

That Rural Route.

Sherwood, Oregon, July 12, 1904. Editor Enterprise.—Noticing an item from a Stafford correspondent regarding a Rural Delivery Route to start from Sherwood, and judging from the falsity of the same, I take it for granted that the correspondent is the same party that circulated the remonstrance and told some that delivery would only be made three times a week, and any other misstatement that might be required to procure signatures. He also falsely claims that signers of petition were under the impression that the route was to start from Oregon City. This is not a fact, as no one tried to misrepresent the case to those approached and none misunderstood the matter, and I suppose with the exception of this very enlightened party all knew that their mail would be in just as good shape to reach them from the west as from the east, and as the Stafford neighborhood is one of the most progressive communities in the state it is plain to see that they are not altogether free from kickers, and while striving to elevate themselves to a more independent position, they must still endure this very small element trying to pull them down. He says but one mail a day is received at Sherwood. We have three, but if mail was received every hour at Sherwood or Oregon City it would make no difference with route delivery. Mail arriving at postoffice after carriers had left on route would necessarily have to remain in office until next trip, unless some contrivance or bag of wind of some kind could be made that would distribute the mail as fast as received. Perhaps some kicker would answer for this purpose. I have been informed that several have had their names erased from the remonstrance since learning the truth of the case.

The Rural route could not serve those on Star route any better than now, but the Rural route would reach them all, while the Star route accommodates but few, and if those to be accommodated wish their mail delivered all they will have to do is to stand their ground and not be misled, as it would be next to impossible to improve on the route as mapped out in petition.

In regard to the trash he tried to add to his little piece, it counts for naught, as most people are aware that R. F. D. carriers are under civil service rules, and not appointed at random.

A READER.

"IN A BAD WAY."

Many An Oregon City Reader Will Feel Grateful for This Information.

When your back gives out; Becomes lame, weak or aching; When urinary troubles set in; Your kidneys are "in a bad way," Doan's Kidney Pills will cure you. Here is evidence to prove it.

James A. Tanner, farmer, corner Thirtieth and Lewis streets, Salem, says: "So many suffer from kidney complaint that for a time I was alarmed about myself, for I was troubled with my back aching in the region of my kidneys. I think it was caused first by a strain from lifting I did two years ago. I kept getting worse instead of better and finally consulted a doctor. He told me I had gall stone in the bladder, but trouble with kidney secretions existed, their too frequent action disturbed my rest from fifteen to twenty times a night. This was very annoying, and I was in a bad way when I read of Doan's Kidney Pills and procured a box. To say I was surprised at the speedy effect of their use is putting it mildly. I have recommended Doan's Kidney Pills to others, and will always have a good word for them."

Plenty more proof like this from Oregon City people. Call at C. G. Huntley's drug store and ask what his customers report. For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name Doan's and take no other.

OREGON DEVELOPMENT LEAGUE.

Important Meeting To Be Held At Portland August 2.

A convention for the purpose of organizing an Oregon Development League will be called to order promptly at 10 o'clock a. m. Tuesday, August 2, for two days' session, at the Marquam Grand theater, Portland, Oregon, under the auspices of the Portland Commercial Club, which will

have for its purpose the development and upbuilding of the state of Oregon.

Every editor in Oregon is a delegate-at-large.

The governor, United States senators and congressmen are also delegates-at-large, and are expected to be present.

The mayor of each and every city and town in the state, as well as the county judge of each and every county, is urged to name ten delegates.

The president or executive officer of every commercial, industrial, agricultural, horticultural, livestock, dairy, irrigation, mining or other similar organization having for its purpose the development of any industry is urged to name ten delegates, and to add himself and secretary to the delegation, as active workers are especially desired.

In order to secure the best results, every element of boom should be eliminated. Exact reports as to what individual growers have accomplished are what is desired. Plain and direct statements are wanted giving actual results as to cultivation, growth and marketing of all agricultural products, fruit and livestock, accompanied by the name of the grower and location of the land—generalities, no matter how delightfully put, are of little value.

The railroads have joined, for the first time, in making the extraordinarily low rate of fare for the round trip from all points in Oregon, in order that this convention should represent not only all interests, but that all portions of the state should be represented among its delegates and participate in its deliberations. The railroads show by this act that they are heartily in accord with the formation of the Oregon Development League, and are willing to do their part in adding to the population, wealth and industries of the state.

POMONA GRANGE.

Digest of Proceedings At Recent Eagle Creek Meeting.

The Clackamas District Pomona Grange met in Eagle Creek Grange's new hall July 13th. There was an attendance of 300 Patrons. It was a very successful and harmonious session. Very little business was transacted prior to the noon recess.

In the afternoon the committee on resolutions reported three resolutions, the first being by A. M. Shibley, of Springfield, on co-operation. His plan was that the master of Pomona request the master of each subordinate grange to appoint one member to buy and sell goods to and for grangers, and at their pleasure elect a general manager for the county. After an exhaustive discussion the resolution was adopted. The second resolution was: Be it resolved that the 3 per cent rebate on taxes be repealed, and this grange favors this action. The resolution was adopted by a large majority.

The third resolution was in substance: Resolved, that the Pomona Grange favor the abolition of the saloon business in Clackamas county after January 1, 1905. This was very earnestly and eloquently discussed by several members, and adopted by a unanimous vote. The latter resolutions were introduced by P. M. Gill, of Garfield. A large class was initiated into the fifth degree in the evening.

Obituary.

John Wilkinson, died at his home in Oregon City at 1 p. m. Tuesday, July 12, 1904, aged 52 years, 1 month and 19 days. Funeral services were held at the First Congregational church at 2 p. m. on Wednesday, Rev. A. J. Montgomery, of Portland, officiating. Burial services were under the auspices of Multnomah Lodge No. 1, A. F. and A. M.

Deceased was born in a Scotch colony in Antrim county, Ireland, May 23, 1852. He came from there to Oregon City, June, 1874. He was employed at the local plant of the Portland Flouring Mills the most of the time since until in the spring three years ago. While packing flour symptoms of tuberculosis appeared and rapidly developed, from which he was a great sufferer. Having been receiver of wheat in the early part of his service for the company he was well known throughout the county.

He was married on October 24, 1881, to Emma A. Brush, who survives him. He leaves three brothers, two in this city and one in Eastern Oregon. Also two sisters in Ireland.

On account of his intense suffering he longed to go, and passed away with a smile on his face. He became a Christian three years before and bore his sickness with remarkable patience.

A wheelman's tool bag isn't complete without a bottle of Dr. Thomas' Electric Oil. Heals cuts, bruises, stings, sprains, Monarch over pain.

RACE MEET AT IRVINGTON.

Many Speedy Horses Will Compete In August Races.

Portland, Oregon, July 22.—One of the longest race meetings ever attempted in Oregon will open here on August 8 and continue to August 28, and possibly through the first two weeks of September. A large force of workmen are rushing the work of getting Irvington race track in shape for the coming meet. Already trainers and owners are shipping their strings to the track, and the officers of the Multnomah Fair Association are preparing to stable 500 horses, the pick of those now racing at Seattle.

When President A. R. Diamond and the rest of the Multnomah Fair Association officials talked of giving a week's racing last year, they were told frankly by the local horsemen that the racing game had received such a black eye in Portland that the public would not turn out to see them. In spite of this discouraging talk the officials went on, gave the race meeting, proved conclusively that horses could be raced and raced honestly, and not only the people of Portland paid their money at the gate, but horsemen from all over the state attended the meeting. And when they returned home they were loud in their praise for the clean sport which they had enjoyed, and of the liberal manner in which the books handled the odds on the races. This was all the encouragement that the association wanted, and they began at once to plan for their 1904 August meeting.

Most of the horsemen who raced here last fall declared when they departed that nothing could keep them from returning. Not only have they kept their word, but they assisted in filling the stake book entries when it was sent to Oakland and Los Angeles. Originally the

Nothing Known

Will Cure Kidney Disease After They Have Fastened and Become Chronic But the Fulton Compounds. We Have Secured the Sole Agency for This City.

Fulton's Renal Compound enjoys the unique distinction of being the only thing known that cures kidney trouble in all its stages from the primary inflammation up to and including the chronic stage called Bright's Disease, which has been, up to the advent of this Compound, positively incurable. Then why not start with the Renal Compound at first rather than ordinary kidney medicines, all of which fall short if the disease has reached the chronic state? Then you will know you are right. No statements are published by the Fulton people except cases that have reached the chronic stage, incurable by all other known medicines. Here is another recovery we are permitted to refer to.

Mrs. S. E. Cline of 1737 Broadway, San Francisco, was pronounced by her physician as incurably ill with kidney disease that had become chronic (Bright's Disease). She also had diabetes. Another physician was called in. Droopy had set in, the nails came off and he too said nothing known would save her. She was so far beyond help they told her not to further torture herself by dieting. She went on the Fulton Compound. The third week she was almost better. The third month the nails began to come back, and a few months later she was well and began dropping the treatment. An attorney, friend of Mrs. Cline, Judge E. B. Culler of 333 Pine street, San Francisco, had diabetes that is also incurable according to the books. Knowing of her recovery, he too took the Fulton Compound and in eight months regained his health and is now in active practice. Dropsy, rheumatism from uric acid, gout, pain in the back, bladder trouble, etc., are proofs that the kidneys are in trouble. The last stage is Bright's Disease and Diabetes. If you are feeling languid or miserable send for pamphlet. Recoveries nearly 90% among these chronic incurable diseases. Fulton's Renal Compound for Bright's and Kidney Diseases. 817 1/2 Diabetea Bldg. John J. Fulton Co., 403 Washington street, San Francisco, sole compounders. We are their exclusive agents in this city.

CHARMAN & CO., DRUGGISTS.

association planned only to care for 300 horses, but the demands for stall room became so great that it was found necessary to build 500 additional stalls. They have just been completed, and are the most modern and up-to-date stalls on the coast. They are constructed after those at Washington Park, Chicago, and at Saratoga, and are so arranged that sleeping quarters for the trainers and rubbers are in a sort of loft over the horses. Last year it cost the association \$15,000 to get Irvington into shape, and this year \$7000 more has been spent. The entire grandstand, the saddling paddock and the judges' and timers' stands will receive a thick coat of whitewash.

It is the intention of the association this year to give \$10,000 away in purses for the stake events alone. This assures big fields in each of the events, and it will bring together some of the best horses racing on the coast. The Oregon stakes, the first stake event of the season, closed with 52 entries, and among them are such horses as Misty's Pride, Step Around, who won the opening stake event at Seattle, Lady Ask, Albernarr and a large number of other clever performers. The big stake race of the meeting will be the Irvington handicap, value \$1000 to the winners. For this money such horses as Medicum, Forest King, George Berry, Veterans, Mr. Dingle and Gateway and many others will face Starter Mulholland on August 20, the date of the race.

Safeguard the Children.

Notwithstanding all that is done by boards of health and charitably inclined persons, the death rate among small children is very high during the hot weather of the summer months in the large cities. There is not probably one case of bowel complaint in a hundred, however, that could not be cured by the timely use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. For sale by G. A. Harding.

In a speech that William Waldorf Astor delivered before the London Clubmen's Benevolent Society, he told of a costermonger who lay dying. Nevertheless, he expressed a desire for something to eat, and his wife asked him what he wanted. "Well," said the costermonger, "I seem to smell a ham a-cookin' somewhere. I think I could eat a bit of that." "Oh, no, John, dear," said his wife; "you can't have that. That's for the funeral."

Try for Health

222 South Peoria St., Chicago, Ill., Oct. 7, 1902.

Eight months ago I was so ill that I was compelled to lie or sit down nearly all the time. My stomach was so weak and upset that I could keep nothing on it and I vomited frequently. I could not urinate without great pain and I coughed so much that my throat and lungs were raw and sore. The doctors pronounced it Bright's disease and others said it was consumption. It mattered little to me what they called it and I had no desire to live. A sister visited me from St. Louis and asked me if I had ever tried Wine of Cardui. I told her I had not and she bought a bottle. I believe that it saved my life. I believe that women could save much suffering if they but knew of its value.

Don't you want freedom from pain? Take Wine of Cardui and make one supreme effort to be well. You do not need to be a weak, helpless sufferer. You can have a woman's health and do a woman's work in life. Why not secure a bottle of Wine of Cardui from your druggist today?

WINE OF CARDUI

We make this bold assertion

We carry the best make of Paints, Varnishes and Painters' Material on earth, proven so by practical tests and chemical analysis. New Era Pure Prepared paint has been analyzed by all the leading chemists of the United States, and over their affidavit found to be absolutely pure containing not over one per cent of water, while other inferior grades contain from five to forty-five per cent.

Ask your painter about it—everybody knows the "Acme Line." Guarantee on every can. We submit a partial list of their line. NEAL'S CARRIAGE PAINT for repairing all kinds of vehicles.

NEAL'S CARRIAGE TOP DRESSING for renewing the finish of leather and rubber tops, dash boards, sachels and leather goods of every description.

ACME WAGON PAINT for repainting wagons and agricultural implements.

GRANITE FLOOR PAINT. Quick drying and durable. DAVIE'S VARNISH STAIN for finishing floors, linoleum, oil cloth and interior wood work in exact imitation of expensive woods. Will not crack, mar or chip off.

DAVIE'S VARNISH STAINS for renewing the finish of wood work, furniture, etc. Needs but one application.

NEAL'S ENAMEL. The kind for earthen and metal surfaces. Gives a genuine enamel finish.

NEAL'S BATH-TUB ENAMEL for bath-tubs, walls, ceilings and wood work of bath rooms or any surface exposed to hot or cold water.

NEAL'S SCREEN ENAMEL for screen doors and frames. NEAL'S CYCLE ENAMEL. Splendid for bicycles.

NEAL'S HOUSEHOLD PAINTS. Put up in small, "easy to open," cans. 25c a can.

NEAL'S POPULAR VARNISH. The best to be had, and in most any sized can.

Poarch and Chair Enamel, Stove Pipe Enamel, Floor Paint, Paint and Varnish Remover, Lubricating oils, Benzines and Gasoline, Lead, Oil and Glass. In fact, everything in the paint line can be had at our store. Now is the time and this is the place to buy.

Howell & Jones

RELIABLE DRUGGISTS,

Oregon City, Oregon

A late story of Irish wit is located in New Orleans. An Irishman boarded a train in which every seat except one was occupied by two people. This seat had as occupants a young sport and a large, shaggy dog. The Irishman stood by the seat expecting that room would be made for him. The young man did not take the hint, but regarded the other, who was poorly dressed, with ill-disguised scorn. At last the Irishman remarked: "That's a foin-looking dog ye have with ye. What breed is it?" "It's a cross between a skunk and an Irishman," was the sneering answer. "Sure, 'en, it's a relative of both of us," was the instant retort.

Saved From Terrible Death. The family of Mrs. M. L. Bobbitt, of Burgerton, Tenn., saw her dying and were powerless to save her. The most skillful physicians and every remedy used failed, while consumption was slowly but surely taking her life. In this terrible hour Dr. King's New Discovery for Consumption turned despair into joy. The first bottle brought immediate relief and its continued use completely cured her. It's the most certain cure in the world for all throat and lung troubles. Guaranteed Bottles 50c and \$1.00. Trial bottles free at Howell & Jones' drug store.

Senator Quay once sat as if asleep under a rapid-fire lot of questions from Senator Beveridge, who was attacking him in a debate. He refused to answer a question—in fact, showed no signs of hearing them. "I await the reply of the senator from Pennsylvania," said Senator Beveridge, mopping his brow, when he reached the last of his questions. Senator Quay never stirred. He didn't even

All kinds of Building Material, Sash, Doors Moulding, Etc.

OREGON CITY, ORE.

Oregon State Normal School

MONMOUTH. Begins its 25th year September 20, 1904. Four terms in each school year, affording equal opportunities for beginning a course in September, November, February and April.

THE BEST TRAINING FOR TEACHERS. In the Normal course, with its assurance of good positions at good wages. Write for new catalogue containing full information concerning courses of study, training in actual teaching afforded under real conditions in town and country schools, and full details about the advanced course of study with the additional advantages attached. Address: Sec. J. V. B. Butler, or Pres. E. D. Reasler, Monmouth, Ore.

GIRLHOOD WOMANHOOD AND MOTHERHOOD

The first lesson that the young girl has of womanhood is usually a painful one. She learns to know what headache means, and backache, and sometimes is sadly borne down by this new experience of life. All the pain and misery which young girls commonly experience at such a time may in almost every instance, be entirely prevented or cured by the use of Doctor Pierce's Favorite Prescription. It establishes regularity, it tones up the general health, and cures headache, backache, nervousness and other consequences of womanly weakness or disease.

The anxious mother of the family often times carries the whole burden of responsibility so far as the home medication of common ailments of the girls or boys are concerned. The cost of the doctor's visits is very often much too great. At such times the mother is invited to write to Dr. K. V. Pierce, of Buffalo, N. Y., for medical advice, which is given free. Correspondence is held strictly confidential.

Backed up by over a third of a century of remarkable and uniform cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States for any case of Leucorrhoea, Female Weakness, Protoplasm, or Falling of the Uterus, which they cannot cure. All the World's Dispensary Medical Association, Proprietors, of Buffalo, N. Y., ask is a fair and reasonable trial of their means of cure.

"Your wonderful medicine," Favorite Prescription, has helped me greatly in case of falling of the uterus. Write Mrs. Bliza Wroble of Chicago, Ind. "Last winter I was unable to do my work, was to be confined in February, and a doctor told me I would die. I used three bottles of Favorite Prescription, and will say I had the easiest and quickest confinement I ever had. Had three children before, and would suffer from the same disease six hours before birth. For 100 years I have had a fine baby girl and am still the most healthy one in the family. I can still write. Favorite Prescription is a tonic."

appear to be battling his more than half-closed eyes. Senator Dubois, of Idaho, leaned over to his seat-mate, making a funnel of his hands, and said in a whisper that could be heard all around in the silence of the chamber: "Br'er Fox, he ain't sayin' a word!" A laugh rippled around the senate, in which Senator Beveridge somewhat sheepishly joined. A slow smile spread over Senator Quay's face, but he never moved nor seemed to bat a half-closed eye.

Senator Beveridge uses neither railway passes nor telegraph franks. On one occasion he had been speaking at an old settler's picnic, and in making his way through the crowd was relieved of all his money. He did not discover his loss until he attempted to pay for a hasty lunch at the railway station. He explained to the restaurant keeper, who said in suspicious tones: "Show your railway passes if you are a senator." "I don't use them," replied Mr. Beveridge. "Then you ain't no senator," said the landlord with conviction.

Wonderful Nerve. Is displayed by many a man enduring pains of accidental Cuts, Wounds, Bruises, Burns, Scalds, Sore Feet or stiff joints. But there's no need for it. Bucklen's Arnica Salve will kill the pain and cure the trouble. It's the best Salve on earth for Piles, too. 25c at Howell & Jones. June, the month of weddings, has passed, but these events are apt to transpire at any time. In this connection we would call your attention to the fact that the Enterprise office is fully equipped for furnishing wedding stationery of all kinds. We also make a specialty of dance programs and invitations. Drying preparations simply develop dry catarrh; they dry up the secretions, which adhere to the membrane and decompose, causing a far more serious trouble than the ordinary form of catarrh. Avoid all drying inhalants, fumes, smokes and snuffs and use that which cleanses, soothes and heals. Ely's Cream Balm is such a remedy and will cure catarrh or cold in the head easily and pleasantly. A trial size will be mailed for 10 cents. All druggists sell the 50c size. Ely Brothers, 56 Warren St., N. Y. The Balm cures without pain, does not irritate or cause sneezing. It spreads a moist over an irritated and aggrivated surface, relieving immediately the painful inflammation. With Ely's Cream Balm you are armed against Nasal Catarrh and Hay Fever.
