Cured of Chronic Diarrhoea After Ten Years of Suffering.

"I wish to say a few words in praise of Chamberlain's Colic, Cholera and Diarrhoea Remedy," says Mrs. Mattie Burge, of Martinsville, Va. "I suffered from chronic diarrhoea for ten years and during that time tried various medicines without obtaining any permanent relief. Last summer one of my children was taken with cholera morbus, and I procured a bottle of this remedy. Only two doses were required to give her entire relief. I then decided to try the medicine myself, and did not use all of one bottle before I was well, and I have never since been troubled with that complaint. One cannot say too much in favor of that wonderful medicine." This remedy is for sale by G. A. Harding.

Deserves Your Patronage.

The growth of a community and the success of its local institutions depends entirely on the loyalty of its people. It is well enough to preach "patronize home industry," but except the service given at a home institution equals that of out-of-town enterprises, this argument carries no weight and is entirely disregarded, as it should be. But with Oregon City people it is different. A few months ago E. L. Johnson established the Cascade Laundry. It is equipped with the latest improved machinery and is daily turning out work that is equal to any and superior to much of the laundry work that is being done in Portland. Being a home institution and furnishing employment for many Oregon City people, it is enjoying an immense patronage. The high standard of the work being done commends it to the general public. Laundry left at the O. K. barber shop will be promptly called for and delivered. Packages will be called for and delivered to any part of the city. Telephone 1294. E. L. Johnson, proprietor.

The Deadly Chicken Mite.

During all the warm weather we must fight the deadly chicken mite. The hotter the weather the faster they breed. They are death to young chicks, where they can have the chance to infect them, and are even known to kill old, tough hens. Often a hen house is swarming with these little pests, and the hens with broods are permitted to hover their chicks in the houses at night. The hens naturally hunt out some place in a corner and collect their broods. Nothing is seen of the mites at the time, but after the chicks settle down for the night the mites come out of their hiding places under splinters, boards, roosts and rubbish and swarm by tens of thousands on the old hens and chicks. They suck their fill of blood and crawl back to their hiding places. In the morning the poultry raiser sees nothing of these insects and pays little attention to the piles of mites hanging like swarms of bees under the roosts. The chicks are so weakened that numbers of them fall down and die and the owner wonders what happened to them. The others, being bled every night, are prevented from growing and become stunted, never recovering from this subjection to mites when they were young. There are different ways of attacking mites, one of which is to wash the hen house with white wash and the other is to give it a thorough going over with water in which has been dissolved a great deal of strong soap and a large amount of kerosene.

### FIBROID TUMORS CURED.

Mrs. Hayes' First Letter Appealing to Mrs. Pinkham for Help:

"DEAR MRS. PINKHAM:—I have been under Boston doctors' treatment for a long time without any relief. They tell me I have a fibroid tumor. I cannot sit down without great pain, and the soreness extends up my spine. I have bearing-down pains both back and front. My abdomen is swollen, and I have had flowing spells for three years. My appetite is not good. I cannot walk or be on my feet for any length of time.

"The symptoms of Fibroid Tumor given in your little book accurately describe my case, so I write to you for advice."—(Signed) MRS. E. F. HAYES, 252 Dudley St. (Roxbury), Boston, Mass.

Mrs. Hayes' Second Letter:

"DEAR MRS. PINKHAM:—Sometime ago I wrote to you describing my symptoms and asked your advice. You replied, and I followed all your directions carefully, and to-day I am a well woman.

"The use of Lydia E. Pinkham's Vegetable Compound entirely expelled the tumor and strengthened my whole system. I can walk miles now.

"Lydia E. Pinkham's Vegetable Compound is worth five dollars a drop. I advise all women who are afflicted with tumors or female trouble of any kind to give it a faithful trial."—(Signed) MRS. E. F. HAYES, 252 Dudley St. (Roxbury), Boston, Mass.

### A Very Close Call.

"I stuck to my engine, although every joint ached and every nerve was racked with pain," writes C. W. Bellamy, a locomotive fireman, of Burlington, Iowa. "I was weak and pale, without any appetite and all run down. As I was about to give up, I got a bottle of Electric Bitters, and after taking it, I felt as well as I ever did in my life." Weak, sickly, run down people always gain new life, strength and vigor from their use. Try them. Satisfaction guaranteed by Howell & Jones. Price 50 cents.

The New Issue in Temperance.

"WHISKY MEDICINES."

THE VOICE.

The Leading Temperance Paper, Sounds the Call to a New Crusade in the Following Article.

"ANOTHER HEAD ON THE HYDRA."

"It is time attention was drawn to a form of alcoholic traffic that seems to have been overlooked by those engaged in the crusade against the rum power. If, as is believed and taught, alcohol is most dangerous when it fights in ambush, if it is most to be dreaded when it finds its first entrance to the system in the pleasant sauces and dishes of the home, then the form of alcoholic traffic in question is doubly dangerous, for it comes in the guise of medicine and attacks a system prepared by weakness to easily surrender to the assault. In many

PATENT MEDICINES

which are largely consumed throughout the country, by all classes of people, there is a percentage of alcohol which puts them on a level with beer, rum and whisky as intoxicants. It is the smallest only of the dose prescribed which prevents a prompt recognition of the intoxicating effects of these so-called medicines by those who use them.

"It is safe to affirm that they are

MEDICINES IN NAME ONLY.

Their chief value lies in their alcoholic effect as a stimulant. In fact, those who know, attribute the benefits ascribed to this class of medicines wholly to the stimulative effect of the alcohol they contain. They are used largely by persons not in the habit of drinking liquors, and the little dose taken three or four times a day is as stimulating to these people as his regular "finger" of "biters" is to the regular liquor-drinker.

WHAT CAN BE DONE?

"What ought to be done at least is to compel every patent-medicine manufacturer to put on the wrapper of his bottle the quantity of alcohol it contains. That would at least leave people to exercise their own judgments. More than that, no paper truly interested in temperance reform should print the advertisement of any alcoholic medicine. It should be the duty of every temperance organization and branch in the country to look into this question; agitate it, and deal with the facts just as earnestly and as honestly as other facts have been dealt with."

Appreciating the gravity of the issue raised by the strong statement of facts made in the foregoing article, we wish to call general attention to the fact that Dr. Pierce's Golden Medical Discovery and Dr. Pierce's Favorite Prescription contain

NO ALCOHOL, NO WHISKY, NO INTOXICANT OF ANY KIND.

These medicines are equally free from opium and other narcotics.

They are in the strictest meaning of the words, temperance medicines. Of no other medicine, put up especially for woman's use can it be truthfully affirmed, as of Dr. Pierce's Favorite Prescription, that it contains neither alcohol nor opium or other narcotic in any form.

While the negative features of Doctor Pierce's medicines may only interest some of the readers of this article, the positive features of these medicines must be of interest to every one. The great value of "Golden Medical Discovery" in the cure of diseased or deranged conditions of the stomach and digestive and nutritive organs is testified to by tens of thousands who have found health and healing in this great remedy. The "Discovery" increases the action of the blood-making glands, and by curing the diseases which corrupt and cripple the stomach and digestive and nutritive organs, it enables a full and pure supply of blood to be sent to every part of the body.

WOMEN KNOW ITS WORTH.

Women who are always appreciative of benefits, have been especially appreciative of the benefits following the use of Dr. Pierce's Favorite Prescription. Its wonderful cures of irregularities, inflammations, ulcerations and female troubles, have caused women to name it, "that God-send to women." It is entitled to wear the "blue ribbon" of merit as well as the blue ribbon of temperance.

Grafton E. Cheney has returned to San Francisco after a visit with relatives in Oregon City.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. CHENEY & CO., Toledo, Ohio. Sold by druggists, 75c.
