

Miss Agnes Miller, of Chicago, speaks to young women about dangers of the Menstrual Period.

"To Young Women:—I suffered for six years with dysmenorrhea (painful periods), so much so that I dreaded every month, as I knew it meant three or four days of intense pain. The doctor said this was due to an inflamed condition of the uterine appendages caused by repeated and neglected colds. If young girls only realized how dangerous it is to take cold at this critical time, much suffering would be spared them. Thank God for Lydia E. Pinkham's Vegetable Compound, that was the only medicine which helped me any. Within three weeks after I started to take it, I noticed a marked improvement in my general health, and at the time of my next monthly period the pain had diminished considerably. I kept up the treatment, and was cured a month later. I am like another person since. I am in perfect health, my eyes are brighter, my color is good, and I feel light and happy."—Miss AGNES MILLER, 25 Potomac Ave., Chicago, Ill.—#32009

The monthly sickness reflects the condition of a woman's health. Anything unusual at that time should have prompt and proper attention.

ing two of his fingers amputated, a few days ago.

Miss Alice Wilcox, who has been visiting her sister, Mrs. Baxter of Oregon City, is expected home soon.

Mr. and Mrs. H. H. Andrews entertained a number of friends at their home last Sunday. Among the guests were: Mr. and Mrs. W. H. Holder, Mr. and Mrs. Elmer Davis, Floyd Holder, Cretia and Walter Lemon.

Mr. Cord Lorne and Mr. Henry Palmatier were guests at the home of Mr. and Mrs. S. C. Huffman last Sunday evening.

Miss Selma Rodin, who is teaching the Pottsville school, paid a visit to her home in Oregon, last Sunday.

Judging from the reports that are continually reaching here, the Garfield people seem to be rather desperately inclined. During the past week there have been a number of cases of hand to hand engagements, also a case of gambling and money stealing.

Mrs. S. C. Huffman and her daughter, Nora, were in Estacada, Friday.

MOLALLA.

Since we have a drug store, it is reported we are to have two more doctors to assist in prescribing the medicine.

Mrs. Nightengale is having an addition built on to her house in South Molalla.

Wm. J. E. Vick, road supervisor, has been getting several hundred dollars worth of gravel out on the road about the right place, but we fear he will not find all the right places this fall.

E. K. Dart has made himself a new well, thirty-two feet deep. He now has a pair of a kind, with the hope that two will afford more water than one.

John Gross and Royal Davidson have rented Dr. Parent's farm in Section 19. Now, since old Clackamas county is going to have an exhibit at the Lewis & Clark Fair, let us all have pride enough for our county to assist in bringing forth a sample of its many and varied resources for this exposition. It is the cheerful co-operation the committee should have from all, as the task is a laborious one, without compensation. As good residents of Clackamas county,

we are all interested in putting up a creditable showing for the best county of the state, for if we are not on the alert, some of the small counties, with one-tenth of the possibilities of ours, will out do us. And it is none too soon to commence thinking seriously along this line. So when you meet the committee for your precinct, you can produce some product or specimen of field, factory or forest, that would never be brought to notice without your assistance. By such a united effort from all, we can make a county exhibit that will be a credit to our county and state. And when you see Clackamas exhibit in its entirety at the Lewis & Clark Fair in 1905, where you are going to see and pass judgment on its merits and demerits, think then you will not have any pride for your county? Just ask yourself the question, "Did I contribute anything in thought or action to make this the success it is?" People, the material for the exhibit is now with you, at your command, within reach at your homes, or will be on hand in season. The committee is a means of collecting and arranging this material for exhibit, hence the need of a hearty co-operation in this work.

Can You Eat?

J. B. Taylor, a prominent merchant of Christman, Tex., says: "I could not eat because of a weak stomach. I lost all strength and ran down in weight. All that money could do was done, but all hope of recovery vanished. Hearing of some wonderful cures effected by use of Kodol Dyspepsia Cure, I concluded to try it. The first bottle benefited me, and after taking four bottles, I am fully restored to my usual strength, weight and health." Kodol Dyspepsia Cure digests what you eat and cures. Sold by G. A. Harding.

GARFIELD.

Ben F. Rawlins had his hand seriously injured in Linn Bros' saw mill last week. He was off-bearing and got too near the saw. Mr. Rawlins is a nephew of General Grant's Secretary of War.

Miss Selma Rodin visited her parents Friday. They reside at Damascus. In the list of teachers in the Enterprise, Miss Rodin is credited with teaching on a permit. This is an error. She has a third grade certificate.

Mrs. Ida Palmatier and Mrs. Sadie Wade, of Olex, Morrow county, are visiting friends at Garfield this week.

The Tracy school began Monday, October 17th.

H. B. Sarver is visiting among friends at Garfield and Currinville this week.

The Stubbe-Warner affair bids fair to get into the courts. Mrs. Stubbe states that she intends to bring action against Warner. The trouble arose originally in a dispute concerning a line fence.

Snow fell on the mountain tops Saturday night. This is the first of the season.

C. G. Eubanks, prescription clerk at guests of Mrs. Ida Huxley this week.

The following Garfield people attended Pomona Grange at Clackamas last week: Mrs. Martha Davis, Mr. and Mrs. E. T. Davis, and F. M. Gill.

Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once been cured by it.

Mistaken for a Pheasant.—A seven-year-old lad named Kyle, was probably fatally wounded at Aurora last Wednesday by his uncle, George Muesig, who mistook the lad's movements in a tree for the efforts of a wounded pheasant to escape. Muesig, while hunting for pheasants, was successful in wounding one which took refuge in a tree near which young Kyle was playing. The boy noticed the bird light in the tree and quickly climbed among the limbs in search of the pheasant before the uncle appeared on the scene. Arrived at the tree, the hunter noticed a disturbance in the branches of the tree and immediately fired, the entire charge lodging in the lad's back.

Another Report.

Hugo Kell, one of Chas. Kell's boys aged about 11 years, was accidentally shot Sunday by Geo. Muesig while out hunting. The boy was allowed to accompany Mr. Muesig and William Kell on a hunt for China Pheasants. The men became separated, and after a while Mr. Kell decided to return home, but the boy who had been following him, started across to join Mr. Muesig. The latter knew nothing of the boy's coming and when he caught sight of the little fellow's gray cap as he was crawling through a fence, he mistook it for a pheasant and fired. He was horrified to hear the screams of the boy, and immediately took him home and later to Dr. W. W. Glesy who dressed the wounds. Seven No. 8 shot had taken effect, some in the back of the head and others in the back. Fortunately none of the shot had penetrated into the vital organs, and the boy is expected to recover in a short time.—Aurora Borealis.
