### REDLAND.

E. M. Buck is now busily engaged in attending central. Mrs. B. E. Courtwright's children are down with the chicken pox. Mr. and Mrs. G. Armstrong took in the Fair last Saturday. Wm. Bonney has his sawmill about completed. Messrs. E. M. and J. R. Richardson, of Idaho, are spending a few days with friends here. They expect to leave overland the first of the week driving a drove of cattle. Arthur Barrett visited with Joe Gill, of Logan, Sunday. Arthur Wolfer, who has been staying here for several weeks, expects to leave for Idaho in a few days. Mrs. E. Barrett has been visiting her sister-in-law, Miss Minerva Barrett, in Portland.

### Torture of a Preacher.

The story of the torture of Rev. O. D. Moore, pastor of the Baptist Church, of Harpersville, N. Y., will interest you. He says: "I suffered agonies, because of a persistent cough, resulting from the grip. I had to sleep sitting up in bed. I tried many remedies, without relief, until I took Dr. King's New Discovery for Consumption, Coughs and Colds, which entirely cured my cough, and saved me from consumption." A great cure for diseased conditions of Throat and Lungs. At Howell & Jones, druggists; price 50c and \$1.00, guaranteed. Trial bottle free.

### SHUBEL.

Miss Bertha Moehne, of San Francisco, is visiting friends and relatives here for a short time. Mr. and Mrs. E. F. Ginther attend the graduating exercises in Oregon City last Friday evening. Their daughter, Laura, was one of the graduates. G. A. Shubel is in Oregon City during the week as a juror. Will Lindau, of Astoria, visited with his sister, Mrs. E. Hornshuh, last week for a few days. Crops of all kinds are remarkably good in this community. Mr. Parry and family, of Beaver Creek, took a pleasure drive to this place Sunday afternoon. Mr. and Mrs. Kleinsmith, of Oregon City, visited the latter's parents, Mr. and Mrs. Studeman, last Sunday. Quite a number of the sports attended the ball game at Highland Sunday. Robert Ginther, who has been teaching school at Macksburg the past year, is in his old home once more. This time to stay, so he says. Someone, not far away, has been poisoning all the dogs in the neighborhood. While there may be no great loss to anyone in particular, yet no man appreciates the spirit shown when a neighbor does things just that way. There is a law for such people. Joe Studeman, of Oregon City, visited his parents here last Sunday. Just What Everyone Should Do. Mr. J. T. Barber, of Irwinville, Ga., always keeps a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy at hand ready for instant use. Attacks of colic, cholera morbus and diarrhoea come on so suddenly that there is no time to hunt a doctor or go to the store for medicine. Mr. Barber says: "I have tried Chamberlain's Colic, Cholera and Diarrhoea Remedy which is one of the best medicines I ever saw. I keep a bottle of it in my room as I have had several attacks of colic and it has proved to be the best medicine I ever used. Sold by Geo. A. Harding.

### ELDORADO.

Curtis Helvey was making hay this week. Wm. Jones has gone to Oregon City to clerk in a store. Mrs. Moshberger visited Mrs. Emmott Sunday. Charles Spangler and wife spent Sunday at Molalla. Misses Eliza Burns and Ella Gans were the guests of Mrs. A. Jones Sunday. Misses Jones, Bond and Kinney went to Portland Sunday. Viva Kinney and daughter spent Sunday with Mr. E. Jones and family. Bob Shubel has bought a new horse. Bob Schoenborn spent Sunday at home.

### The Original.

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Huntley Bros. Co.

### As to Tainted Money.

While yet the lamp holds out to burn John D. need feel no great concern.

### VIOLA.

Viola can show the finest crop of new potatoes in the county. Seven of our young people are picking strawberries at Hood River. Mrs. W. D. Brown is visiting her sister at Lebanon. Rev. Patton, who was in Viola Saturday reported the meetings at Dover a great success. Gypsies are quite numerous in these parts of late. Old time memories cause the farmers to be somewhat nervous. Three horses lately disappeared from Viola. Rev. Patton, W. D. Brown and Mr. Ward are the unfortunate losers.

### DOVER.

W. S. Yunran, of Cherryville, attended the revival meetings Sunday and Monday. Mt. Zion and Eagle Creek were well represented at the meeting Sunday. George Wolf is as yet unable to walk as the result of a dislocated knee. A large crowd attended the baptizing at Eagle Creek Tuesday. The M. E. Church has been greatly revived and strengthened during the recent meetings held by Rev. Patton and Capt. C. O. Branson and wife. The preaching was powerful and convincing and the duets by Mrs. Branson and Rev. Patton were very attractive. May success crown their efforts at Eagle Creek as at Dover.

### Dr. Green's Great Puzzle.

Dr. G. G. Green, of Woodbury, New Jersey, will mail for a 2c stamp, (simply for postage), one of his great novelties, a wooden box with glass top containing six little colored balls. It necessitates remarkable quickness of the eye and hand to master it, but it is possible, with practice. Send for one and mention The Enterprise.

### STAFFORD.

Pleasant weather for a week. Mr. Nimble has not been feeling well for the past few weeks. An old injury to his back caused by lifting is the trouble. His horses ran away last week, broke the tongue, ran across the Meridian road into the brush which stopped them. Mr. Nimble jumped when they first started and escaped unhurt. Mr. Scott, a brother-in-law of our postmaster, is about to buy Mr. Chowder's place. They are very well pleased with it. His family are with him. An Eastern man was around this week inquiring about land and when told he could not buy a farm in Stafford or vicinity short of \$100 an acre, he was wonderfully surprised. Thought surely he could buy anything in Oregon for from \$35 to \$40 an acre. Oregon people, if they are web-footed, know a good thing when they have it, and while they might be willing to sell at a price, they must get something for all their hard work during the past years. The fields are beautiful now with growing grain just beginning to head and promising a full harvest. J. L. Gage arrived from St. Helens last week and has been engaged in painting his father's house. Some people who have visited the Fair say it is a poor affair, no place to rest and meal tickets exorbitant, but then some folks never would be satisfied. A young man visiting in the neighborhood says it is a wonderful sight, and no Oregonian should miss it, and says each person should carry a camp stool, which are made very light, and a lunch, then when lunch time comes refresh yourself without wasting precious time waiting to be served. Small patches of early hay have been cut. Everyone has a rose show in their own yard now. Some of the members of the new society in Wilsonville were at work Saturday preparing the grounds for a picnic in Gage's grove to be held the 4th. Mr. Powell's team of colts run away Tuesday but the damage was slight.

### BEAUTIFUL OREGON CITY WOMEN.

The Secret of Their Increasing Charm. It is really surprising that in such a short time there should be so marked an improvement in the appearance of so many Oregon City ladies, but it is not surprising when the cause of this improvement is known. Few women are willing to disclose their complexion secrets but it is pretty well known that in many instances the improvement is due to Laxakola. Rarely indeed does any purchaser fail to receive immediate benefit from the use of a 25 cent bottle of Laxakola and in not more than one or two instances have Huntley Bros Co. been called upon to refund the money. Laxakola is a fine tonic as well, it brightens the eyes, quickens the circulation, opens the pores, stimulates the liver and by its beneficial action upon the bile pigments it freshens and clears up the skin and gives it a clean, velvety appearance. This statement should interest every one who is costive or bilious or subject to nervous spells and sick headache with coated tongue and a cloudy, sallow complexion, for Laxakola is the only liquid laxative sold in Oregon City with the positive understanding that it absolutely must relieve these conditions or Huntley Bros. Co. will cheerfully return your money.

### MT. PLEASANT.

The party given by Mrs. Thompson, assisted by Miss Snidow and Miss Braker, last Saturday night was a very successful affair, a large crowd was present and all had a nice time. Misses Imogene and Wilma Myers have gone to The Dalles to visit relatives. Mr. Hendrix and Miss Humphreys attended the Fair at Portland last Saturday. Walter Braker left for Eastern Oregon last Wednesday. Mrs. Thompson was calling on Mrs. Rowland Sunday. Charles Andrew's oldest boy had the misfortune to get kicked in the mouth by a horse last Sunday. Dyspepsia—bane of human existence, Burdock Blood Bitters cures it, promptly, permanently. Regulates and tones the stomach.

### Bright's Disease and Diabetes News.

The New Fulton Compounds Have a Record of 87 per cent of Recoveries Among Chronic Cases of Bright's Disease and Diabetes, Heretofore Considered Incurable.

Druggists know that Bright's Disease and Diabetes have been regarded by physicians as incurable and that up to the advent of the Fulton Compounds that nothing on their shelves would touch it. It is a proven fact that nearly nine-tenths of all cases are now curable, and druggists themselves are taking the new Compounds. One of the recoveries was Dr. Zelle himself, the pioneer druggist of 122 Pacific street, San Francisco, and he gave it to over a dozen others who recovered. Here is another interesting recovery (We copy from the Sacramento News of November 15, 1902): "After a serious illness of over a year Judge J. R. Allen of this city has recovered and regards himself most fortunate in successfully battling with what is generally regarded as a fatal malady, Bright's Disease of the Kidneys. In speaking of his case Judge Allen said: 'I believe that the treatment given me by my physician was in accordance with the best methods used in the regular practice of medicine, but it afforded me no relief. Hearing of the Fulton Compounds I went to San Francisco to investigate and was soon convinced I should undergo the treatment. It was three months before I noticed a change for the better. I used the medicine faithfully for nearly a year and can now find no evidence of the disease and am satisfied it is entirely eliminated. My appetite is good, I have gained seventeen pounds in weight and will be pleased to describe my experience to anyone who may call or write.' —Sacramento News, Nov. 15, 1902. The editor of the News himself was the friend who told Judge Allen of the Fulton Compounds. They are the only things known that cure Bright's Disease and Diabetes, Fulton's Renal Compound for Bright's and Kidney Diseases, \$1; for Diabetes, \$1.50. John J. Fulton Co., 456 Washington street, San Francisco, sole compounders. Free analyses for patients. Send for Pamphlet. We are the exclusive agents for these Compounds in this city.

### PARKPLACE.

The commencement exercises for the school year 1924 and 1925 which closed last Friday were pleasing and instructive to the extreme. Only the highest complimentary terms should be used in commending the participants and others who were instrumental in making the closing exercises of the past school year so successful. The productions of the class were well delivered and worthy of the efforts of those of more mature years. The class prophecy, by Emery French, was especially interesting and showed much deep thought. The salutatory address by Gladys Shelley was well rendered also the piano solos by Kate Brunner and Esther U'lien. The history of Lewis and Clark by Victor Gault deserves much credit, and the class history by Otto Purcell was interesting in every detail. The vocal solos by Miss Juliette Cross and Miss Marie Frederick were highly appreciated by graduates and audience. Mr. Gilbert, of Portland, gave a plain, practical, yet inspiring address that will be long remembered by every one. Mr. Apperson, with a few felicitous and well chosen words, presented the graduates with their diplomas. The success of the graduating class reflects much credit on their teacher, Miss Haenel, of Corvallis.

Mrs. F. J. Cutter left for Seattle, Washington, Monday evening. Mrs. P. Freytag and daughter, Noma, have been spending a few days with Captain and Mrs. Smith. Mr. Kirk and family are preparing to move to California in a few days. Walter Morris left for Eastern Oregon Tuesday morning where he will spend the summer. The Parkplace school of nine months term closed Friday, June 9. Miss Haenel is going to spend two weeks visiting the Fair before returning to her home at Corvallis, Oregon. Mrs. Wm. Holmes in company with her two daughters, Myrtle and Marie, and Miss Cutter, were out driving Tuesday evening when a run away team ran into their rig, breaking the buggy and came very near running over the occupants. They fortunately escaped without any serious results, but were very much frightened. Teams should not be left standing on the streets without being tied when the driver is away.

### CANBY.

Mr. Chas. Goughrath is at home again after a month or more with the steam shovel. Mrs. M. C. Kirk spent last Sunday at Canby. Lucke Bros' team ran away on the streets last Friday and created some excitement. The wagon was badly broken up but no further damage done. Camp meeting begins June 29. The program announced gives promise of being exceedingly interesting. Mrs. Roth has sold the Canby to a Mr. Sears, a late arrival from Oklahoma. Mrs. Roth will move out on the farm again. School closes at the Mendorf school house on Friday of this week. Prof. Eccles will have completed a most successful term. Rev. Housel is in Salem this week attending the commencement of his Alma Mater and renewing student acquaintances.

Rev. R. E. Dunlap, of Dayton, was at Canby last week. He made arrangements to install a new gasoline engine and pump at the Canby grounds. Dr. Dedman, Adam Knight, Mrs. Kocher and Miss Harriet Bates attended the Grand Lodge in Portland last week. The Fair too, of course. We are glad to note that Canby now has a first-class furniture store. The proprietors are W. H. Bair and Ralph Knight, the latter being in charge. A splendid stock of the choicest goods have already been placed on exhibition and more are coming nearly every day.

The seating capacity of the Methodist Church was severely taxed last Sunday evening by the audience which assembled to hear the pastor preach the Odd Fellows' memorial sermon. Some forty or fifty members of that order and of the Rebekahs lodge attended in a body. Since we failed to report last week, we may be pardoned for saying now that burglars broke into the store of Postmaster Deyoe on Saturday, June 9, and carried away some \$50 worth of glasses, razors, etc. The postoffice department was not disturbed. Entrance was effected by the front door. Two hoboes were suspected but not apprehended.

### MACKSBURG.

Henry Wolfe has made quite an improvement to his place by having his house painted. Oran Wright has sold his flock of goats to Henry Wolfe. Macksburg baseball team met defeat Sunday at Hubbard. The score was 5-1. If the weather continues good, haying will be in full swing next week. Wheat and potatoes look fine. Elsha Riggs has moved to Portland and has rented his farm to H. Faulkner, of Portland.

Of Special Interest to Women. It is doubtful if any other newspaper in the United States caters so successfully to the varied interests of the home as does The Chicago Record-Herald. There is a fashion article in every issue; a department devoted to interesting items of unending variety concerning matters in which women have special interest; Mrs. Quil Vibe's "Woman Beautiful" column, in which questions concerning the toilet, etc., are answered and useful hints are given. "Meals for a Day," including menus and recipes for the three meals every day; an installment of a high grade serial story; and in addition the "Stories of the Day" column on the editorial page, S. E. Kiser's humorous "Alternating Currents," the boys' and girls' page and Dr. Withrow's article on the Sunday school lesson in the Friday issues; also entertaining and valuable book reviews, and in the Sunday issues numerous special fashion, household and other articles, all very interesting to the sex, including the best full page of fashions appearing in any newspaper; "How to Be Healthy and Beautiful," by Mrs. Henry Symes, "A Page for the Home Dressmaker," and two full pages, beautifully colored, reproducing the latest fashions.
