### SPRINGWATER.

A sad accident occurred at Dodge, or Upper Springwater. Mr. Boylan alighted from his horse while hunting in the mountains, stepped back on a log, when his gun was accidentally discharged, the ball going through his left lung. Mr. Boylan was a good, honest citizen. His word could be relied on. It would be well if we had more such citizens, whose word was as good as a bond. He leaves a wife and four children. May his soul rest in peace.

Peaceful be thy silent slumber, Peaceful in thy grave so low; Thou no more will join our number, Thou no more our sorrows know. Yet again we hope to meet thee, When the day of life is fed, And in heaven with joy to greet thee, Where no farewell tears are shed.

## The Two Archers.

Love and Death are both depicted as archers. When Love sets his arrow in a woman's heart and she turns and follows, seeking healing of her hurt, could there be aught sadder than that she should be led by very Love into the ambush where Death, arrow on string, waits to plant his deadly shaft in her breast? Yet so it is. Time and again Love proves to be Death's decoy. And often when the grim archer fails to inflict mortal hurt, he leaves the suffering woman to creep through life like a broken-winged bird.

Why does love lead to suffering? Many a woman has asked that question piteously and passionately. She has forsaken father and mother to cleave unto her husband in the belief that so she was achieving woman's highest happiness. But instead of happiness she has found misery, struggled with it until struggle seemed useless, and at last has come to accept her misery as the "cross" laid upon women who love and marry.

There is no real reason why almost every wife and mother should not enjoy sound health. The causes of her misery lie in diseases which affect the delicate, womanly organism. Disagreeable drains are carrying away the vital force. Inflammation has lighted its fire for slow torment. Ulceration is eating into the tender tissues. Female weakness is making life a daily martyrdom. Is it any wonder that the nerves are racked, that appetite fails, and night, which should bring rest, brings only restless and troubled dreams?

Dr. Pierce's Favorite Prescription cures the womanly diseases which undermine the general health. It dries the drains, puts out the fire of inflammation, heals the ulcerated tissues and cures female weakness. In a word, it makes weak women strong and sick women well.

"Favorite Prescription" is a true temperance medicine. It contains no alcohol, neither opium, cocaine, or other narcotic. Sick and ailing women are invited to consult Dr. Pierce by letter, free of charge. All correspondence strictly private and sacredly confidential. In a little more than thirty years Dr. Pierce, assisted by his staff of nearly a score of physicians, has treated and cured over half a million women. Write, without fear or fee, to Dr. R. V. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute, Buffalo, N. Y.

### HAD GIVEN UP HOPE.

"It is with feelings of sincere gratitude that I again write to you," says Mrs. Harry A. Brown, of Orono, Penobscot County, Maine. "I wrote to you concerning my health last Spring (I think it was in June), and you advised me to take your Favorite Prescription and Golden Medical Discovery, which I did according to directions and continued taking them for five months. I took nine bottles of Favorite Prescription, six of Golden Medical Discovery, and four vials of Dr. Pierce's Pellets. My disease was displacement and ulceration of the uterus, and I was in a terrible condition with pain and weakness, and had given up all hopes of ever being well again. Had doctored with four different doctors within four months, and instead of getting better was growing weaker all the time. I decided to try your medicines, as I had heard of the many cures resulting from their use. I bought five bottles and felt so much better after using them that I kept on until I am as well as ever to my life, and to Dr. Pierce all the praise is due.

"Before I began taking your medicine I only weighed 120 pounds. I now weigh 150 pounds. I gained forty pounds in six months. I shall doctor no more with doctors, as it is only a waste of money. No matter what my trouble is, I shall write to Dr. Pierce every time. I am now in perfect health, thanks to Dr. Pierce."

Dr. Pierce's Common Sense Medical Adviser is sent free on receipt of stamps to pay expense of mailing only. Send 21 one-cent stamps for the paper-bound book, or for cloth binding, send 31 stamps. Address Dr. R. V. Pierce, Buffalo, N. Y.

In applying for some additional life insurance recently, William Jennings Bryan had to fill up the usual questions as printed in the application sheet. One query was: "Have you ever suffered from fever of any kind?" To this Mr. Bryan replied: "Yes, from two attacks of presidential fever, both of which were followed by severe chills. Have completely recovered."

The editor of an English paper recently received a fine chicken, which he, supposing it to be a token of appreciation from a discriminating reader, took home and enjoyed for dinner. The following day he received this letter: "Dear Editor: Yesterday I sent you a chicken in order to settle a dispute which has arisen here. Can you tell us what the chicken died of?"

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials. Address: F. J. Young women may avoid much sickness and pain, says Miss Alma Pratt, if they will only have faith in the use of Lydia E. Pinkham's Vegetable Compound.

Judging from the letters she is receiving from so many young girls, Mrs. Pinkham believes that our girls are often pushed altogether too near the limit of their endurance nowadays in our public schools and seminaries.

Nothing is allowed to interfere with studies, the girl must be pushed to the front and graduated with honor; often physical collapse follows, and it takes years to recover the lost vitality,—often it is never recovered. Miss Pratt says,—

"DEAR MRS. PINKHAM:—I feel it my duty to tell all young women how much Lydia E. Pinkham's wonderful Vegetable Compound has done for me. I was completely run-down, unable to attend school, and did not care for any kind of society, but now I feel like a new person, and have gained seven pounds of flesh in three months.

"I recommend it to all young women who suffer from female weakness."—MISS ALMA PRATT, Holly, Mich.—\$5000 forfeit if original of above letter proving genuineness cannot be produced.
