The Pomona Grange, of Clackamas County, at a meeting just before the State Legislature was convened, unanimously adopted a resolution declaring against the acceptance of passes from railroads by members of the State Legislature. A copy of the resolution was malled to each of the Clackamas County delegation, but so far as Granges know, the members from this and other counties, did not decline to utilize the customary courtesy that was extended by the railroads again this

### Deserves Your Patronage.

The growth of a community and the success of its local institutions depends entirely on the loyalty of its people. It is well enough to preach "patronize home industry" but except the service given at a home institution equals that of outof-town enterprises, this argument carries no weight and is entirely disregarded, as it should be. But with Oregon City people it is different. ago E. L. Johnson established the Cascade Laundry. It is equipped with the latest improved machinery and is daily turning out work that is equal to any and superior to much of the laundry work that is being done in Portland. Being a home institution and furnishing employment for many Oregon City people it is enjoying an immense patronage. The high standard of the work being done commends it to the general public. Laundry left at the O. K. barber shop will be promptly called for and delivered to any part of the city. Telephone 1204. E. L. Johnson, proprietor.
