The body of Sol. Clark, who disappeared three weeks ago while fishing on the island just below the Falls in this city, was found floating in the river Sunday afternoon. There is probably not another man in the county who has larger business dealings with the sheriff's office than has E. F. Riley, the well-known abstract man. Between February 1, last, and Tuesday of this week, Mr. Riley paid into the sheriff's office taxes amounting to \$16,598. This grand total represented the taxes of 618 persons who remitted their taxes to the tax collector through Mr. Riley. The aggregate amount also included the individual taxes of Mr. Riley who is one of the county's heaviest taxpayers.

Three hundred people attended the first annual ball given by Oregon City Aerie No. 992, Fraternal Order of Eagles at the Armory Monday night. Never before was the hall more prettily decorated. Four large mounted eagles, colored electric lights, and the liberal use of red, white and blue ribbons—the Eagles' colors—together with Oregon Grape and evergreens made the hall exceedingly attractive. Parson's orchestra, of Portland, never played better. Refreshing lemonade and ice cream were served. The party was a real success and reflected credit on this, a newly organized society.

Interest in the referendum petitions that are being circulated on the general appropriation bill is lagging here. W. S. U'Ren, who is known as the father of the initiative and referendum is seriously considering invoking the provisions of the initiative in the matter of the state normal school situation. Mr. U'Ren thinks there should be but one state normal school which should be centrally located and that the advantages of such an institution might be made available for the youth of the state he would favor an arrangement by which the expense of transportation to and from the school should be provided by the state. These ideas may be subsequently embodied in initiative petitions for circulation throughout the state in time for consideration at the next legislative session.

WILL HAVE EARLY TRIAL.

Judge Bellinger Overrules Plea in Abatement in Land Fraud Cases. PORTLAND, Ore., April 26.—Senator Mitchell will be tried upon the indictments returned against him by the Federal Grand Jury for complicity in the Oregon land frauds, and that at the earliest opportunity. The attempt of Judge Bennett, his attorney, to check the course of the trials or to quash the indictments returned by the jury through the plea in abatement argued a week ago, was futile and yesterday morning Judge Bellinger, by his decision, gave a sweeping victory to the cause of the government when he sustained every objection entered by District Attorney Heney to the plea.

At every point as the court took them up one at a time, the cause of the government was upheld and the pleas of the defense overruled. Only in one case was there partial victory for the defense, and even there the concession, granted both by the court and the district attorney, was nullified by the action of the defense in insisting for trial by jury instead of trial before the court alone. This was in regard to the contention that George Guistin was not a naturalized citizen of the United States. Judge Bellinger ruled that as this allegation, if true, would disqualify Guistin as a juror, it would be permitted that the facts be tried before the court by the filing of affidavits and counter affidavits by the government and the defense. Judge Bennett refused to try the issue without a jury, thus throwing all the points in the decision onto the side of the United States.

EVERYBODY HAD SALMON.

Falling of the Willamette Sacrifices One Thousand Fish.

Between 500 and 1000 fine salmon were taken from the Willamette River in the vicinity of the falls in this city Tuesday night and Wednesday.

During the last few days the river has receded rapidly leaving these salmon high and dry and entirely out of the bed of the river and separated from the fish ladder which, because of the scarcity of water, is useless now in enabling the salmon to reach the upper river.

Apprehending the situation Tuesday afternoon, permission was granted the fishermen here to take the salmon from the many pools and the cream of the schools was captured during the night, but boys and citizens in large numbers visited the scene and helped themselves to enough for their own use.

FEMALE WEAKNESS

521-3 Congress St. PORTLAND, OREGON, Oct. 17, 1902. I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

GOOD NEWS.

Many Oregon City Readers Have Heard It and Profited Thereby.

"Good news travels fast," and the thousands of bad back sufferers in Oregon City are glad to learn that prompt relief is within their reach. Many a lame and weak back is had no more, thanks to Doan's Kidney Pills. People are telling the good news of their experience with the Old Quaker Remedy. Here is an example worth reading.

Jacob E. McCoy, of Salem, Oregon, bridge builder and contractor, residing on Capitol street, second house beyond Mill creek, says: "I have always enjoyed good health up to five or six years ago. Along about that time my kidneys commenced to bother me. There was not so much backache, but the principal symptoms were in connection with the kidney secretions. A strain or over-exertion very often caused hemorrhages of the kidneys. I cannot say it was so painful but it was very annoying. I used various remedies and while some gave relief others were worthless. In some way Doan's Kidney Pills were brought to my notice and when up town I procured a box, taking them as directed. A few doses gave me very convincing proof that they were going to the right spot, and though I can't say they have cured me, I can state that they gave me wonderful relief. I have a high opinion of Doan's Kidney Pills and cheerfully recommend them."

Plenty more proof like this from Oregon City people. Call at Dr. C. G. Huntley's drug store and ask what his customers report. For sale by all dealers. Price 50 cts. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.

"Does your son inherit his poetic inclinations?"
