EAGLE CREEK.

Listen how the blue-bird Trills his happy lay. April brings the raindrops Dancing on their way.

How the sunshine sparkles. How soft the breezes blow. As they rock the scented blossoms Gently to and fro.

Every living creature Be he great or small. Seems to be giving thanks To the Giver of it all.

Fine growing weather, everything is smiling, for who or what could look down-hearted in such glorious weather? The old time-weather prediction, relating to a wet Easter will not be verified this year. If Easter Sunday is a prognosticator of the next seven weeks, there will be enough for complaint.

Carl Douglas, otherwise known as "Doc" performed a very commendable piece of work the other day, that of digging out roots, picking up rocks and improving the road in other ways, in front of his home. Well done "Doc," if every man sweeps in front of his own door, the street will be clean.

J. P. Woodie finished quite a patch of potatoes the fore part of last week. The ground was tilled in such a thorough manner, that it will surely insure a good crop of the tubers, and a thin crop of weeds.

H. S. Gibson had quite an exciting experience Sunday in the form of a runaway, and it is said the way he split the wind showed his steeds to possess no inferior running qualities. They became frightened at something and one of them in some manner got his leg over the tongue of the buggy and started on a run, dragging the other with him. They ran for nearly two miles when Mr. Gibson succeeded in choking off their wind. No damage was done, in fact it was a very lucky accident if such misfortunes ever come under that head.

We would like to correct an error, not of mistaken identity, nor yet typographical, but one of the writer, that appeared in last week's issue, in regards to the name and residence of Mr. H. Githen's companion on his fishing excursion of last week. The gentleman was Mr. Fitzgerald, prosecuting attorney of Portland, instead of Dover. We tender an apology to the judicial gentleman, not casting any reflections on Dover, however.

Mr. and Mrs. Alex Baker, Mr. and Mrs. Lou Baker, Mr. and Mrs. Chas. Hunter, and Mr. and Mrs. Woods accompanied by their families, spent Sunday on Eagle Creek, tempting the speckled beauties, who seem somewhat shy this season of all the appetizing bits spread so alluringly. What success the party had, we have not heard.

Mrs. V. A. Douglass, and Miss Bina Douglass spent Easter with Mr. and Mrs. Harvey Gibson. (Mr. G. is our genial carrier), at Barton. They were loud in their praises of the day's enjoyments, but when questioned as to the number of eggs consumed, they were strangely silent.

Mr. T. J. Douglass was at Barton Sunday on business.

Any one wishing work done, pertaining to the tonorial art, will do well to call on Ward Douglass, as he is a connoisseur of the profession. For a recommend, apply to Dave Hoffmeister.

One of the prettiest sights of nature, that we have seen was a flock of 21 thoroughbred White Leghorn chickens, all of that perfect uniformity, resembling nothing so much as animated balls of thistle down. The hen (a white Leghorn) and her little family is the property of Viola Douglass, who is justly proud of them.

Ray Woodie went to Dover, Sunday to spend Easter with his brother and family. On his return he was accompanied by Miss Myrtle and Mrs. Lottie Woodie.

School closed Friday, after a term of five months. Although a longer term

Bright's Disease and Diabetes News.

The John J. Fulton Co. of San Francisco, First in the World to Announce the Cure and present a Definite Percentage of Recoveries (87 per cent) and Give Out Lists of the Cured.

Here are some of the San Francisco recoveries. All of them were declared by physicians to be incurably ill with Bright's Disease or Diabetes: N. W. Spaulding, President Spaulding Saw Co.; Adolph Weska, founder Cal. Cracker Co.; Carl D. Zelle, pioneer druggist; Chas. Engle, editor San Francisco Journal; R. M. Wood, editor Spirit Review; Edward Short, of the Call; C. A. Newton, yardmaster S. P. Co. (Sacramento); John A. Phelps, Hotel Repeller; Mrs. M. Empey, 130 Steiner St.; Mrs. S. E. Cline, 178 Broadway; Mrs. P. Goybeneix, 928 Fillmore St. (tapped 38 times); R. C. Pell, Manager Pacific Coast Biscuit Co.; F. J. Bachelder, Pacific Coast Agt. Seth Thomas Clock Co.; E. B. Cutler, Attorney, 330 Pine St.; Wm. Hale, Real Estate, 215 Sansome St.; Mrs. C. C. Matthews, Proprietor Hotel Clifton; Thos. Hawkins, Merchant (Petaluma); Col. Wm. Hawkins, U. S. Quartermaster's Department; Chas. F. Wacker, Merchant, 131 6th St.; Mrs. Thos. Christie, 425 27th St., and hundreds of others. Some were at death's door when put on the compounds, but many such recovered. That many were in extremis may be learned from this. Some recovered who had been tapped dozens of times; others were already in the twinges of uraemic poisoning; many had from four to six physicians confirm the fatal diagnosis; several left standard hospitals in extremis; several had relatives called in for last interviews, and a few recovered who were in a state of absolute coma.

In a word about 87% of all cases of Bright's Disease and Diabetes, heretofore positively incurable, are now curable under the new Fulton Compounds. The Renal Compound for Bright's and Kidney Disease is \$1; for Diabetes, \$1.50. Pamphlet free. We have just established a depot in your city where you will find the Compounds and pamphlets, viz:

would have been beneficial in some ways, still the pupils were tired, most of them being afflicted with that tired feeling so prevalent in the Spring, and we can not blame them for surely a schoolroom is a decidedly stupid place to study nature in all her riches.

Where is our road supervisor, or has our district that useful ornament? Perhaps he has not awakened from his hibernation.

If a Cow gave Butter

mankind would have to invent milk. Milk is Nature's emulsion—butter put in shape for digestion. Cod liver oil is extremely nourishing, but it has to be emulsified before we can digest it.

Scott's Emulsion

combines the best oil with the valuable hypophosphites so that it is easy to digest and does far more good than the oil alone could. That makes Scott's Emulsion the most strengthening, nourishing food—medicine in the world.

A Hopeless Case.

Myrtilla Clytemanestra Grubb got mad and joined a spinners' club; She caused it to be known that she had vowed to keep forever free from matrimony and its cares—

In her opinion men were bears. She paid her dues a year or two. And then dejectedly withdrew;

"'Tis sad to say that no man came imploring her to change her name.

"Confound your foolish spinners' club; I'm through, it's useless!" said Miss Grubb.

Being dissatisfied with your job is a poor way to show that your pay ought to be raised.
