The Clackamas county court, which will be convened in this city next Wednesday, will make arrangements for the making of a complete exhibit of county's resources at the Lewis and Clark This matter has been suggested by a communication received by Judge Ryan from the Lewis and Clark Fair or sion, which proposes to co-operate with the various county courts of the state to the end that each county may have an exhibit. The commission agrees to purchase from each county any exhibit that may be collected at one-half its actual value, no county to receive more than \$500. Judge Ryan is strongly in favor of having Clackamas county represented at the 1995 Fair and the county court will consider the proposition at its meeting next week. Clackamas county being so conveniently located to Portland, a creditable exhibit can be collected and sent to Portland at nominal cost.

Deserves Your Patronage.

The growth of a community and the auccess of its local institutions depends entirely on the loyalty of its people. It is well enough to preach "patronize home but except the service given industry," at a home institution equals that of out of-town enterprises, this argument car ries no weight and is entirely disregarded, as it should be. But with Oregon City people it is different. A few months ago E. L. Johnson established the Cascade Laundry. It is equipped with the latest improved machinery and is daily turning out work that is equal to any and superior to much of the laundry work that is being done in Portland. #### Indigestion Causes Catarrh of the Stomach.

For many years it has been supposed that Catarrh of the Stomach caused indigestion and dyspepsia, but the truth is exactly the opposite. Indigestion causes catarrh. Re-peated attacks of indigestion inflames the mucous membranes lining the stomach and exposes the nerves of the stomach, thus causing the glands to secrete mucin instead of the julces of natural digestion. This is salled Catarra of the Stomach.
