REMEDY IS PROPOSED.

How Defect in Direct Primary Law May Be Treated.

The following remedy is proposed to cure the defect that has been found in the direct primary nominating law: Electors may register again while books are open from September 29 to October 20, on the ground that the last registrations are not complete.

Registration made last Spring may be amended by addition of electors' political affiliations, on the same basis that is permissible to reform a court record. Provision is made that any elector may swear in his vote.

Nominations may be made under the provisions of the old law, and elections held in accordance therewith, upon the assumption that the new act was not intended to apply to Fall and Spring elections, because so to do would be retroactive, disqualifying voters by an ex post facto enactment.

Municipal elections not held till next year may be provided for by an act of the Legislature.

LOOP IS COMPLETED.

O. W. P. & R. Company Issue New Schedule October 1.

The loop of the Oregon Water Power & Railway Company by way of Sellwood and Willburg to Lents from the terminal grounds south of Hawthorne avenue is practically completed, and regular trains will run over this branch October 1. Some freight cars are now using it. The work of ballasting the new track is now going forward. All the Oregon City cars, and the freight and passenger cars for Estacada will use this line. The new line will reduce the time to Oregon City very materially, the run being made over it in 45 minutes. Traffic for Sellwood and way points will continue to be taken care of by the Sellwood cars operated over the present line on Milwaukee avenue.—Oregonian.

Saloon License.

Notice is hereby given that I will apply at the next meeting of the city council for a renewal of my license at my present place of business, corner of Seventh St., and Railroad Avenue.
