### EAGLE CREEK.

Mrs. Harry Malon was a business visitor to Portland Tuesday. The election passed off very quietly and every one is glad it is over. Supervisor Linn is improving the streets about town. Let the good work go on. About 50 people attended the sale of this place last Saturday. Eagle Creek has a restaurant and ice cream stand, which fills a long felt want and is located in temporary quarters near the depot. A more substantial building will be erected in the near future and will be modern in every particular. Sheriff Shaver, Recorder Stevens, Attorney Campbell and Mr. U'Ren were noticed on our streets Saturday. Estacada was evidently disappointed over the election. It is hard to down Eagle Creek when it comes to politics. Mr. J. E. Burnett was a Portland visitor Tuesday. The substitution at this place is now in operation and the trolley cars will soon take the place of the steam cars. There will be four or five regular trains each way a day.

Bonney has his new saw mill in operation and is ready to receive orders for rough and dressed lumber. The mill is located on Clear creek at Fisher's mill.

### JAMES.

Mrs. Mary Robeson, who has been on the sick list for some time, is yet under the doctor's care. Miss Elsie Fischer was visiting the Gotberg home Sunday. Some of our young folks attended the ball game Sunday at Shubel. D. A. James captured a young deer last week. It is thriving nicely and is a great pet. The dance at the Robeson hall Saturday night had a small attendance, but those that were there enjoyed themselves hugely. Bill Baker is erecting a new barn and house on his place. James & Son are busy hauling logs to mill, as they will do considerable building this summer, two new barns and a store, the latter being 24x36, two-story, with a hall above. Press Rooney went to Oregon City today to receive the fish the government is to send him to stock the lakes in the mountains in and around Cold Springs and less Skookum lake.

### WILSONVILLE.

Dry weather again, we fear. Hurray for Henry Aden, our newly elected constable. And we all saw their finish—the Democratic candidates. John Peters, the retired business man of this place, has gone to Hood River on a trip. A number of people from here intend going to the Orange picnic at Frog Pond Saturday. The Republican meeting Saturday night was rather small, partly on account of the ball on the same night. There will be preaching services at Wilsonville hall next Sunday, conducted by Rev. Austin, of Tualatin. One service at 11 a. m. and one at 4 p. m.

### MULINO.

Elder Waters, the leading minister in the M. E. church, preached at the hall Sunday evening, with a large attendance. Jot Mallatt is working for Nash & Dodge at Cedar Island this week. Bonney Mallatt has a severe attack of sore throat, but is receiving treatment that we hope will help him. P. Murphy returned from Hood River a few days ago to attend the election here. Nash and family were in our midst last Sunday. Agnes Wallace made a flying trip to Oregon City Wednesday.

### CANBY.

J. S. Dick has purchased the thoroughbred trotter Barlow Jane, and Clyde says he will have her down to 1:10 by the Fourth. Jane and Clyde will probably head the procession on the Glorious Fourth. W. M. Cantrell came up from Portland and spent Sunday in Canby. He was visiting his daughter, who recently returned from California. Otto and Emma Evans returned Thursday from Los Angeles, where they have spent several months enjoying the fragrance of the orange blossoms. William Powers, from Lebanon, is a new clerk employed in the store of Carlton & Rosencrans. Wesley Riggs recently purchased a very nice buggy horse of S. Ramsby, of Molalla. Canby base ball nine is to play the Silverton ball nine on the Canby diamond next Sunday and every one predicts the success of Canby. The Canby school will close Friday, June 11. Examinations are now being held at the school house. Every one is feeling very happy that our fellow citizen F. A. Sleight is elected by such a handsome vote. It speaks well for him as an officer. Mrs. F. A. Sleight, of Oregon City, was visiting Mrs. Rosencrans on Tuesday. Ralph Knight took the second degree in the I. O. O. F. lodge last Friday night and on Tuesday evening he was initiated into the Rebecca lodge.

### OREGON'S TRIBUTE TO PRESIDENT.

State Republican Ticket Has 22,000 Majority. Oregon's tribute to President Theodore Roosevelt is a Republican plurality of more than 20,000 votes. To support the president's policies in congress Oregon has returned two Republican representatives by handsome votes. In the Second district practically complete returns indicate that J. N. Williamson has been re-elected by a plurality of 12,000 votes. In the First district Ringer Hermann will have more than 7000 votes. Incomplete returns place his plurality slightly under that figure. Two years ago R. S. Bean was elected supreme judge by 17,146. This year practically complete returns indicate that the plurality of F. A. Moore over his Democratic opponent for supreme judge, Thos. O'Day, will be 21,000. Incomplete returns from 25 out of 33 counties make it certain that the local option law has carried by a good majority. The 2000 votes in Multnomah county cast against the measure have already been overcome, and the law has 1750 votes to spare. It is believed complete returns will greatly enlarge this majority. The direct primary nominating law has swept the state by more than 20,000 majority. Little opposition to the measure was manifested at the polls. One of the surprises of the election was the defeat of B. L. Eddy, of Tillamook, for circuit judge in the Third judicial district. His Democratic opponent, William Galloway, of Yamhill, was elected by a plurality of 700. The Democratic candidates for the legislature have been successful in few counties. The next Oregon legislature will consist of 73 Republicans, one Independent Republican and 16 Democrats. This is a gain of two Republicans over Republicans will have seats in the senate and six Democrats. In the house of representatives there will be 50 Republicans and 10 Democrats.

### HIGH SCHOOL GRADUATES.

Interesting Program at Shively's Last Friday Night. To the members of the June '04 graduating class of the Barclay High School belongs the credit for giving one of the most original and entertaining programs that was ever witnessed at a public school commencement day season. Shively's opera house was even uncomfortably filled by the friends of the young beneficiaries, but with such an entertaining program, the auditors gladly remained throughout the evening. The class motto, "We Finish to Begin," was suspended over the stage platform on which the class had been arranged in the usual semi-circle. The exercises were introduced with an instrumental selection by Miss Draper, an invocation by Rev. Bollinger and a number by Miss Harding, who adds to her popularity with each appearance. Miss Harding sang three numbers in all during the evening. Miss Edna Simmons read an essay on "Heroic Women," in which she cited the work of Joan of Arc, Florence Nightingale and Clara Barton as examples of heroism deserving of emulation. "Our Class" was presented in verse by Miss Bertha Long, and in this the young graduate made pleasing dis-

position of the members of the class, but no more so than did Miss Peryl Wood, who gave the class annals. Her work was decidedly original, and in recording the special characteristics of the respective members of the class, complimentary mention was made of each. The reading, "Bobby Shaftoe," by Miss Foster, was well delivered. Lee Caulfield in his class prophecy said many funny things about his class-mates as he viewed them fifteen years hence. The program included two instrumental duets by June Charman and Winny Hanny, Ona Renner and Clara Koerner. Chas. H. Caulfield, member of the board of directors, awarded the diplomas to the thirty young people, the largest class that was ever graduated from the Oregon City schools. The exercises of the evening were closed with the singing of the class song. There was an abundance of floral offerings for the young graduates. The members of the class were: Ernest E. Shank, Bertha Long, Adah Hurlbert, Lee J. Caulfield, Chas. Schirmer, Lena Gadke, Roy Sleight, Ona Renner, Orel Welch, Ray Cooper, Sade Evans, Winnifred Roake, Mary Snidow, John Harry, Peryl Wood, Julia May, Roy Stafford, Clara Koerner, Alzey Bernier, Clarence Eaton, Virgil Welch, Edna Simmons, Edna Gard, Carl Horn, June Charman, Nettie Kruse, Maude Moran, Ara Foster, Winnie Hanny and Mabel Tower.

### Sued by His Doctor.

"A doctor here has sued me for \$12.50, which I claimed was excessive for a case of cholera morbus," says R. White, of Coacohella, Cal. "At the trial he praised his medical skill and medicament. I asked him if it was not Chamberlain's Colic, Cholera and Diarrhoea Remedy he used as I had good reason to believe it was, and he would not say under oath that it was not." No doctor could use a better remedy than this in a case of cholera morbus, it never fails. Sold by G. A. Harding.

Painful Dislocation.—Rev. Frank H. Mixsell, pastor of the First Presbyterian church, met with a painful injury Monday afternoon. As he stepped upon a stone it turned and he was thrown to the ground, with the result that his left arm was dislocated.

Trout Planted.—Preston Bonney, of the local fish hatchery, left this week for the lakes at the head of Clear Creek and the north fork of the Molalla, where 5000 young mountain trout were planted. An effort is being made to keep all of the streams of this part of the state stocked with this fish.

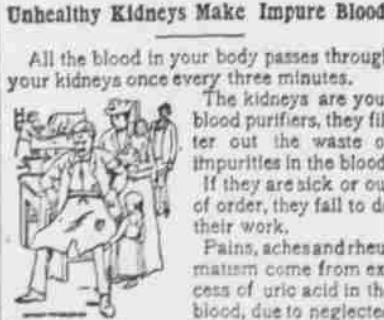

Engagement Announced.—The engagement of Mrs. Myrtle Alice Barnhart, of Salem, to Mr. Roy R. McAlpin, of Oregon City, is announced. The wedding will take place at the home of Mr. and Mrs. Campbell, at McMinnville, Yamhill county, Wednesday, June 15.

Struck Promising Ore.—Workmen at the Fairclough Bros' mine at Ogle Creek, at a depth of 200 feet beneath the new tunnel that is being run into the mountain, this week discovered a cropping of the ledge that shows bunches of free gold that is visible to the naked eye. An expert says that this discovery is a sure indication of the existence of an extensive ledge and the owners and stockholders of this property feel much encouraged. A double shift is at work, night and day, and the proprietors of the property are pushing the work right along.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, Deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces. We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75 c. Take Hall's Family Pills for constipation.

Over-Work Weakens Your Kidneys. Unhealthy Kidneys Make Impure Blood. All the blood in your body passes through your kidneys once every three minutes. The kidneys are your blood purifiers, they filter out the waste or impurities in the blood. If they are sick or out of order, they fail to do their work. Pains, aches and rheumatism come from excess of uric acid in the blood, due to neglected kidney trouble. Kidney trouble causes quick or unsteady heart beats, and makes one feel as though they had heart trouble, because the heart is over-working in pumping thick, kidney-poisoned blood through veins and arteries. It used to be considered that only urinary troubles were to be traced to the kidneys, but now modern science proves that nearly all constitutional diseases have their beginning in kidney trouble. If you are sick you can make no mistake by first doctoring your kidneys. The mild and extraordinary effect of Dr. Kilmer's Swamp-Root, the great kidney remedy is soon realized. It stands the highest for its wonderful cures of the most distressing cases and is sold on its merits by all druggists in fifty-cent and one-dollar sizes. You may have a sample bottle by mail Home of Swamp-Root, free, also pamphlet telling you how to find out if you have kidney or bladder trouble. Mention this paper when writing Dr. Kilmer & Co., Binghamton, N. Y.

Don't forget the old man with the fish on his back. For nearly thirty years he has been traveling around the world, and is still traveling, bringing health and comfort wherever he goes. To the consumptive he brings the strength and flesh so much needed. To all weak and sickly children he gives rich and strengthening food. To thin and pale persons he gives new firm flesh and red blood. Children who first saw the old man with the fish are now grown up and have children their own. He stands for Scott's Emulsion of pure cod liver oil—a lightful food and a natural tonic for children, for old folks for all who need flesh and strength. A preacher who went to a Kentucky parish where the parishioners rode horses was asked to invite the prayers of the congregation for Lucy Grey. He did so. They prayed three Sundays for Lucy Grey. On the fourth he was told he need not do it any more. "Why," said the preacher, "is she dead?" "No," answered the man, "she won the Derby."
