TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

Two Divorces Granted—Last Friday Judge McBride granted two divorces, as follows: E. M. Bullus vs. W. J. Bullus and Alice I. Mann vs. Carlos A. Mann.

Minister Marries—Rev. W. J. Gussett of the United Brethren church and Mrs. Martha H. Cadenan were married in the law office of Attorney C. H. Dye last Friday. Rev. E. R. Hollinger of the Congregational church officiated. The parties both reside in the eastern part of the county.

Arrested and Sentenced in Two Hours—John Farley, a faithless servant, was last Thursday sentenced to twenty-five days in this county jail for the larceny of a ring, the property of Mrs. Richard Greaves at Bolton. Farley, who was employed about the Greaves home, espied a ring about the house just after the dinner hour and appropriated the same. He was arrested and sentenced to the county jail followed in less than two hours.

To Equalize Assessments—County Assessor J. F. Nelson was in Portland this week attending a meeting that had been called of the assessors of the various counties of the state. The purpose of the meeting was to devise a plan for the more equitable assessment of the different classes of property throughout the state. It will be the aim of the assessors to adopt some uniform plan for the listing of all classes of taxable property.

Family Re-union—Mrs. William Eudey of this city was 79 years old last Saturday, and five of her children with their families, as well as a number of her relatives, met at her home at Sixth street and Railroad Avenue for a family re-union. Mrs. Eudey, who was born in England in Victoria, B. C., Christmas Day, 1825, with her husband and three children and was detained there six weeks on account of hostile Indians. In the spring of 1856 she arrived in Oregon City, where she has since lived. Her husband died here three years ago.

Lauth Gets Stay of Execution—George Lauth, the convicted murderer of Mrs. Leonora B. Jones, who was under sentence of death, has been granted a stay of execution. The brief of Lauth's attorneys was filed last week, and Judge Bean stated that owing to the pressure of work in the Supreme Court, he would not make a ruling at this time upon the motion for a new trial, but would grant a stay of execution until such time as the argument could be heard upon the motion. Lauth was sentenced to hang today, but his life is now prolonged for an indefinite time.

Get Twenty-five days' Board—Charged with the wanton destruction of personal property, three tramps giving names of Frank Rowan, Andy Buckland, and Harry Nathlek, were last Saturday arrested and lodged in the city jail. The trio spent last Friday night in a refrigerator car, the property of the Southern Pacific Company, in the local yards, and the following morning started a fire within the car. As a result a large hole was burned in the floor. The men were arraigned before Judge McBride Monday morning, pleaded guilty and were fined \$50, in default of which they were sent to jail for 25 days each.

Loses on Appeal—A jury in the circuit court late Saturday night returned a verdict finding Louis Toedtmeier, a German farmer residing at Stafford, guilty of assault and battery, the specific charge being the cruel beating of his eleven-year old daughter, Ruby. The testimony at the trial clearly established the fact of the excessive punishing.

WOMEN'S NEGLECT SUFFERING THE SURE PENALTY

Health Thus Lost Is Restored by Lydia E. Pinkham's Vegetable Compound. How many women do you know who are perfectly well and strong? We hear every day the same story over and over again. "I do not feel well; I am so tired all the time!"

More than likely you speak the same words yourself, and no doubt you feel far from well. The cause may be easily traced to some derangement of the female organs which manifests itself in depression of spirits, reluctance to go anywhere or do anything, backache, bearing-down pains, flatulency, nervousness, sleeplessness, leucorrhoea.

These symptoms are but warnings that there is danger ahead, and unless heeded a life of suffering or a serious operation is the inevitable result.

The never-failing remedy for all these symptoms is Lydia E. Pinkham's Vegetable Compound.

Miss Kate McDonald, of Woodbridge, N. J., writes: Dear Mrs. Pinkham: "I think that a woman naturally dislikes to make her troubles known to the public, but restored health has meant so much to me that I cannot help from telling mine for the sake of other suffering women."

"For a long time I suffered untold agony with a uterine trouble and irregularity, which made me a physical wreck, and no one thought I would recover, but Lydia E. Pinkham's Vegetable Compound has entirely cured me, and made me well and strong, and I feel it my duty to tell other suffering women what a splendid medicine it is."

If you are ill, don't hesitate to get a bottle of Lydia E. Pinkham's Vegetable Compound at once, and write to Mrs. Pinkham, Lynn, Mass., for special advice—it is free and always helpful.

of the child who persisted in running away from home besides being otherwise obstinate. The case was heard on an appeal from the Oregon City justice court where Toedtmeier was also found guilty and was fined \$25 and costs, amounting to about \$50. The jury was out three hours. Judge G. E. Hayes made a vigorous prosecution of the case against Toedtmeier and was rewarded by the jury returning a verdict of guilty. The judgment of the lower court, imposing a fine of \$25 and costs, aggregating about \$50, will stand, although Toedtmeier's attorney, J. U. Campbell, will ask for a new trial.

Meteorite Will Be Moved—By an order of the circuit court, Sheriff Shaver has taken charge of the large meteorite, the subject of recent litigation, and will have the same removed from the property of Ellis Hughes, where it has been kept in a shed for exhibition purposes pending the termination of the suits as to its ownership. Workmen for the Oregon Iron & Steel Company, which has been awarded the possession of the molten mass, began the removal of the property Monday under the direction of Sheriff Shaver who is required to give a bond for the performance of the work. It is the purpose of the Iron Company to have the meteorite transported to Portland at an early date.

Must Account for \$1200.—R. L. and Columbus W. Parrish have been cited to appear before Probate Judge Ryan and give account of the whereabouts of cash, money, notes, aggregating about \$1200 and belonging to the estate of Patsy Kern, deceased. Citation has issued on the showing by the other heirs of the estate that just before the death of Mrs. Kern she was known to be possessed of money and other securities to the amount of \$1200. The inventory showed but about \$600, exclusive of the \$1200. The complaining heirs allege that the appraisers of the estate were unable to find any trace of these assets in reporting their inventory of the estate. Dimick & Dimick are the attorneys for the dissatisfied heirs.

Beat an Old Man—A jury in the justice court last Thursday found Louis Himler guilty of assault and battery, the complaining witness being Gus Oldenburg. Himler with his brother, Henry, who has already pleaded guilty to the same charge several days ago assaulted and shamefully beat Oldenburg, who is about 55 years of age. After knocking down their victim, the Himlers kicked him cruelly dislodging a number of teeth besides otherwise rendering his features unrecognizable. The three men are rival fishermen and the assault followed the charge of Oldenburg that the Himlers had demolished his fishing boat. Tuesday afternoon Justice Stipp fined Henry Himler, who pleaded guilty, \$40, while Louis, who was convicted at a jury trial, got off with a \$20 fine.

Circuit Court Notes—Circuit Court Judge McBride last Thursday discharged all but two jurors from further attendance on this term of court. The divorce suit of Walter Robinson vs. Rhoda Robinson was referred to the court reporter to take testimony. An order was entered confirming sale in case of Margaret Harringer vs. J. W. Loder, et al. In the divorce suit of Chas. F. Horn vs. Mary Horn, an order was entered requiring the payment by the plaintiff of \$75 into court as temporary alimony and attorney's fees for the defendant. A decree of divorce was rendered in the case Cleveland Cox vs. Katie Cox. In the divorce suit of Lydia D. Howlett vs. John N. Howlett, defendant's petition for a modification of the decree awarding to him the custody of the minor child was dismissed.

Looked For Burglars—Caught Runaway—Sheriff Shaver and Chief of Police Burns went to Canby last Friday night where they expected to head off the three men who burglarized a store at Gaston the night before. The trio was known to have been in Oregon City during the afternoon trying to sell a quantity of gold watches, knives and razors that constituted their booty. They departed in the afternoon, going south. The two officers were unable to find the two men, but succeeded in capturing their boy accomplice, who, however, refused to divulge anything as to the whereabouts of his associates. Sheriff Shaver returned to Oregon City that night bringing the lad with him but Chief Burns remained all night, prosecuting his search for the burglars, being aided by Canby constables. During the night they apprehended and took into custody Roscoe Thomas, an escaped charge of the state reform school. Thomas was sent to the school from Pendleton.

Goat Show at Dallas—The sixth annual Angora goat show was held under the auspices of the Polk County Mohair Association at Dallas, Oregon, January 19 and 20. While there were probably not as many animals exhibited as at former shows they were finer specimens, thus evidencing the fact that Oregon growers are improving their flocks. It is doubtful if any other state in the Union can show a better lot of pure Angoras than Oregon. The Willamette valley is especially adapted to the raising of Angora goats. There were sixty-five registered and forty-five grades entered. The judges were L. A. Dean, Riddles, Ore., and L. S. and H. C. Obye, North Yamhill. The competition was close and it required great care on the part of the judges in placing the awards. It was no easy task, but they seem to have given satisfaction. The poultry were judged by Elmer Dixon, of Oregon City. This exhibit was better than in former years, better specimens. In fact, all classes represented, show an improvement each year.

Tired of Buying Oysters—Any one who has the temerity to mention bowling to any boarder at the Moreland Boarding house does so at his own risk. Twice did the Morelands go down to defeat before the Samson aggregation and then a picked team of three from each of the two boarding houses was selected to go up against the Home Boarders. Encouraged with the possibility of winning one game, the Morelands went into the contest gladly, but the result was but a repetition of former experiences.

The home boarders won the game by a score of 555 to 550. By the terms of the contest the losers treated the victors to an oyster supper. The contesting teams were made up as follows: Home Boarders—Frank Newton, Harry Draper, Howard Latourette, Chas. Pope, Chas. Schram and Jack Caulfield. Samson-Morelands—Dr. L. A. Morris, Dr. E. T. Parker, and Ted Osmond from Samsons; W. R. Logus, Dr. L. J. Wolf and J. W. Cochran, from the Morelands. L. Ruconich has formed another team of bowlers and has issued a challenge to the winning team. A contest will likely be arranged between the two teams.

Great Britain will occupy 3,600 square feet of exhibit space at the Lewis and Clark Fair.

Hungary will have an exhibit at the Lewis and Clark Centennial worth \$30,000. The exhibit will occupy 2,999 square feet of space.

Costa Rica will make a fine display of coffee, hemp, cocoa and other products at the Western World's Fair. This display is valued at \$20,000.

Egypt and Morocco will make a combined African display at the Lewis and Clark Centennial. The exhibit will cover 2,500 square feet and its value will be \$255,000.

The hatching of chickens will be shown to the general public at the Lewis and Clark Exposition. All exhibitors of incubators will be required to make their displays operative, and at stated hours the crowds will be invited to come and see the chickens break their shells.

The piling and flooring work on the Trail and Bridge of Nations at the Lewis and Clark Centennial is now completed, and the Government Peninsula can now be reached by this route. The bridge spans 2,999 feet of water and is the longest bridge ever erected at an exposition.

MAKE HOME ATTRACTIVE.

Have You A Silent Piano—A Good One, That is Never Played? It might just as well be making home the pleasantest place on earth. You can have music at all times.

The Metrostyle Pianola enables any one to play the piano without knowing a note of music. Prices \$250 and \$300. The Aerola closely resembles the Pianola, and has been declared by many members of the musical trade to be undoubtedly the best piano-player now before the public, with the single exception of the Metrostyle Pianola. Both these instruments are made by the same company, which is the largest, the wealthiest and the most progressive concern of the sort in the world. It is needless to say that the best of materials enter into the construction of their instruments. Being smaller than the Pianola, the Aerola occupies considerably less space. It also costs less. Prices \$185 and \$195.

Those who prefer can make their purchase by very moderate monthly installments. Sold only by EILERS PIANO HOUSE, 251 Washington, Corner Park, Portland. Other large stores:—San Francisco, Oakland, and Stockton, California, Spokane, and Seattle, Washington, Boise and Lewiston, Idaho.

Write for circulars and full information. MRS. SEAMANN GETS A DIVORCE. Termination of a Local Scandal in the Circuit Court. Wednesday Judge McBride rendered a decision in the divorce suit of Dr. Clayton S. Seamann vs. Mrs. Blanche Seamann in which he gave the woman the divorce with the privilege of resuming her maiden name, Blanche Elyand. The Judge held that each party should pay his own costs and as between the husband and wife, awarded to Mrs. Seamann the custody of the minor child who is the charge of a San-Francisco foundling asylum.

Much of the testimony offered at the trial of the case, which was held before Judge McBride Monday, was of a startling nature and indecent in detail. But to their discredit it is to be said that of the crowded court room of spectators at least one of three was a young girl or a woman, who hurried to the court house early in the morning to be sure of securing a seat and remained throughout the recital of domestic infelicity, backed up by charges of infidelity preferred by each of the principals against the other that was sufficient to make a Bowersy tough blush for shame.

The testimony was so indecent that the Enterprise will not attempt to publish any part of it. As a prominent member of the legal profession remarked after the case had been concluded, there was sufficient evidence submitted by each party three times over to entitle each to a legal separation.

FOR THE PUBLIC GOOD.

This Will Interest Every Resident of Oregon City.

You can readily verify the following particulars, for the gentleman supplying them will be only too pleased to answer any inquiries by mail. If you suffer from disorder of the kidneys or bladder and desire to be cured, write to him about Doan's Kidney Pills and learn that the following statement is true in every particular.

William M. Spayd, living at the corner of North Winter and D. streets, Salem, says: "Words cannot express my opinion half strong enough of Doan's Kidney Pills. I have known their remarkable merits for the last eight years, having used them in Clinton County, Michigan, where I was living. My kidneys were a source of annoyance for a number of years. I had much pain across my loins and the secretions from the kidneys were irregular in action causing me to rise often during the night and at times there was a scalding. I also had more or less dizziness in my head. I procured Doan's Kidney Pills and gave some to a person visiting us and they gave her wonderful relief, and in my case I was benefited in every way. My backache was relieved and the trouble with the kidney secretions was corrected. You are at liberty to refer to me as one who can endorse the claims made for Doan's Kidney Pills. I also know of a great many others who have used them with the best results."

INJUNCTION IS DISSOLVED.

Litigation Between City and S. P. Co. Decided by Judge McBride.

The injunction suit, brought by Mrs. S. A. Chase against the members of the Oregon City council to restrain the entering into a perpetual franchise with the S. P. Company involving Railroad Avenue, was dissolved by Judge McBride in a decision rendered Wednesday. While the Judge holds that the council has the right to grant the railroad company the desired franchise, he announced in rendering his decision that the ordinance that has been granted and the contract to be entered into must not deny to the city the right at some future time, if need should arise, to establish and maintain additional overhead or underground team and pedestrian crossings other than those contemplated by the contract that is now being considered, provided the same would not interfere with the full enjoyment of the railroad company of the surface rights that are conferred by the ordinance at this time.

In discussing the probable arrangement that will be agreed on as to improvement between the city and the railroad company the Telegram correspondent Tuesday evening said:

"Yesterday Councilmen Sheehan and Koerner, City Engineer Bands, and Engineer Donald, of the Southern Pacific Company, went over the ground carefully and discussed the situation from every conceivable point of view. While the question of a perpetual franchise still remains unsettled, an agreement was reached in regard to the pedestrian crossings. At Fourth street an under-

ground crossing will be made and at Seventh street there will be an overhead crossing, running at a slight grade from the alley leading north from Seventh street. From this crossing, which will be constructed of iron and will be ten feet in width, there will be feeders to eighth and Seventh streets.

Engineer Donald will draw up plans for the crossings, as agreed upon, and these will be submitted at the next meeting of the council.

"It now seems probable that an adjustment is in sight. The officials of the Southern Pacific Company have received the impression that the members of the city council who were opposed to a franchise in perpetuity wanted to restrict the company to a limited franchise for its main track and one side track, but such is not the case. Those who are posted on the situation realize that the company have had a perpetual franchise for many years for its main and one side track, as this was granted by the State Legislature. A compromise may accordingly be effected by the grant of a franchise in perpetuity, in accordance with the vested rights of the company, for a main track and one side track, and an additional franchise for a limited term of years for other sidetracks and yard room on Railroad avenue. The opponents of the ordinance in its present form will eventually consent to an arrangement on the lines heretofore mentioned."
