#### FISH AND GAME LAWS

#### Several Important Changes Made By Re cent Legislature.

Salem, March 9 .- More than two dozen game bills were introduced at the recent of them became laws. None of them carry emergency clauses, and will go into effect May 18.

Comparatively few changes were made in the regulations regarding closed seasons, but the most important acts were the prohibition of the sale of game, the establishment of the hunter's license and the prevention of the hunting of deer at night or with dogs. The number of deer that may be killed in a season is limited to five.

The purpose of the act prohibiting the sale of game is to limit, in some degree, the number of hirds killed. The hunters license law is intended to restrict hunting to some extent, but more especially to compel the sportsmen to contribute toward the payment of the expense of enforcing the game protection laws. If the license bill had passed in the sweeping form in which it was introduced, it would have produced considerable revenue as it required every hunter to pay a fee of \$1 per year.

Representatives from the farming counties would not support the bill in SIX-Enter cmfwypp that form, however, and it was amended so as to except a man and members of his family hunting on their own land. This means that practically all the license money will come from city sports-The law says nothing as to the rights of men living on farms which they occupy as lessees, and a strict interpretation of the law will evidently be that when a city man owns a farm and rents it, as many do, the city man may hunt thereon without a license, while the

he or members of his family can hunt. The hunters' license law, known as Senate bill 269, makes it unlawful for any person to hunt for, take or kill any game animals protected by the laws of this state, during the open season, without such person having in his personal possession at the time of said hunting, a license issued to him by a county clerk.

farmer must pay the license fee before

A license must be issued to any person who applies therefor and who pays a fee of \$1 if he be a resident of the state and \$10 if he be a non-resident. All licenses expire on December 31, regardless of the date of issue. Not more than one license can be issued to the same person in any one year, and the license shall not be transferable. The license must give the name and residence of the person to whom issued, and a brief description of him, for the purpose of identification.

A license issued in any county is goo anywhere in the state, but is subject to inspection at all times by any peace officer or person charged with the enforce ment of the game laws, or by the owner of property upon which the person may be hunting

Fees collected under this act must be transmitted to the State Treasurer, and by him placed to the credit of the game protection fund. Hunting without having in possession a valid license is punishable by a fine of \$25 to \$100, or imprisonment 5 to thirty days, or by both fine and imprisonment.

The act prohibiting the sale of game was Senate bill 77, and applies to deer as well as to birds. It reads as follows: It shall be unlawful for anyone to sell

or offer for sale, barter or exchange, or have in possession for the purpose of sale, barter or exchange; or to ship or cause to be carried or transported be yond the boundaries of the state of Oregon for sale, barter or exchange, except for scientific or feeding purposes, deer, moose, elk, mountain sheen, silver gray squirrel, wild swan, mallard duck, wood duck, pidgeon, teal, spoonbill, gray black, sprigtail, or canvasback or any duck, water-rail, upland ployer, prairie chicken, grouse, pheasant, ruffled grouse, ring-neck or China Pheasant, onail, bobwhite, quail or partridge, copercallizie, wild turkey, woodcock, silver pheasant, green pheasant or Reeves pheasant.

Violation of the law is made punishable by a fine of \$100 to \$5000, or imprisonment two months to two years, or by both fine and imprisonment.

The closed season for ducks and gees will hereafter begin February 1, instead of March 1, and the law has been changed in several respects by the passage of Senate bill 55, amending section 2014 of the code. By this act the killing or possession of any wild goose, wild swan, mallard duck, wood duck widgeon, teal, spoonbill, gray, black, sprigtail or canvasback or any duck, is forbidden be tween February 1 and September 1 and during the open season not more than 50 ducks can be killed by one person in

It is made unlawful to kill any wild goose on any island or sandbar in or along the Columbia river east of the Cascade mountains, on which wild geese habitually rest or roost.

An exception is made in this section as to Coos and Lake counties. In Coos the closed season for the fowls mentioned is to extend from February 1 to August 1, and in Lake from April 1 to August 15. Otherwise this act applies to Coos and Lake counties,

By House bill 139, amending section 2010 of the code, deer are given protection from hunters as follows:

Killing of buck deer, except in Baker, Grant, Harney, and Malheur, forbidden except from Aug. 16, to Nov. 1. Killing of female deer except in Baker, Grant, Harney and Malheur, forbidden except from September 1 to November 1. In duty. all counties hunting deer is forbidden between one hour after sunset and one half hour before sunrise, and at any time with dogs. The number of deer that may be killed by any person is limited to five and the sale or exchange of deer is forbidden.

In order to give the Game and Forestry Warden more power in the ap-pointment of special deputies, the law upon that subject was amended by the

last legislature. The act permits the Game and For-Warden to appoint any number of ties at \$2 per day and expenses, the total expenditures must not exdeputies at \$2 per day and expenses, but the total expenditures must not exceed the total amount of the appropriation added to the amount derived from deputies in each county without com-pensation. In the past the deputies thus appointed depended for compensation but remember the name, Swamp-Root, appointed depended for compensation br. Kilmer's Swamp-Root, and the adupon the allowance of one-half the

The biennial appropriation for the

Game and Forestry Warden and deputies is \$8400, of which \$2400 pays the Warden's salary, leaving \$6000 for the Warden's expenses and the salaries and expenses of deputies. To this appropriation will hereafter be added the license session of the legislature, but only nine fees, the amount of which cannot be approximately estimated.

### Deserves Your Patronage

The growth of a community and the success of its local institutions depends entirely on the loyalty of its people. It is well enough to preach "patronize home industry" but except the service given Now is your time to buy ground at a home institution equals that of outed, as it should be. But with Oregon City people it is different. A few months ago E. L. Johnson established the Cascade Laundry. It is equipped with the latest improved machinery and is dally turning out work that is equal to any and superior to much of the laundry work that is being done in Portland. Being a home institution and furnishing employment for many Oregon City people it is enjoying an immense patronage. The high standard of the work being done commends it to the general public. Laundry left at the O. K. barber shop will be promptly called for and delivered to any part of the city. Telephone 1204. E. L. Johnson, proprietor.
