"IT SAVED MY LIFE"

PRaise FOR A FAMOUS MEDICINE

Mrs. Willadsen Tells How She Tried Lydia E. Pinkham's Vegetable Compound Just in Time.

Mrs. T. C. Willadsen, of Manning, Iowa, writes to Mrs. Pinkham: Dear Mrs. Pinkham:— "I can truly say that you have saved my life, and I cannot express my gratitude to you in words.

"Before I wrote to you, telling you how I felt, I had doctored for over two years steady and spent lots of money on medicines besides, but it all failed to help me. My monthly periods had ceased and I suffered much pain, with fainting spells, headache, backache and bearing-down pains, and I was so weak I could hardly keep around. My a husband decided to write you and try Lydia E. Pinkham's Vegetable Compound, and I am so thankful that I did, for after following your instructions, which you sent me free of charge, my monthly periods started; I am regular and in perfect health. Had it not been for you I would be in my grave to-day. I sincerely trust that this letter may lead every suffering woman in the country to write you for help as I did."

When women are troubled with irregular or painful menstruation, weakness, leucorrhoea, displacement or ulceration of the womb, that bearing-down feeling, inflammation of the ovaries, backache, fatulence, general debility, indigestion and nervous prostration, they should remember there is one tried and true remedy. Lydia E. Pinkham's Vegetable Compound at once removes such troubles.

No other female medicine in the world has received such widespread and unqualified endorsement. Refuse all substitutes.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health. Address, Lynn, Mass.

Win One, Lose Another— Attired in their new suits of gray, with red socks, the members of the Barclay High School baseball nine make a fine appearance. Their new costumes may have had something to do with winning the game from Parkplace last Friday, the score being 9 to 6 in favor of the High School. But the next day the Barclay lads went up against the Portland High School nine and as the consequence of miserable team work at critical times, the Oregon City team was defeated by a score of 6 to 1.

Two New Candidates— Interest in the Goddess of Liberty contest has been enlivened by the introduction of two new candidates, Misses Lizze Klemmen and Minnie Rakel. Miss Ella Lutz, however, still retains the lead with 789 votes, the other candidates and their respective votes being as follows: Miss Lizze Klemmen, 632; Miss Bernice Kelly, 589; and Miss Minnie Rakel, 106. The successful candidate will preside over the three days' Firemen's Tournament and Fourth of July celebration that is to be held here July 3, 4, and 5.

Merchant in a Runaway— As the result of a runaway accident on Monday afternoon, John P. Roehl, a West Oregon City grocer, sustained perhaps serious injuries. Becoming frightened, the team driven by Mr. Roehl dashed across the Suspension bridge, which fortunately was cleared with the exception of a single vehicle which happened also to be crossing the structure in the same direction, and managed to beat the runaway out. On the bridge, Mr. Roehl was thrown out and severely bruised. Although no bones were broken, the injured man did not regain consciousness for several hours following the accident. Mr. Roehl on Saturday married Mrs. E. C. Jones, also of this city.

New Principal Elected— Prof. W. W. Dixon, of Tangent, has been elected principal of the West Oregon City public school; to succeed Professor W. Gilbert Beattie who has resigned to take charge of the government schools at Sitka, Alaska. Professor Beattie has had several flattering offers to return to Alaska, and has finally accepted. For two years he was in charge of the United States Government school at Wrangell, where his work was so commendable that ever since his return to Oregon he has been importuned to return to Alaska. He must be there by July 1, and will leave with his family about June 20. The West Oregon City schools close June 2. A school entertainment will be given. Only one student graduated from the school this year. Mr. and Mrs. Beattie will spend a few days with the latter's parents in Eugene, and after taking in the Lewis & Clark Fair, will leave for Alaska.

Suit to Restrain Hop Pool Falls— The suit to restrain Conrad Krebs and other large hopgrowers to prevent them from forming a pool to control the sale price of hops, filed by A. C. Her, a hop buyer, has come to naught. The case was dismissed in the State Circuit Court yesterday by Bernstein & Cohen, attorneys for Her. The suit was instituted on April 25, when a meeting of a large number of the principal hopgrowers was in session in Portland. The avowed purpose of the meeting was to keep up the price of hops, and Her in his complaint asked the court to enjoin the combine on the ground that it would be unlawful, and create a restraint of trade to the injury of himself and other hopbuyers. The injunction order was not issued for the reason that the attorneys for Her did not push the matter. It is common report that Her was merely a figurehead for prominent hopdealers and buyers who did not wish to be known in the case.—Friday's Oregonian.

Adkins Establishes Summer Resort— James Adkins, the Canby sawmill man, has established and is conducting a most delightful summer resort on the banks of Milk Creek about four miles northeast of Canby. In starting the enterprise Mr. Adkins proposed to give the people of that end of the county a strictly first-class, respectable good home picnic grounds and in carrying out his plans, he is meeting with splendid success. No intoxicating liquors are allowed on the grounds and disorderly persons are denied access to the grounds with the result that the very best of order is maintained. Dancing is participated in Saturday night and Sunday afternoon, music being furnished by Shaw's Orchestra of this city. Mr. Adkins is planning for a proper observance of the Fourth of July at his picnic grounds and has engaged the Newberg Band for the occasion.

General Summary— The weather during the past week was showery and too cool for crops to make satisfactory advancement. Good rains fell in all sections of the State, those occurring in the western portion being especially copious and timely. The condition of the grain crop continues satisfactory. There are some complaints of fall wheat turning yellow, confined principally to that sown on low land. Rye, oats and barley are doing nicely, while spring wheat has stood well and is very promising. Hops continue uneven and the cool weather has retarded growth considerably. In some portions of Polk county the second training of the vines is in progress. Meadow grass, clover and pastures are growing rapidly. Alfalfa is backward and a light "first crop" is indicated. Gardens, potatoes, corn, sugar beets, onions and beans are growing slowly and warm, sunny weather is needed before these crops can resume their normal growth. Corn is coming up quite evenly and enough rain has fallen to insure a good healthy stand. Dairy and range stock continue in fine condition. Reports relative to the fruit-crop continue very conflicting. In some localities whole orchards seem to be bare of fruit, while others near by indicate fairly good yields. This is also true of individual trees, some being well set with fruit, while others have none. Prunes, peaches and cherries have suffered most, however, while other fruit promises fair results.
