Ge experienced farmer has learned that some grains require far different soil than others; some crops need differenthandling than others. He knows that a great deal depends upon right planting at the right time, and that the soil must be kept enriched. No use of complaining in summer about a mistake made in the spring. Decide before the seed is planted.

"It's perfect nonsense, Bessie, for you to talk of being laid on the shelf. Why, it all depends on yourself. Forget your worries, your aches and ailments; do as I did, take plenty of out-of-door air, cultivate happiness by not allowing your mind to dwell on the trifles and the worries of life. I sent thirty-one cents in stamps to Dr. R. V. Pierce, of Buffalo, N. V., for his 'Common Sense Medical Adviser,' and found it contained much useful information about the care of my health, about physiology, anatomy, and everything a woman should know. I then decided to write Dr. Pierce and tell him all about my ailments. I received such a nice, carefully considered and confidential letter, in reply, giving me advice about my diet, exercise and all. This advice is free to everyone and I wonder you don't write him at once. It didn't take me many months to regain my good looks. Ever since I was fifteen I have suffered untold agonies periodically but now I am free from pain, worry and bad temper. Occasionally I took Dr. Pierce's Pleasant Pellets—this for the complexion, and to stimulate the liver. Then I took Dr. Pierce's Favorite Prescription three times a day for, those womanly weaknesses I told you about. That's my secret of beauty. It's the easiest thing in the world to be happy and keep one's good looks. Look at the thousands of women who have been made well by Dr. Pierce's Favorite Prescription; look how they keep their good looks. Dr. Pierce offers \$500 reward for any case of Leucorrhea, Female Weakness, Prolapsus, or Falling of Womb which he cannot cure. All he asks is a fair and reasonable trial of his means of cure." FIX DATES FOR GOAT SHOW.

Annual Exhibit of Blooded Angoras At Dallas, January 19 and 20. The Oregon Angora Goat Show will e held at Dallas on Thursday and Friday, January 19 and 20, 1995. These dates were decided upon by the executive committee of the Polk County Mohair Association at a meeting held in this city Saturday afternoon. The members of the committee in attendance were U. S. Grant, W. A. Ayres and Jas. Riddell. President G. W. McBee, chairman of the committee, was detained at home by important business affairs, and H. L. Fenton, another member of the committee, was in Spokane. The three members present held a busy session and plans for the coming exhibit were

discussed at length. The gentlemen composing the committee say they look for a larger attendonce of goat men at the 1905 show than ever before. Inquiries from prominent breeders from California to British Coiumbia are being received daily, and great interest is manifested in the coming exhibit. The greater number of inquiries concerning the show come from Southern Oregon, where goat raising is rapidly becoming an important indus-

Mr. Grant informs us that the premium lists and announcements will be placin the printer's hands at the earliest possible date, and that complete information relative to the show will be sent to every breeder in the Northwest.

The Polk County Poultry Association will make an exhibit in connection with the goat show as usual. J. D. Smith and I. V. Lynch, representing the poultry raisers, were present at the meeting Saturday afternoon, and received assurance from the committee that liberal space will be allotted for a poultry exhibit. Grip Quickly Knocked Out.

"Some weeks ago during the severe winter weather both my wife and myself contracted severe colds which speedily developed into the worst kind of la grippe with all its miserable symptoms," says Mr. J. S. Egleston of Maple Landing, Ia. "Knees and joints aching, muscles sore, head stopped up, eyes and nose running. with alternate spells of chills and fever. We began using Chamberiain's Cough Remedy, aiding the same with a dose of Chamberlain's Stomach and Laver Tablets, and by its liberal use soon com pletely knocked out the grip." These Tablets promote a healthy action of the bowels, liver and kidneys, which is always beneficial when the system is congented by a cold or attack of the grip. For sale by Geo. A. Harding.

It's the little colds that grow into the oig colds; the big colds that end in consumption and death. Watch the little colds. Dr. Wood's Norway Pine Syrup.
