The great religious revivals in Wales is the topic of all the Welsh people of this vicinity at present. The Welsh papers gives us a great account of it. They are the most effectual revivals Wales has ever seen. Under the leadership of a young man 25 years old, named Evan Roberts. Hundreds of people have already been converted to the kingdom of Jesus Christ. The churches are overflowing day and night, praising God for His great love for the world. And it is not confined entirely to Wales, but it is spreading through the great cities of England. The Rev. Janney, the great American Evangelist is doing a tremendous work among the people of Liverpool and Manchester. We do hope and pray that we shall receive some of this spirit. We do need it. Are the churches of this vicinity ready for it? In the near future we expect to give the Enterprise readers more details about this great revival on the other side of the Atlantic.

### GUARANTEED REMEDY FOR CONSTIPATION.

Huntley Bros. Co. Tell Why Laxakola Cures.

"Most laxative remedies relieve for a time," said one of the above druggists, "but after a while you either have to increase the dose or try something else." "But it is different with Laxakola." "It seems to relieve the conditions that cause constipation and you can gradually decrease the quantity. This is no doubt due to its remarkable tonic effects and as the sale is rapidly increasing it indicates that Laxakola gives good satisfaction. We always sell the first bottle with the guarantee it will cure or refund the money and it is a rare thing indeed that we hear anything but praise for it. A large bottle costs only 25 cents, and when a mild, safe, sure liquid laxative for either children or adults is needed I always recommend Laxakola as we consider it superior to any other remedy in our store."
