

Our Correspondents' Corner

Brief Bits of Gossip From All Parts of the County.

Correspondents are requested to re-new their work. We will furnish all necessary stationery. The news from your neighborhood should appear in these columns every week.

GENERAL SUMMARY.

The past week was dry and the hottest of the season. These conditions were very favorable for haying, and this work has been pushed along rapidly. The hay crop promises to be heavier than last year, although in some few localities is not so good as expected. Pasturage is getting short, and consequently the milk supply in the dairy districts is decreasing.

The harvest of barley and fall rye has begun, and fall wheat cutting will become general next week. Fall wheat is maturing nicely, but it has been a little too warm for spring wheat, especially the late sown. Oats show considerable improvement. Corn and gardens have made good advancement. Hop lice are still plentiful in many yards, and considerable spraying has been done during the week. The grain aphid is disappearing, and reports as to the amount of damage caused by the pest are conflicting.

Apples, pears, peaches and prunes, although below the average in quantity, are doing nicely. The berry season in the western section is drawing to a close, but in the higher elevations in eastern Oregon it is now at its height.

BEAUTY MORE THAN SKIN DEEP.

A Good Complexion Must Come From Within.

It is the natural desire of every ambitious woman to have a clear skin and a beautiful complexion. Outward applications of powders can never do more than partially cover up a poor complexion and is apt to ruin the texture of the skin if used persistently. Constipation is responsible for not only the greater part of headaches, biliousness, bad breath, torpid liver, backache and lack of energy, but for sallow, muddy complexion and swellings.

The right way to remove pimples, and blotches and clear up a muddy, cloudy complexion is to go right to the root of the trouble. The one remedy that will cure constipation, improve the complexion, brighten the eyes, quicken the circulation, cure sick headache and insure a clear, velvety skin is Laxikola Tonic Tablets.

So that there may be no chance for disappointment, and to protect both you and the druggist, we have agreed to refund the full retail price of 25 cents to Huntley Bros Co. by issuing a Guarantee Contract authorizing them to pay back your money if the remedy does not benefit you as claimed.

ONE DOLLAR SAVED REPRESENTS TEN DOLLARS EARNED.

The average man does not save to exceed ten per cent of his earnings. He must spend nine dollars in living expenses for every dollar saved. That being the case he cannot be too careful about unnecessary expenses. Very often a few cents properly invested, like buying seeds for his garden, will save several dollars outlay later on. It is the same in buying Chamberlain's Colic, Cholera and Diarrhoea Remedy. It costs but a few cents, and a bottle of it in the house often saves a doctor's bill of several dollars. For sale by Geo. A. Harding.
