Harvest and hop picking are over in this section. Farmers are busy hauling and shipping their grain and hops. Quite a number of hop sales have been made here in which good prices were realized. Our school began Monday, the 26th, with Mr. Faulding and Miss Thompson as teachers. We wish them success. J. W. Owens is having his house repaired, besides having a new porch put on which improves the looks very much. Our blacksmith, Mr. Fletcher, is putting up a larger building. Mr. Jameson, the driver for the Tuatatin mills, whose brake broke on the hill on the Oregon City road, and he lost control of his four-horse team and plunged off the log fill with a load of lumber.

GARFIELD.

Sunday afternoon at 2 o'clock, while attempting to wade across the Clackamas river three miles above Casadero, a young mechanic from Canby by the name of Landen, was swept off his feet by the swift current and drowned. The young man was about 21 years of age. His parents reside at Salem, and were notified by telegraph from Estacada, by the young man's companion, who succeeded in crossing the river. Today several men were searching and dragging the river, but returned at 6 o'clock this evening unsuccessful. The father of the youth arrived last night and says he will remain till the body is recovered. The mother is prostrated with grief. This sad event should be a warning to all men not to attempt to wade the Clackamas. It is a swift and treacherous stream, and whoever attempts to wade it is foolhardy, and does so at the imminent peril of his life.

BLACK-DRAUGHT STOCK and POULTRY MEDICINE

Stock and poultry have few troubles which are not bowel and liver irregularities. Black-Draught Stock and Poultry Medicine is a bowel and liver remedy for stock. It puts the organs of digestion in a perfect condition. Prominent American breeders and farmers keep their herds and flocks healthy by giving them an occasional dose of Black-Draught Stock and Poultry Medicine in their food. Any stock raiser may buy a 25-cent half-pound air-tight can of this medicine from his dealer and keep his stock in vigorous health for weeks. Dealers generally keep Black-Draught Stock and Poultry Medicine. If yours does not, send 25 cents for a sample can to the manufacturers, The Chattanooga Medicine Co., Chattanooga, Tenn.

Howells, G., Jan. 20, 1903. Black-Draught Stock and Poultry Medicine is the best I ever tried. Our stock was looking bad when you sent me the medicine and now they are getting so fine. They are looking 20 percent better. S. F. BROCKINGTON.

WHAT GAVE OF A LETTER.

My Dear Aunt Kate: I must tell you the good news. Right after receiving your letter, the day before New Year's I started in with new resolutions on the first of the year. I wrote to Dr. R. V. Pierce, at Buffalo, N. Y., as you requested me to do. I gave him all my symptoms, which were that I was tired—so tired—all the time and did not care to go anywhere, depressed and sad, and all ambition gone, backache and a dragged-out feeling, could not sleep, limbs feeling sore and aching. I followed the doctor's advice, which he went to considerable pains to make plain to me—to rest every day—a nap after lunch—complete relaxation—cultivate repose of mind, try not to worry, get as much outdoor air as possible, and practice long, deep breathing, expanding the lungs. Then for a uterine tonic, Dr. Pierce's Favorite Prescription, coupled with a wash he told me of. I must say that after following his advice for four months I feel perfectly cured and like a new woman. Yours affectionately, I. J. WELL.

Letters like the above are not unusual. Mrs. Kooman, of 537 Grant Ave., Schenectady, N. Y., says: "I continued with the medicine until I had taken five bottles, also two vials of the 'Pleasant Pellets,' and I was cured. I always recommend Dr. Pierce's medicines to my friends when they are not well." "My daughter is in quite good health, thanks to Dr. Pierce's backache and dragged-out feeling pills, and I was cured. I always recommend Dr. Pierce's medicine to my friends when they are not well." Send 31 one-cent stamps to Dr. R. V. Pierce, Buffalo, N. Y., for his Common Sense Medical Advice, 100¢ pages.

The advertising fakirs have come and gone, carrying away with them well filled purses. But what good have they done the county or business men who patronized them? None, whatever, for business is the same. From a business point of view, business men could have come to the Headlight office and obtained better write ups and considerable more space for one-third the money. But, don't you know, some men can be easily induced to dig up \$10 to \$25 to have the wool pulled over their eyes by an advertising fakir, whereas, if the Headlight man went to them and made a business proposition to give their business good advertising at reasonable rates, they would squirm, talk about poor business and could not afford to advertise. We do not like to see advertising fakirs doing the town and the business men any more than we do outside fakirs soliciting trade which rightly belongs to the local merchants. As we said before, the advertising fakirs have come and gone and have carried off a pretty big wad, with little or no results, so it is no good crying over spilled milk, but whenever business men have a little money to spend for advertising let them patronize the Headlight, the home newspaper that has stood by the county and fought for its interests for so many years.—Fillamook Headlight.—There is more truth than poetry in the foregoing paragraph.
