
