### PURE SUPPLY OF WATER.

It is certainly a credit to the enterprise of the people of Oregon City, that the Chamber of Commerce of Sacramento, California's Capital City, should send a delegation of prominent citizens to this city to investigate and report on the filtration plant through which the city's excellen supply of water is furnished. Samples of water taken from hydrants from throughout the city averaged 99.6 per cent pure in a number of analyses that have been made by Prof. Sweetzer, state biolo-

Oregon City is to be complimented on its excellent supply of water. The to water works is the property of the city and under the management of a board of commissioners is being conducted on a good business basis, the indebtedness of the plant having been reduced to the extent of \$10,000 during the last two years, while the service is being gradually extended and improved upon. With pure water and such a delightful and unvarying climate as this section possesses, Oregon City offers exceptional induce ments to the homeseeker.

### DISPENSE WITH HEAVILY CHARG-ED EXPLOSIVES.

There is pending before the Oregon City Council an ordinance prohibit-ing the sale and exploding within the city limits of fire crackers having a greater length than three inches. The same legislation proposes to terminate the use of those infernal canes, Dewey chasers, bombs, and toy pis-tols. All sane persons will not only fervently hope for the unanimous indorsement of the ordinance by the B. F. Forrester, members of the Council, but trust that the provisions of the measure, Horton & Jack, which provides fines and imprisonment for all violations, will be rigidly

If we can't have a celebration of Independence Day without endangering life, limb, sight and valuable property interests, let's have none at all. According to a Chicago newspaper that Isaac Prindle, has kept a record of the deaths and Mrs. M. Pickens, injuries resulting from the use of J. H. The thorough work that is being J. done not only in Clackamas county, but in Portland markets by Fruit Inspector Reid is to be appreciated by those having a sincere regard for the future of the fruit industry in this E. Fuge, Witness, state With a contract of the fruit industry in this E. Fuge, Witness, state. With no one having authority to condemn and withdraw from the market diseased and imperfect fruits, the unsuspecting public has for a number of years been feasting on some pretty scaly fruits. Let the good work proceed. ### WORMY APPLES.

Five tons of effected apples were condemned in Portland last Saturday L. Stipp, Justice, by Fruit Inspector Reid. The only H. W. Trembath, Constable, way to stop people from marketing J. W. Grasle, Justice, bad apples is by a strict system of inspection and condemnation. All over H. Vancovici, Witness, the State, wormy apples are offered L. Stipp, Constable, for sale, that should have been fed to the hogs. In Grants Pass all sorts of L. Stipp, Justice, worthless apples were offered for sale H. W. Trembath, Constable, by dealers, and good fruit cannot be had notwithstanding that the best apples in the world are grown in the district. The choice fruit is all put up for export and the refuse turned over to local dealers. But these culls are to local dealers. not the worst of the home trade. It J. R. Shaver, Sheriff, is the trade in wormy apples that should be peremtorily put a stop to. It is true that the infected fruit is Ednetta Chase, Treasurer, usually sold at a low price, but it is Echo Samson, Assessor, dear at any price, because of the wide J. C. ### THE PRIMARY VOTE FOR UNITED STATES SENATOR.

The people of Illinois will make an interesting experiment next spring in O. Wissinger, expressing by vote at the primaries C. Kerr, their preference for United States Grant Barker, senator, says the Record-Herald. In Geo. Hiverly, probability the next general as- W. S. Payn, sembly will be Republican and a Re-publican senator will be elected. If Jas. Coats, one of the Republican candidates gets C. Hiverly,

claim to be given the election.

Senators represent the whole state, not any fraction of it. When the senatorial provision was placed in the new primary law the common understanding was that it would be the vote of Scripture & the whole state that would have validity as an expression of the sentiment of the voters. There was no thought that the vote in each general assem- Ray Hartnell, bly district would be considered sep- E. arately and used as a sort of informal N. W. Nickerbo instruction to the members of the L. Erickson, assembly from that district. The majority in the whole state was to fur-nish instructions to all the party's F. J. Flynn, members of the assembly in a body.

Although the primaries are still lke Johnson, nine months away, the preliminary R. Holcomb, campaigns of candidates for the senatorship are becoming warm. Most of Henry Knoff, the work seems to be still directed, as Geo. Huber, of old, toward "organization" rather M. Shields, than toward securing the good will of Geo. Heilmeyer, the voters. What talk of the primary Geo. Huber, vote there is seems to concern entirely the individual general assembly J. C. Paddock, districts. The politicians seem to be thinking only of the possible effect of the vote in each individual district on Ed. Douglas, the senators and representatives from W. F. Douglas, There has even been J. W. Douglas, that district. some talk of pledging each candidate S. Nance, to abide by the primary expression of R. B. Gibson,

his home district. It would be rash to tell the politic- Ralph Gibson ians that they are making a mistake from the practical point of view. It must be assumed that they know their Rich & Moll. own business better that anybody else W. H. Boring, knows it. But it surely is proper to remind them that the "whole state" beall & Co., vote is no joke; that it is that vote which will be uppermost in the public R. E. Jarl, mind when the primary results are J. W. Roots announced, and that the vote is the only vote that ought to count as an J. N. Bramhall, expression of the wish of Illinois as its senatorial 'representation at Jas. Fegles, Washington.

Whatever pledges may be made Ed. Guber, should be on the basis of the all- Henry Klinker, state vote.

CURE YOUR KIDNEYS

When a Cure is So Easy.

Why will people continue to suffer the agonies of kidney complaint, backache, urinary disorders, lameness and stiffness in the back, and alow themselves to become chronic invalids, when a cure is afforded them? Doan's Kidney Pills is the remedy to use because it gives to the kidneys the help they need to perform their work. Doan's Kidney Pills cure, and cure permanently. If you have any, even one of the numerous symptoms of kidney complaint, cure yourself now, before diabetes, dropsy or Bright's disease sets in. Read this tes timonial.

Mrs. Conradina Arnold, of 440 East First St., Albany, Ore., says: "Doan's Kidney Pills did me a great deal of good. I used them for rheumatic pains across the small of my back and down through the sides which were very severe when I stooped to lift anything or sat in one position for any length of time. I got Doan's Kidney Pills and commenced their use. I began to get better right away and continued taking them. They soon relieved me and I have had very little trouble since. I shall always try to keep Doan's Kidney Pills in the house and will commend them at every opportunity."
