

...Short Sidehead Stories...

TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

He Deserted Her.—Through her Portland attorney, May Merriam has brought suit for divorce from Frank Merriam of whom she was married in Wyoming in 1899. Desertion in December, 1901 is alleged by the plaintiff.

Married the Girl.—Arrested at Grants Pass and returned to this city on a criminal charge preferred by Freda Boul, of West Oregon City, Robert Trimble, a former Oregon City boy, compromised the situation last Thursday afternoon by wedding the girl. The charge against the young man was then dismissed by the authorities.

Will Raise Rice.—Mr. and Mrs. Allen, of Polk county, accompanied by their son, Clarence Allen, of this city, left a few days ago for Louisiana, where they will engage in the culture of rice. Two other sons have preceded Mr. Allen and are successfully growing this product in that State where the growing of rice is one of the principal industries.

Crown Paper Company Gets Water.—A fifty year lease from the Portland General Electric Company to the Crown Paper Company, granting to the grantee water power and rights to the canal and in the lease, has been filed in the City recorder's court here. The Crown Company pays \$2,000 quarterly for the privileges enjoyed under the lease.

Delegates From Oregon City.—The following named delegates have been named by the First Congregational church of Oregon City to attend the meeting of the Congregational Association which will be held at Portland September 27 inst. Mrs. C. D. Latourette, Mrs. J. M. Mark, Mrs. M. M. Gardner, Mrs. W. A. White, Rev. E. B. Bollinger, C. H. Dye, and W. H. Adair.

Horse and Buggy Stolen.—H. G. Bergman, a farmer residing near Sherwood, has reported to Deputy Sheriff Hackett that a horse and buggy was stolen from his farm on the 14th inst. The horse, iron gray in color, weighs 1300 pounds, and a top buggy was also taken. Lester Lewis, who recently completed a year's sentence in the Oregon penitentiary, is suspected of the robbery. Lewis burglarized the store and post office at Willsonville, this county, about eighteen months ago.

Back From England.—H. K. Kelland, the good-natured New Era granger, has returned from a three months' visit to his old home near Manchester, England, having not visited the scene of his boyhood days since he came to America 44 years ago. Three months were passed in visiting different parts of England and another thirty days were consumed with several brothers and a sister at Detroit, Michigan. A number of other of the principal points in the East were visited by Mr. Kelland who returns to his adopted Webfoot state in a greater degree of contentment than ever.

Fire Causes Loss of \$1250.—A barn near Wentz station on the Oregon Water Power & Railway Company's line, belonging to Ed. Tucholke, was burned to the ground September 12. Besides the barn a large store of hay, together with a baling machine and other farm machinery, were also burned, the total loss amounting to \$1250 with no insurance.

His Wheel Was Stolen.—Sunday afternoon a farmer named Moehnke, from near Beaver Creek, came to Oregon City on business. He rode his bicycle to this city, leaving the wheel near Horton & Jacks while he called at the residence of T. L. Charman. Returning a few minutes later the silent steed had disappeared and no trace of the property could be found.

Will Locate at Oregon City.—Dr. H. F. Mount is expected to return to Oregon City from the East within a few days. For the last year Dr. Mount has been serving as house physician at St. Bartholomew's Hospital at New York City, besides otherwise pursuing his medical studies. Upon returning to Oregon City, Dr. Mount will form a partnership with Dr. E. A. Sommers and expects to be permanently located here in the practice of his profession.

Oregon City Was In It.—One of the main features at the State Fair at Salem last Friday was the baby show. This proved one of the most attractive contests held during the session of the Fair, and Oregon City won second money. The prizes were awarded as follows: First prize, Alice McClellan, of Salem; second, George Emerson Hoyt, Oregon City; third, Bernice Todd, Woodburn. The judges were: Mrs. W. F. Mallock, Pendleton; Mrs. David Craig, Mackay; and D. M. Averill, Portland.

Were Treated Royally.—John Adams, of Adams' Bros. Bazaar, reports a grand time at San Francisco where he attended the Grand Conclave of the Knights Templar. He says the people of the Golden Gate City spared neither pains nor expense to entertain the visitors. Tickets to all places of amusement were provided the city's guests immediately on their arrival in the big city and the visitors were also treated to automobile tours of the city and parks and in fact were shown every possible courtesy that would contribute to the pleasure of their visit. Mr. Adams reports that the entire route between Oregon City and Portland was troubled by a cloud of smoke that obscured from vision many points of interest. For instance, Mt. Shasta was not visible from the railroad and the density of the smoke defeated the intended visit of many points of great elevation surrounding San Francisco. Mr. Adams says, however, that the electrical display in San Francisco, was grand. Market street, for a distance of four miles, was almost one continuous electric light. This feature of the entertainment alone cost about \$50,000.

Will Go It Alone.—The partnership heretofore existing between Philipp Bucklein and A. Kleinmiller this week dissolved. Mr. Bucklein purchasing his partner's interest. Mr. Kleinmiller will continue the business at the present location, corner of Twelfth and Main streets, where he is prepared to give the same satisfaction in all lines of the business that the firm has given in the past.

Some School Notes.—The West Oregon City Schools opened Monday morning with a satisfactory attendance. W. Gilbert Beattie, the principal, is assisted by Carrie Ridings, Della Chulnard and Bessie Grant. The patrons of Oak Grove District have levied a tax of ten mills with which it is proposed to complete the payment of the school building that was recently erected by that district. George School District No. 57 has levied a tax of fifteen mills. The tax realized from this levy will be used in the building of a new school house.

Want Him Removed.—Governor Chamberlain yesterday received a petition for the removal of one J. D. Ritter, of Needy, as a notary public of the State of Oregon. The petition, which is signed by Mr. and Mrs. R. A. Blevins, Mr. and Mrs. Randall, of Oregon City; and Mr. and Mrs. E. B. Miller, Mr. and Mrs. Chase, Wolfey, W. D. Miller, P. Miller, and Mr. and Mrs. A. Genini, of Aurora, all prominent citizens of this and Clatsop counties, comes in the form of a complaint and is couched in the following language: "That said J. D. Ritter did, in the presence of the undersigned and upon the public highway disturb the peace and use language in the presence of women and children unbecoming a man in his official position, and make threats to do bodily harm to his fellow creatures. We, therefore, deem the said J. D. Ritter unworthy of his appointment and ask the Governor to consider the removal of the said J. D. Ritter as notary public."—Tuesday's Salem Statesman.—This action on the part of Mr. and Mrs. Miller et al. is another chapter in the feud that has existed for some time past between the Miller and Ritter families.

General Crop Summary.—The weather during the last week was dry and smoky, with warm days and generally cool nights. Fogs occurred in the western section on several mornings, and in portions of the coast counties there was quite a deposit of moisture from them, which was of slight benefit to gardens and pastures. Threshing continues in scattered portions of the Columbia and Grand Ronde valleys. Hop picking was rapidly pushed to completion, and only a few yards remain to be finished up. The yield continues below average, but the quality is very good. Early planted potatoes are being dug; the yield is very disappointing. Late potatoes continue to do poorly on account of lack of rain. The third crop of alfalfa is about ready for harvesting, and some cutting has been done in portions of eastern Oregon. But little plowing or seeding was accomplished, as the soil is too dry for working. In the Willamette valley a few fields have been "disced" in on ground plowed last spring. Corn is ripening nicely; the ears are large and well filled, and on the whole the crop promises well. Pastures are very dry and stock is losing flesh. Prune drying is progressing rapidly in Southern Oregon. In the Willamette valley the fruit is rather slow in ripening, and picking and drying will not be general much before next week; the crop is very light. Late apples, while rather small, promise abundant yields; the early varieties continue to drop more than usual.

Resolutions.
Whereas, it has pleased the Great Kishi Manotu to remove from us our Brother Emanuel Ott, one for whom we have felt a fraternal regard, let us cherish his memory, imitate his virtues and profit by this afflictive dispensation of the Great Spirit, in whose hand all power exists. Therefore be it
Resolved, That a committee of three be appointed to draft resolutions of condolence and spread the same upon the records of Wacheno Tribe No. 13, Improved Order of Redmen, and a copy sent to the relatives of Brother Ott, and a copy inserted in the Enterprise and the Courier.
Signed in F. F. & C.
C. R. Woodward,
Chas. W. Kelly,
J. Frost.

Workingmen Unite!
A meeting will be held at Willamette Hall, September 24, at 8 p. m.
"Whereas there are at this time conditions confronting the wage workers of this country which makes it necessary for them to get closer together for their own protection, the Organizer of the American Labor Union will address the people at the above named place, and you are cordially invited to be present to hear the only logical plan for the workers to use to be successful in protecting the working class."

WHY IT SUCCEEDS.
Because it's For One Thing Only and Oregon City is Learning This.
Nothing can be good for everything. Doing one thing well brings success. Doan's Kidney Pills do one thing only. They're for sick kidneys. They cure backache, every kidney ill. Here is evidence to prove it.
Mrs. Gove, of 509 Montgomery street, Portland, wife of Capt. C. G. Gove, ex-sea captain, says: "I tried Doan's Kidney Pills and they did me more good than any other remedy I ever used for my kidneys. For two or three years off and on I suffered from sharp pains across my back which started with a dull aching and when I walked or over-exerted myself the pain became very acute. Any cold I caught aggravated it and rendered my kidneys weak. I read about Doan's Kidney Pills and got a box and used them according to directions with the result that the backache left me, and my kidneys were wonderfully strengthened. I am greatly pleased with the results obtained from Doan's Kidney Pills and I unhesitatingly recommend this valuable remedy to anyone suffering from kidney trouble."
Plenty more proof like this from Oregon City people. Call at C. G. Huntley's drug store and ask what his customers report.
For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name, Doan's, and take no other.

Don't Shop Around for Drugs and Medicines—might as well come to Huntley's first at last

POPULAR PRICE DRUGGISTS

If you want quality accuracy, skill, in your prescriptions go to Huntley's

Rubber Values Stretched

It is neither safe nor a saving to get anything but the best when buying drugstore goods. There is no economy so false as trying to save a few cents at the expense of quality, when buying drugs and medicines. Only one grade here--the best, and the prices as low as you might pay for inferior goods.

Next week School Begins

Having no real competition in Rubber Goods we occasionally have to enter on a little competition with our own prices. This week we are going to sell Rubber Goods for less than many dealers pay for them. Better yet, they will be pure rubber. We buy direct from the manufacturers and we pick the manufacturers carefully. Rubber Goods made from old rubber are not good enough for our trade. These prices speak for themselves. See the goods in the windows.

FOUNTAIN SYRINGES		BULB SYRINGES

ARE YOU THINKING OF BUYING A WATCH?

If so, do you know enough about watches to make a safe purchase? Remember that we are an old reliable house, that we have been in the watch business for many years and that we make a specialty of repairing watches and therefore are in a position to know all about them. :: :: :: ::

We recognize that we must be honest with you to retain your patronage, as we are here to stay and to make good our guarantee. We carry the largest stock of Watches and Jewelry in Clatsop county.

These are some of the reasons why you should make it a point to see us when you want to purchase a timepiece or have it repaired. Our Watches are made in solid gold, gold filled, silver and nickel. In the filled we sell the Boss make. It is made of two layers of solid gold, with a layer of stiffening metal between. It has the elegance and wearing qualities of an all-gold Watch, and the price is much less.

BOSS-14K
