

...Short Sidehead Stories...

TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

Salvation Army— Meeting for children at Salvation Army hall on Sixth street Sunday at 2 p. m. for children only. Parents please send children to Sunday School. Also—farewell meeting of Lieutenant Ward at above hall in the evening at 8 o'clock. All welcome.

Mrs. Alice Wood Dies— Mrs. Alice Wood, aged 51 years, died last Thursday at her home in this city. The deceased, who is survived by a husband, was the mother of Mrs. Leonora B. Jones, who was murdered last September in this city by George W. Lauth. Burial services were conducted Sunday.

Dr. Stuart Demurs— In the suit for damages recently instituted by the executor of the estate of Maggie Geotjen against Dr. W. E. Carl and Dr. C. A. Stuart, attorneys U'Ren & Schuebel for Dr. Stuart, have filed a demurrer to the complaint asking that the suit be dismissed on the grounds that the complaint does not state facts sufficient to constitute a cause for action.

Peculiar Attack of Insanity— J. M. Doty, aged 20 years of age, of Sandy, was committed to the state insane asylum Monday. Doty's malady is of an unusual nature. He imagines that while visiting at Portland during the Fourth he was drugged and although this is disbelieved by the lad's parents, the hallucination is considered responsible for the young man's demented condition.

Forty-three Years Between Visits— Colonel Joseph Pinkham, assayer in charge of the government assay office at Boise, Idaho, was a visitor to this city Monday. This was the first time Colonel Pinkham has visited Oregon City since 1862 when he drove down the Willamette river to this city with an ox team and camped here over night. Colonel Pinkham was accompanied by a party of sight-seers for whom he acted as guide and conducted the party to many places of historic interest in this vicinity.

Teachers Are Better Paid— The annual report of County School Superintendent J. C. Zinser shows an increase in the salaries paid teachers in this county. For the year just ended the average monthly salary for male teachers was \$49.72 and for female teachers \$46.68. This is a gain over last year for both men and women of \$2.72, while at the same time an entire month has been added to the average taught in Clackamas county. A general average of 7.4 months has been maintained all over the county.

Twenty-one Pound Cabbage— Mr. McClashan, of the firm of Miles & McClashan, was presented a few days ago with a fine large specimen of the cabbage family. The vegetable is very large, weighing twenty-one pounds. It has a solid center, and the leaves branch out from the center. The cabbage was presented to its new owner by Chas. Livsey, a farmer, living on Abernethy creek. McClashan has had the cabbage forwarded to Portland, where he expects to place it on exhibition at the Fair, along with the Clackamas county exhibits.

Took the Wrong Tablet— Mistaking an antiseptic tablet for headache medicine, P. J. Fay, of this city narrowly escaped death from corrosive sublimate poisoning Monday night. When he returned home in the evening, Mr.

Cure For The Blues
ONE MEDICINE THAT HAS NEVER FAILED
Health Fully Restored and the Joy of Life Regained

When a cheerful, brave, light-hearted woman is suddenly plunged into that perfection of misery, the BLUES, it is a sad picture. It is usually this way: She has been feeling "out of sorts"

for some time; head has ached and back also; has slept poorly, been quite nervous, and nearly fainted once or twice; head dizzy, and heart-beats very fast; then that bearing-down feeling, and during her menstrual period she is exceedingly despondent. Nothing pleases her. Her doctor says: "Cheer up; you have dyspepsia; you will be all right soon."

But she doesn't get "all right," and hope vanishes; then come the brooding, morbid, melancholy, everlasting BLUES.
Don't wait until your sufferings have driven you to despair, with your nerves all shattered and your courage gone, but take Lydia E. Pinkham's Vegetable Compound. See what it did for Mrs. Rosa Adams, of 819 12th Street, Louisville, Ky., niece of the late General Roger Hanson, C.S.A. She writes: "I cannot tell you with pen and ink what Lydia E. Pinkham's Vegetable Compound has done for me. I suffered with female troubles, extreme lassitude, 'the blues,' nervousness and that all-gone feeling. I was advised to try Lydia E. Pinkham's Vegetable Compound, and it not only cured my female derangement, but it has restored me to perfect health and strength. The buoyancy of my younger days has returned, and I do not suffer any longer with despondency, as I did before. I consider Lydia E. Pinkham's Vegetable Compound a boon to sick and suffering women."
If you have some derangement of the female organism write Mrs. Pinkham, Lynn, Mass., for advice.

Fay complained of a headache and requested his daughter to give him a headache tablet. Having taken the medicine, the patient remarked that the preparation had a peculiar taste when the daughter on investigation discovered the mistake and promptly summoned a physician who administered timely antidotes and saved the man's life.

Largest Mortgage Recorded— A mortgage for \$10,000,000, and covering all of the property of the Portland General Electric Company in Clackamas county, was last week filed in the county recorder's office in favor of an Eastern mortgage and trust company. The proceeds of the mortgage, which consists of 32 type written pages and is the largest ever recorded in Clackamas county, will be used in liquidating the company's indebtedness and in improving and enlarging its light plant in this city. Among the improvements planned is the building of a 40,000 horse-power plant in this city.

Cavalrymen Become Ill— Fred Vale and Harvey Rawlings, privates in Troop A, Oregon Cavalry, were forwarded to their homes at Lebanon by the overland train Monday night. While at Oregon City both men were seized with severe attacks of illness, making it impossible for them to continue the trip with the other members of the troop. Vale is seriously ill of a fever while Rawlings is the victim of a bilious attack. The other members of the troop departed the same night for Lebanon. The troop was en route home from the Lewis and Clark Exposition where it had been encamped for a few days.

A Boating Party— Eighteen Oregon City young people held a moonlight picnic on the waters of the Willamette Friday night. They went down the river toward Oswego, landed, made coffee, which was served with crabs, re-embarked, circled around the river again and at a late hour came home. The young people were chaperoned by Mr. and Mrs. L. Floyd Daly, of Portland. In the party were Misses Laura Pope, Cis Barclay Pratt, Margaret Goodfellow, Marjorie Canfield, May McBride, Antoinette Waldon, Martha Frances Draper and Veve Tull. Lily Rhip, Ed Osmund, Jot Goodfellow, Dr. Parker, Fred Nelson, Ernest Rand, Frank Newton and Dr. Mount.

A Clackamas County Pioneer— News reached Oregon City Saturday morning of the death at McMinnville the day before, of John G. Toner, an octogenarian and a Clackamas county pioneer. Mr. Toner, who was 82 years old, was one of the best known steamboatmen on the Willamette a quarter of a century ago. He lived in Oregon City for many years prior to 1875, when he moved to McMinnville. He leaves two sons, Will Toner, who is a Wells-Fargo messenger on the Corvallis & Eastern road, and Fred Toner, who is employed in the Corvallis post office. He also leaves one daughter, Mrs. Wright of Corvallis. His body arrived in Oregon City Sunday morning and was given burial at Mountain View cemetery.

Wrong Man Signed Will— Emil Beck, one of the four sons of Joseph Johannus Beck, deceased, had had himself appointed administrator of the estate of his deceased father as a means of disentangling a complicated situation regarding the disposition of the estate which consists of property of the value of \$1200. Before his decease, Beck dictated a will that was written in German by a neighbor, named Strausser, who affixed his Strausser's signature to the document which was thereby invalidated. By the provisions of the will, which cannot be admitted to probate, the estate, with the exception of \$1 each to the other three sons, is bequeathed to Emil Beck, who is now named as administrator and with whom the elder Beck lived for many years preceding his death.

Milwaukie Pool Ordinance is Repealed— At a meeting of the Milwaukie Council last evening pool ordinance No. 10, of the Milwaukie Country Club House, run by M. G. Nease and Isaac Gratton, of Portland, was repealed. However, its liquor license still stands. What the result of the repeal of the pool ordinance will be remains yet to be seen. Mr. Gratton purchased the church property, on which the club house stands, paying, so it is understood, \$8000. The building put up is not an expensive one, but some recent improvements have been made in the way of a restaurant and sleeping apartments. Since the clubhouse was opened the Sedwood cars instead of stopping at the golf links, run up to Milwaukie, and the city treasurer has been greatly enriched by the license fee.—Thursday's Oregonian.

Damage Suit Transferred— The case of H. P. Ridings vs. Marion county, which was recently filed in department No. 1 of the state circuit for Marion county, has been transferred to Clackamas county. The suit was brought by the plaintiff to recover \$3000 damages for injuries alleged to have been sustained by him on account of a broken plank in the bridge spanning Pudding river, a few miles east of Woodburn. Mr. Ridings claims his horse stepped through the hole in the bridge and threw him heavily upon the floor of the structure and that he was permanently injured by the fall. He has engaged Attorney E. P. Morecum of Woodburn to conduct his case, upon whose motion the change of venue was granted by Judge Burnett. Attorneys J. H. and C. L. McNary will look after the interests of Marion county.—Salem Statesman.

Seventh Street to be Improved— Extensive improvements are being made on Seventh street, from which the city is clearing away the covering of the street and replacing it with new crushed rock. The work has progressed rapidly and the work of repairing the roadway will soon be completed. Seventh street is one of the main streets of the city and over which nearly all of the produce of the eastern and southern portions of the county is hauled. It has become necessary for the city each year to do considerable repair work on this driveway, owing to the heavy traffic.

INDIGESTION'S RECORD

"The best remedy I can prescribe for your indigestion, madam, is Green's August Flower. I know of several other physicians who prescribe it regularly."

Indigestion is making an awful record as a cause of sudden deaths. It is beating heart-failure in its ghastly harvest. You read in the papers daily of apparently healthy and even robust men being suddenly attacked with acute indigestion after enjoying a hearty meal, and of their dying in many cases before a physician could be called in. This should be a warning to you who suffer with regular or periodical attacks of indigestion. If these unfortunate victims of acute indigestion had taken a small dose of Green's August Flower before or after their meals they would not have fallen a prey to such sudden seizures. August Flower prevents indigestion by creating good digestion. It also regulates the liver, purifies the blood and tones up the entire system in a natural way. Two sizes, 25c and 75c. All druggists.

Charman & Co., City Drug Store

The rock material for the road is being obtained and placed on the street by Olds & Harris, contractors, who have their own private rock crusher, which is located at the present crushing the rock taken from the large quarry at the foot of the bluff at Falls View.

The Fill Will be Made

An agreement between the city authorities and the Southern Pacific company has been reached by which the earth that is being excavated at the Third street crossing in the making of the improvements by the railroad people will be transported and used for making a fill on Main street near Eleventh street. This is done by the railroad company at an agreed price of 10 cents per cubic yard. This is an improvement the city has long had under consideration, but the expense seemed too heavy until the present very reasonable deal was made with the railroad company. Estimates for doing this very work that were formerly secured reached as high as 50 cents per cubic yard. By making this fill the building of a new bridge over the canyon at Main and Eleventh streets, which would necessarily have to be done within a few months will be avoided, and the city will have a much more durable and satisfactory thoroughfare in the end.

General Summary

The past week was the hottest of the season, and no rain of consequence occurred in any part of the state. Fortunately, the wind was generally light and the wheat crop suffered but little damage. In the Grand Ronde valley and in some of the Columbia River counties east of the Cascade mountains late sown spring wheat was damaged by the hot weather and will probably be cut for hay. The bulk of the crop, however, is safe, and both spring and fall wheat are now being cut as rapidly as possible. Threshing will begin in the Willamette valley this week. All indications point to an extra good crop of wheat, both as to quantity and quality. Pasturage is getting short, but stock continues in good condition. The flow of milk is decreasing in the dairy districts, but not more than usual at this season of the year. The second crop of alfalfa is being cut, and the crop promises to be about an average one. Hop burs are forming and the vines are growing nicely. Hop lice are still to be found, but they are less numerous than formerly. Corn, potatoes and gardens have made good advancement, but these crops would be improved by more rain. Early apples are ripe. Prunes, pears and peaches are doing well.

Something of a Romance

What promised to be somewhat of a romance was nipped in the bud here last Saturday evening when Chief of Police Mattocks arrested a young couple, Henry Pope, aged about 17, and Tillie Wright, aged 12, both residing with their parents near Scott's Mills. It seems that the couple had been rather intimate for some time, and in the hopes that separation would have a cooling effect upon the youthful minds, the girl was sent by her parents to live with relatives at Newberg. But they probably never heard that "Absence Makes the Heart Grow Fonder," for last Saturday morning the boy showed up at Newberg and got the girl to go with him. They took the boat to New Era and from there they started to walk the track and went as far as Barlow where they took the train to this city. The attracted considerable attention here and when, after some questioning, the names of their parents were learned they were promptly notified, and the couple was ordered detained. The girl was taken to the Pioneer Hotel, while the boy was taken to jail. The front door was left open and during the night the prisoner succeeded in opening the cell door and was found next morning sitting in front of the hotel. He was taken back to jail where he remained until his brother accompanied by the girl's parents came with a hack and took them both along home.—Aurora Borealis.

CHOLERA INFANTUM.

Child Not Expected to Live from one Hour to Another, but Cured by Chamberlain's Colic, Cholera and Diarrhoea Remedy.

Ruth, the little daughter of E. N. Dewey, of Agnewville, Va., was seriously ill of cholera infantum last summer. "We gave her up and did not expect her to live from one hour to another," he says. "It happened to think of Chamberlain's Colic, Cholera and Diarrhoea Remedy and got a bottle of it from the store. I five hours I saw a change for the better. We kept on giving it and before she had taken the half of one small bottle she was well." This remedy is for sale by Geo. A. Harding.
