

Our Correspondents' Corner

Brief Bits of Gossip From All Parts of the County.

Correspondents are requested to renew their work. We will furnish all necessary stationery. The news from your neighborhood should appear in these columns every week.

ENTERPRISE CORRESPONDENTS.

The correspondence page of the Enterprise is being sadly neglected by our competent staff of reporters. This is one of the most important departments of the country weekly. News of each locality should be reliably reported each week. Do not allow the news in your neighborhood to become stale before reporting the items. We appreciate the fact that this is an extremely busy time with the farmers, but would request our correspondents to try and arrange to send in something each week. Necessary stationery will be forwarded to correspondents promptly on application.

A MOTHER'S LOVE.

A mother's love is so divine that the roughest man cannot help but appreciate it as the crown of womanhood. However, Motherhood is looked forward to with feelings of great dread by almost all women. At such times a woman is nervous, dyspeptic, irritable and she is in need of a uterine tonic and nerveine, a strength builder to fit her for the ordeal. No matter how healthy or strong a woman may be she cannot help but be benefited by taking Dr. Pierce's Favorite Prescription to prepare for the event.

This is what one mother says: "With a heart overflowing with gratitude I will endeavor to write you. It is nearly two years ago since I first wrote to you for advice regarding my health which was then very bad," writes Mrs. L. Poole, of Hinesdale, Ky., to Dr. R. V. Pierce, chief consulting surgeon of the Woman's Hospital and Surgical Institute, at Buffalo, N. Y. "I have described my sufferings in other letters to you. After receiving your advice and the 'Common Sense Medical Adviser' I bought some of your 'Favorite Prescription' and today am a well woman and the proud mother of a dear little boy."

Backed up by over a third of a century of remarkable cures, a record such as no other remedy for the diseases and weaknesses peculiar to women ever attained, the proprietors and makers of Dr. Pierce's Favorite Prescription now feel fully warranted in offering to pay \$500 in legal money of the United States, for any case of Leucorrhea, Female Weakness, Profluvium or Falling of Womb which they cannot cure. All they ask is a fair and reasonable trial of their means of cure.

Their financial responsibility is well known to every newspaper publisher and druggist in the United States, with most of whom they have done business for over a third of a century.

How to live in health and happiness, is the general theme of Dr. Pierce's Common Sense Medical Adviser. This great work on medicine and hygiene, containing over 1000 pages and more than 200 illustrations, is sent free on receipt of stamps to pay expense of mailing only. Send 10 one-cent stamps for the cloth-bound volume, or only 5 stamps for the book in paper covers.

COUNCIL DOES BUSINESS.

City Will Oblige Southern Pacific Co. to Remove Chinese Shacks.

The city council Wednesday night instructed the city attorney to proceed against the Southern Pacific Company and compel the removal of the Chinese shacks that are now located on land belonging to the city. An opinion was also submitted by City Attorney Story holding that Contractor E. W. Riner cannot recover anything from the city under the contract for the building of sewers in District No. 2. Riner claims about \$3000 for alleged extra work in connection with the contract and threatens to sue the city for the amount.

Two bids for the improvement of Center street for one block, connecting that thoroughfare with the South End road, were rejected for the reason that the estimate for the cost of part of the improvement in both bids was considered excessive.

Bonds 26 and 27, issued on the Jackson street improvement, and each in the sum of \$500, were ordered taken up and cancelled. A fourth estimate was received from the city engineer on the Center street improvement, showing that work to the amount of \$6200 had been performed, leaving but two blocks to be covered with crushed rock, when the contract will be finished. C. H. Casfield was the only person submitting a bid for improvement bonds to the amount of \$402.63, and his offer, which was for the face, accrued interest and 2 1/2 per cent premium, was accepted.

The committee on streets and public property was directed to appropriate some of the fine crushed rock that is left from

the South End road and use the same in repairing Seventh street. Ordinances granting Frank Busch a franchise for appropriating water from Ringer Hill creek and naming Railroad avenue and Mouloughlin promenade were passed. Chris Blum was re-elected sexton of Mountain View cemetery for the ensuing year.

An ordinance, creating sewer district No. 4, was introduced and the city engineer was instructed to prepare plans and specifications for the construction of a sewer therein. The proposed new district is in the vicinity of Madison street and includes about eight lots.

ON THE FARM.

There's many a successful business man who sits in his city office and lets his mind slip back to his boyhood days

on the farm. How good it felt to live! What an appetite he had! How good everything tasted! How sound his sleep was! How eagerly he rose with the sun and raced with him through the long day. And now he's a successful man. But he can't sleep. He doesn't enjoy his food. His stomach is weak, his nerves are shaken, and he no more rises with the sun to race eagerly against him. His vitality is low and now and again his heart seems to plunge in his breast as if it would break loose. That's the price he has paid for success.

The mischief of the whole business is that he buys "tablets" of one sort or another to "aid" his digestion, and indulges in bromides and other nerve stimulants, just to hold himself together, and wonders why he seems to be getting worse.

The whole trouble with such a man generally lies in what is called a "weak" stomach. The food he eats does not nourish him because it is only partially digested and assimilated. No man can be stronger than his stomach, because it is in the stomach and allied organs of digestion and nutrition that strength is made from the food which is eaten.

Dr. Pierce's Golden Medical Discovery cures diseases of the stomach and other organs of digestion and nutrition. It restores the strength of the body in the only way strength can be restored, by food which is perfectly digested and assimilated, when the diseased stomach (with its allied organs) is cured of disease. It is a blood-making, body-building medicine, inasmuch as blood is made from food and the body is built up by blood. It is not a stimulant, containing neither alcohol or any other narcotic.

NO OTHER DOCTOR FOR ME.

"Last spring, early I wrote you my feelings and condition," says Mr. A. J. Vandewater, 873 West Division Street, Chicago, Ill., "and you advised me to take Dr. Pierce's Golden Medical Discovery (a few bottles), and then write you how I felt. I am happy to say I am getting to feel fine. In all I have taken six bottles of the 'Discovery' and four or five vials of the little 'Pellets.' They have done me worlds of good. All my friends say, 'Vandewater, how well you are looking. What in the world have you been doing?' I tell them I have been doctoring with Dr. R. V. Pierce, of Buffalo, N. Y. 'Why, they say, you haven't been there?' No, I say, but I took his 'Golden Medical Discovery' and his little 'Pellets.' These medicines have wrought the great change in me. From a slow motion of a man that could hardly crawl, tired and sick all the time, and could do no work to a man who can work, sleep, eat, and feel fine, and that feeling is all going away. I am very thankful that I wrote to Dr. Pierce. His 'Golden Medical Discovery' and his little liver 'Pellets' have almost made a new man of me. I feel young as I did at thirty years. No other doctor for me, only Dr. Pierce."

HAD GIVEN UP HOPE.

"I will express my thanks to you for the kindly advice you have given me in regard to my case," writes Miss Carrie I. Wharton, of Pleasant, Spottsylvania Co., Virginia. "When I wrote to you last spring I was in a terrible state of health. I had given up all hope of ever being better. I spit up mucus all the time and it seemed sour as vinegar. I would have a bad sick headache every other week; in fact, my head never felt clear, and I was perfectly broken down under the strain of losing my food constantly. I had read a great deal in your books of what your medicine had done for others, so I wrote you and got your advice. Bought two bottles of 'Golden Medical Discovery' and the first dose I took I felt better. When I had finished taking the two bottles the spitting up had entirely stopped and my head was much better. I believe your medicines are just what you have said of them."

"I carefully read the books you sent me and shall always speak a good word for the 'Golden Medical Discovery' whenever I have a chance."

"You can publish this if you think it worth while. It might induce some one else to try your medicine who was suffering as I did. It was by the testimonials of others that I was induced to try it. I shall always rely upon your advice and feel safe to do as you tell me."
