MULLINO.

We haven't been heard of for some time, but are still on earth. Our little burg is rather quiet and not much news. The sad death of Mr. F. M. GARFIELD.

The Garfield Literary and Debating Society met at the Garfield school house Friday evening, November 4. The question for discussion was: "Resolved, that Local Option will be beneficial to Clackamas County." The speakers on the affirmative were E. C. Huffman, J. E. Stubbs, and Mrs. M. K. Irvin; on the negative, F. M. Gill and W. R. Oatfield. The affirmative speakers were eloquent and forceful, the negative put up a lot of "hot air," so perforce the decision of the judges was in favor of the affirmative. A good program of recitations and readings was rendered. The question for debate next Friday evening is "Resolved, That women should not be deprived of the right of suffrage." The affirmative speakers are Selma Rodun, Lucretia Lemon, Mr. Wallace, and Mr. W. R. Oatfield; the negative, F. M. Gill, J. E. Stubbs and E. C. Huffman. Everyone is welcome to attend. Dr. Ernest L. Tiffany, the temperance evangelist, spoke at the Garfield

LIVER TROUBLES

"I find Theford's Black-Draught a good medicine for liver disease. It cured my son after he had up to him with doctors. It is all in one medicine I take."—MRS. A. OLIN, MARTIN, Parkersburg, W. Va.

If your liver does not act regularly go to your druggist and secure a package of Theford's Black-Draught and take a dose tonight. This great family medicine frees the constipated bowels, stirs up the torpid liver and causes a healthy secretion of bile. Theford's Black-Draught will cleanse the bowels of impurities and strengthen the kidneys. A torpid liver invites colds, biliousness, chills and fever and all manner of sickness and constipation. Weak kidneys result in Bright's disease which claims as many victims as consumption. A 25-cent package of Theford's Black-Draught should always be kept in the house.

"I used Theford's Black-Draught for liver and a day's complaint and found nothing to equal it."—W. ILLI-M COFFMAN, Marblehead, Ill.

hall Saturday night, November 5th. The hall was filled with a very attentive crowd. Dr. Tiffany is the most eloquent and forceful speaker who has ever spoken in Garfield. He is very witty and logical. Ralph Lemon and Earl Wagner settled a difference with their fists last Friday night. Ralph was the victor. An oyster supper and social was given at the residence of Conrad Krigbaum, November 11. Twenty guests were present, and all enjoyed themselves.

The work on the O. W. P. dam is progressing rapidly. The excavation of the reservoir is moving apace. The canyon of the Clackamas resounds with the sound of labor day and night.

C. A. Looney and Miss Nora Hale attended the temperance lecture at Garfield last Saturday in "Pa's top buggy."

November 5th, election day, dawned clear and bright. Little interest is being manifested in the presidential part of the ticket. All interest centers in the prohibition question. The election at Garfield is quiet. Prohibition will carry Garfield precinct by a good majority. Whiskey is flowing freely at Eagle Creek, several voters being in a maudlin condition. The probability is that that precinct will go wet.

November 9th, Garfield precinct on prohibition gives the following vote: for prohibition 37; against 17; a plurality of 20. Eagle Creek gave a plurality of 42 against prohibition. Roosevelt carried both precincts by a large majority.

F. M. GILL.

A Startling Test.

To save a life, Dr. T. G. Merritt, of No. Mehoopany, Pa., made a startling test resulting in a wonderful cure. He writes, "a patient was attacked with violent hemorrhages, caused by ulceration of the stomach. I had often found Electric Bitters excellent for acute stomach and liver troubles so I prescribed them. The patient gained from the first and has not had an attack in fourteen months." Electric Bitters are positively guaranteed for Dyspepsia, Indigestion, Constipation, and Kidney troubles. Try them. Only 50 cents at Howell and Jones.

Chronic Cases.
Osteopathy made its early fame helping such chronic ailments as rheumatism, asthma, old dislocations and nervous breakdowns. With old and young it has been found equally able to cope with acute diseases, however, and now fevers, colics, acute pains of many sorts and the emergency ills are as much its legitimate province as the old abandoned chronic cases. See Dr. Parker, Room 13, Garde Building, Oregon City.
