## Bright's Disease and Diabetes News.

The New Fulton Compounds Have a Record of 87 per cent of Recoveries Among Chronic Cases of Bright's Disease and Diabetes, Heretofore Considered Incurable.

Druggists know that Bright's Disease and Diabetes have been regarded by physicians as incurable and that up to the advent of the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Compounds. One of the recoveries was Dr. Zeile himself, the pioneer druggist of 823 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery (We copy from the Sacramento News of November 15, 1902):

"After a serious illness of over a year Judge J. R. Allen of this city has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the Kidneys. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best methods used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.'"

—Sacramento News, Nov. 15, 1902. The editor of the News himself was the friend who told Judge Allen of the Fulton Compounds. They are the only things known that cure Bright's Disease and Diabetes. Fulton's Real Compound for Bright's and Kidney Diseases, \$1; for Diabetes, \$1.50. John J. Fulton Co., 435 Washington street, San Francisco, sole compounders. Free analyses for patients. **Get SCOTT'S Emulsion**

When you go to a drug store and ask for Scott's Emulsion you know what you want; the man knows you ought to have it. Don't be surprised, though, if you are offered something else. Wines, cordials, extracts, etc., of cod liver oil are plentiful but don't imagine you are getting cod liver oil when you take them. Every year for thirty years we've been increasing the sales of Scott's Emulsion. Why? Because it has always been better than any substitute for it.
