A woman of prepossessing appearance and unlimited nerve recently visited this city and thoroughly "did" many of the people. She would enter a saloon with the same unblinking countenance that she would visit a dry goods store, address the proprietor and summarily demand a dollar and then explain that she desired the money for a year's subscription to the Sunset Magazine. KIDNEY COLDS. Easily Recognized and Easily Cured, as Many Oregon City Folks Know. You've had a cold; so has everybody. Did it ever settle in your back? In the "small," just over the hip? Stay there, with a steady ache, Make life miserable? That's a "Kidney Cold." You can stop it. H. R. McCarver, of 291 Cherry St., Portland, inspector of freight for the Transcontinental Co., a man who is well known among the railroaders of Portland, says: Doan's Kidney Pills are among the few patent remedies which do all that is claimed for them, and they have my thorough confidence. I used them for backache and other very marked symptoms of kidney trouble which had annoyed me for months. I think a bad cold was responsible for the whole trouble. It seemed to settle in my kidneys. Doan's Kidney Pills rooted it out. In several months since I used them and up to date there has been no recurrence of the trouble. I have recommended them to a number of the boys about the freight house and I know if they give them a fair trial they certainly must have been pleased with the results.
