

THE above picture of the man and fish is the trademark of Scott's Emulsion, and is the synonym for strength and purity. It is sold in almost all the civilized countries of the globe.

If the cod fish became extinct it would be a world-wide calamity, because the oil that comes from its liver surpasses all other fats in nourishing and life-giving properties. Thirty years ago the proprietors of Scott's Emulsion found a way of preparing cod liver oil so that everyone can take it and get the full value of the oil without the objectionable taste. Scott's Emulsion is the best thing in the world for weak, backward children, thin, delicate people, and all conditions of wasting and lost strength.

"STAGE" IS THE LATEST RAGE.
A Funny Card Game, Based On The Joys and Sorrows of the Theatrical Business.

The theatre this season has a dangerous rival in the affections of the amusement seeking public in "Stage", an uproariously funny card game, whose playing gives many humorous hints of the joys and sorrows of the theatrical business. This game, which even thus early in

the winter, has become the reigning fad of social gatherings in multitudes of homes and clubs, has won its wide favor in society not only by its appeal to the fun loving propensities of the people, but also by the artistic portraits of favorite actors and actresses, which its 54 cards contain. A pack of "Stage" is a cherished souvenir of the theatre of today.

The game makes no demands upon the players that lessen the convulsing fun that it creates. It is played rapidly and there are so many traps that can be set for the unwary that a hand is seldom unaccompanied by a cyclone of mirth. All branches of the profession are represented, from Grand Opera to Vaudeville, and the "Blizzard" card creates as much consternation in the game, as that kind of weather does in the theatrical profession. Thus, there are the "Holiday" card, quite a different sort, and the "Deadhead", which may help a player to the coveted "Houseful", at a critical moment. There are "Audience", "Box", and "Theatre", all of which are essential to success.

Although replete with fun, there is nothing in the game of "Stage" to offend the most sensitive. The on-lookers enjoy the game quite as much as the players, and at large social affairs, groups of observers may be seen surrounding the table where "Stage" is played. People are usually better satisfied, however, when playing themselves, and as a result, progressive "Stage" parties are much in demand. No better way of amusing an evening party has yet been devised.

"Stage" is the fad of the season, and everywhere is heard the thrilling query, "Do you play 'STAGE'? It's all the rage."

Grip Quickly Knocked Out.

Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of a grippe with all its miserable symptoms," says Mr. J. B. Eggleston of Maple Landing, Ia. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running, with alternate spells of chills and fever. We began using Chamberlain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Liver Tablets, and by its liberal use soon completely knocked out the grip." These Tablets promote a healthy action of the bowels, liver and kidneys, which is always beneficial when the system is congested by a cold or attack of the grip. For sale by Geo. A. Harding.

BLOOD CELLS.

Man is a millionaire many times over in the possession of blood cells. Woman is not quite so rich, for scientists have proven that the normal number of red blood cells in adult men is five million; in women four and a half million, to the square millimeter. The normal cell is not absolutely round in health, but, in disease, becomes extremely irregular in shape. Every one can be in perfect health and possess the millions of rich red blood corpuscles if they only know how to go about it. Dr. R. V. Pierce, consulting physician to the Invalids' Hotel and Surgical Institute, at Buffalo, N. Y., advises every man and woman to prepare for a long life by observing nature's laws. In the first place, if your digestion is faulty and the food you eat is not taken up by the blood and assimilated properly, you need a tonic and digestive corrector, something that will increase the red blood corpuscles; he believes in going about this in nature's own way. Years ago, in his active practice, he found that an alterative extract of certain herbs and roots, put up without the use of alcohol, would put the liver, lungs and heart into fuller and more complete action. This medicine he called Dr. Pierce's Golden Medical Discovery. By assimilating the food eaten, it nourishes the blood, and instead of the ill-shaped corpuscles, the person's blood takes on a rich red color and the corpuscles are more nearly round. Nervousness is only the cry of the starved nerves for food, and when the nerves are fed on rich red blood the person loses those irritable feelings, sleeps well at night and feels refreshed in the morning.

KNOWLEDGE IS POWER.

If you want to know about your body, read Dr. Pierce's Common Sense Medical Adviser, which can be had for the cost of mailing, 3 cents in one-cent stamps for the cloth-bound book, or 21 stamps for the paper-covered volume, each pages. Address Dr. R. V. Pierce, Buffalo, N. Y.

Dr. Pierce's Pleasant Pellets cleanse the bowels and stimulate the sluggish liver.
