The Currans boys and girls back in Kansas, and dropped in on them after a lapse of 14 years since they had met.

Mr. McGeehan lost a cow several months ago and found her last week in the canyon back of the Gale place where she had fallen and died.

Mr. Holland, who lately moved from the country to town has bought lots on Jefferson street and J. D. Locke is building a cottage for him.

Last Monday the large pole was set and the arc light swung up near the scale house.

Wm. Taylor has rented the Gale place and moved in last week.

Several parties have been looking over the locations here contemplating buying, one or two intend building.

The communication in the Enterprise on road building should meet the hearty approval of any one as it is plainly seen that crushed rock, as it has been put on the Molalla road, is being pushed out and holes are made by the heavy loads that go over them, and while investigating road improvements, it would benefit the sidewalks to have new boards where the old ones are out and one hundred and fifty thousand of the nails that are standing half way out driven in.

Mrs. Will White was called to the home of her father, Mr. Manning, as his death is expected hourly.

Mrs. Dodge has left Mr. Currins, and he is again without a housekeeper.

Two suspicious characters were seen prowling in the vicinity of Geo. Ely's store and residence also at one or two other places. A few loads of board shot were ready for them had they made any attempt at housebreaking.

Politics are the theme of conversation among the box loafers around the store, but as yet no one has been elected President.

John Francis is visiting his sister, Mrs. Gillette.

Mrs. Grace Ely and Miss Maude Moran have embarked in dressmaking.

Several new sewing machines have been sold in this vicinity and still "there's more to follow."

Some "gentleman" spit tobacco juice over Geo. Ely's store windows while enjoying the first night of the electric light. Such conduct is to be expected of a brute, not one in human shape, however.

One of Many.

H. A. Tisdale, of Summerton, S. C., suffered for twenty years with the piles. Specialists were employed and many remedies used but relief and permanent good was found only in the use of DeWitt's Witch Hazel Salve. This is only one of the many cures that have been effected by this wonderful remedy. In buying Witch Hazel Salve it is only necessary to see that you get the genuine DeWitt's, made by E. C. DeWitt & Co., in Chicago, and a cure is certain.

DeWitt's Witch Hazel Salve cures all kinds of piles, cuts, burns, bruises, eczema, tetter, ringworm, skin diseases, etc. Sold by G. A. Harding.

REDLAND.

The Redland Literary and Debating Society is progressing nicely. The Society opened with nine charter members; it now has 28 members with every indication of a large increase.

Decided interest has been shown by all in attendance. At the last meeting a very interesting program was rendered, including addresses by Mr. A. M. Kirchem, recently from Alaska, and others. L. Mosher, mate of the U. S. snag boat, gave an interesting talk of the work carried on by his boat. After the literary program, a lively contest was witnessed in the debate, led by Wm. Stone, Jr., and Arthur Barrett.

In the election of the following officers were chosen: President, Fred Wilcox; to succeed Wm. Stone; Vice-president, Geo. Hechinbotham; to succeed A. M. Kirchem; Secretary, Minnie Hubert; to succeed Ora Wilcox; Treasurer, Ora Wilcox; to succeed Maude Stone; Sergeant at arms, L. Funk; to succeed A. Barrett.

The next meeting will be held Friday, November 4, and a program of greater interest than ever is promised.

Everyone, young and old, are invited to attend, and to bring their friends.

A DUTY WOMEN OWE THEMSELVES.

"Good actions speak louder than words," so too, does the testimony of many thousands of women during a third of a century speak louder than mere claims not backed by a guarantee of some kind. That is the reason why the proprietors of Dr. Pierce's Favorite Prescription are willing to offer \$500 reward to any woman who can not be cured. Such a remarkable offer is founded on the long record of cures of the diseases and weaknesses peculiar to women. If there is an invalid woman, suffering from female weakness, prolapsus, or falling of womb, or from leucorrhoea who has used Dr. Pierce's Favorite Prescription without complete success, the proprietors of that medicine would like to hear from such person—and it will be to her advantage to write them as they offer, in perfect good faith, a reward of \$500 for any case of the above maladies which they cannot cure. No other medicine for woman's ills is possessed of the unparalleled curative properties that would warrant its makers in making such an offer.

The sisters of the Good Shepherd, at their convent, "Our Lady of the Woods," Cathage, Ohio, use a great deal of Dr. Pierce's medicines; they say, in a recent letter to Dr. Pierce: "We beg to assure you of the great benefit these medicines give our ailing ones. We cannot sufficiently recommend their excellence."

When the druggist says he has something that is as good as Dr. Pierce's Favorite Prescription, just tell him, "There's nothing just as good." He says so because he hopes to make a better profit but his own mixtures have not stood the test of long experience and success that Doctor Pierce's medicines have. Then too many patent medicines advertised as tonics, contain large quantities of alcohol. Dr. Pierce guarantees that his "Prescription" does not contain a particle of alcohol.

Dr. Pierce's Common Sense Medical Advice—sent on receipt of 21 one-cent stamps for a copy in paper; 11 stamps in cloth binding. Address: Dr. R. V. Pierce, Buffalo, N. Y.

WILL CREATE TWO NEW ROUTES

Mail Delivery Service to be Extended in Clackamas County.

Inspector of Rural Routes Clement, has recommended to the Post Office Department at Washington the creation of two new rural routes from the Oregon City Office. The routes that have been recommended were inspected by Mr. Clement and Postmaster Randall Wednesday.

One of the two new routes is mapped out as follows: Carrier No. 2, will meet the new carrier at Logan about 11 a. m. when a transfer of the mail will be had, the route extending via Viola to Highland thence to Springwater and back to Logan, covering a distance of about 20 miles and serving 85 families.

The other route will consist of a loop from Route No. 3, the new carrier meeting Carrier No. 3, at Shubel

SHYLOCK

Shylock was the man who wanted a pound of human flesh. There are many Shylocks now, the convalescent, the consumptive, the sickly child, the pale young woman, all want human flesh and they can get it—take Scott's Emulsion.

Scott's Emulsion is flesh and blood, bone and muscle. It feeds the nerves, strengthens the digestive organs and they need the whole body.

For nearly thirty years Scott's Emulsion has been the great giver of human flesh.

We will send you a couple of ounces free.

A Suggestion to Stockmen

Have you prepared your stock for the hard winter? No doubt it will be a very severe one. Hay and grain will be high. Don't make the mistake of letting them run down in the winter expecting to get an early spring. If you have to "skimp" them do it then and not during the first part of the winter. Stock Foods and Condition Powders will help you to do this. We have all the advertised kinds, such as

and proceeding thence to Highland returning via Moehke settlement to the starting point. This route is about 18 miles in length and will distribute mail to 93 families.
The creation of these two new routes will probably dispense with the post offices at Beaver Creek, Springwater, Clarkes and Highland, besides doing away with the star route to Meadowbrook.
King's Daughters to Entertain.
The King's Daughters will give one of their popular socials on Saturday evening at Willamette Hall. A fine musical program, pantomimes, two Gypsies and dancing will be the main features. Admission 25 cents. Refreshments, pumpkin pie and fine coffee, 10c.

Cause of Lockjaw.
Lockjaw, or tetanus, is caused by a bacillus or germ which exists plentifully in street dirt. It is inactive so long as exposed to the air, but when carried beneath the skin as in the wounds caused by percussion caps or by rusty nails, and when the air is excluded the germ is roused to activity and produces the most virulent poison known. These germs may be destroyed and all danger of lockjaw avoided by applying Chamberlain's Pain Balm freely as soon as the injury is received. Pain Balm is an antiseptic and causes cuts, bruises and like injuries to heal without maturation and in one-third the time required by the usual treatment. It is for sale by G. A. Harding.
THERE STILL IS TIME.
Stop and Think What it Means to Get a Story & Clark Piano Now.
Only a Few More to Go at Wholesale Prices, and other introductory Inducements.
Some of the most costly styles are already entirely sold out, but there still remain a few exceedingly neat and artistic designs and your choice is of ether walnut, oak or mahogany. Any one of them will do credit to the most elaborately furnished home.
Remember these less costly cases house the same splendid tone that characterizes all Story & Clark Pianos.
Music Lessons with text books for six months are free with these few remaining pianos for the first three pianos disposed of by us and every one goes at wholesale price and in addition to all this, these purchasers get a Christmas present of a handsome music cabinet.
Think it over and see if you do not want to give one of the children a start in music this winter. You will probably never have another so good a chance, for after the few remaining pianos are gone, we will not be permitted to offer these astonishingly advantageous inducements.
Easy terms of payment, or all cash, as pleases purchaser. Full guarantees with every instrument. Eilers Piano House, 351, Washington St., Corner Park.

CHAMBERLAIN'S COUGH REMEDY.
No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all these facts are taken into consideration it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to
