DROPSY

Do Your Ankles or Limbs Swell? Are Your Eyes Puffy? We are the Sole Agents for the Only Thing Known That Cures the Kidney Diseases that Cause Dropsy, viz: Fulton's Compound.

It is now well known that dropsy is not itself a disease but is commonly a symptom of Bright's Disease or Diabetes. Hence, up to the discovery of the Fulton Compound, dropsy was incurable. It is now, however, curable in nearly nine tenths of all cases. Here is an interesting recovery, to which we refer by permission.

Mrs. Peter Goyhenex of 228 Fillmore street, San Francisco, became alarmingly dropsical. Her physician had finally to tap her every few days. She was tapped nearly forty times and grew worse from day to day. The physician finally told her husband that she had Bright's Disease of the Kidneys, that it was in an advanced chronic state and beyond medical aid. Her heart also gave her the usual trouble and she was in such a serious condition the relatives were sent for. They put her on Fulton's Compound. It stayed on her stomach, the first thing that had done so for a week. The second week the dropsy declined a little and the improvement was then gradual until her recovery was complete. This case was examined into by representatives of the San Francisco Star and the Overland Monthly, and the genuineness of the case and the recovery were fully attested in their columns.

Mrs. Thomas Christol of 426 Twenty-seventh street, San Francisco, was also swollen with dropsy, as a result of Bright's Disease, and to more than seventy-five pounds beyond her normal weight, and had to be moved in sheets and was close to death's door although she had four physicians. She was put on the Fulton Compound. Three weeks showed improvement and in six months she was well, and permits this reference. There is only one thing known that will cure the chronic kidney disease that is behind dropsy and that is Fulton's Compound. The Real Compound for Bright's and Kidney diseases, \$1; for Diabetes, \$1.50. John J. Fulton Co., 424 Washington street, San Francisco, sole compounders. Send for pamphlet. We are the sole agents for this city.

FIFTY CENTS

In some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.
