### A Warning to Mothers.

Too much care cannot be used with small children during the hot weather of the summer months to guard against bowel troubles. As a rule it is not only necessary to give the child a dose of castor oil to correct any disorder of the bowels, but to use any substitute, but give the old fashioned castor oil, and see that it is fresh, as rancid oil nauseates and has a tendency to gripe. If this does not check the bowels give Chamberlain's Colic, Cholera and Diarrhoea Remedy and then a dose of castor oil, and the disease may be checked in its incipency and all danger avoided. The castor oil and this remedy should be procured at once and kept ready for instant use as soon as the first indication of any bowel trouble appears. This is the most successful treatment known and may be relied upon with implicit confidence even in cases of cholera infantum. For sale by Geo. A. Harding.

### HARMONY.

The picnic held at Stone last Saturday was a decided success. Nearly every one in the Harmony community was

present, besides several families from Stone, who provided the boats as rowing was one of the main features of the day, but effective work was done on dozens of melons, ten gallons of ice cream and a loaded table of chicken, cake and other essentials.

The Rev. E. S. Bollinger, of Oregon City, who is camping at Clear Creek, was asked to join the merry making and he gave a delightful short talk on the good of being close to nature, before returning thanks for the blessings of the day.

About one hundred and twenty persons participated in the jollity and all declared that they had never had such an enjoyable time at any previous Harmony picnic.

**Asthma Sufferers Should Know This.** Foley's Honey and Tar has cured many cases of asthma that were considered hopeless. Mrs. Adolph Buesing, 701 West Third St., Davenport, Iowa, writes: "A severe cold contracted twelve years ago was neglected until it finally grew into asthma. The best medical skill available could not give me more than temporary relief. Foley's Honey and Tar was recommended and one fifty-cent bottle entirely cured me of asthma which had been growing on me for more than twelve years, and if I had taken it at the start I would have been saved years of suffering." On Wednesday evening, August 16, at 8:30, a pleasant home wedding took place at the home of Mr. and Mrs. Geo. Tachren, when Miss Lucy I. Perret, daughter of Mrs. Tachren, and Orville W. Boring, were made husband and wife.

H. L. St. Clair, the minister officiating. Both are well known and esteemed and have the outlook for a prosperous life.

The home was artistically decorated with flowers for the occasion. The bride was beautifully attired in a gown of dotted Swiss and carried carnations. To the wedding march played by Miss Ester Vullienmier, the bride and groom marched to their places unattended, where the minister pronounced the simple ritual of the M. E. church. Among those present, besides the parents of the bride, were Mr. and Mrs. W. H. Boring, Mrs. Vullienmier and daughter Esther, of Portland, aunt and cousin of the bride; Mr. and Mrs. S. E. McCord, W. H. Karr, Miss Clara Shaver, and brother Willard, of Portland; Miss Clara Boring, cousin of the groom and Henry, George, Violet and Alice Perret.

### Grave Trouble Foreseen.

It needs but little foresight to tell that when your stomach and liver are badly affected, grave trouble is ahead, unless you take the proper medicine for your disease, as Mrs. John A. Young, of Clay, N. Y., did. She says: "I had neuralgia of the liver and stomach, my heart was weakened, and I could not eat. I was very bad for a long time, but in Electric Bitters, I found just what was needed, for they quickly relieved and cured me." Best medicine for weak women. Sold under guarantee by Howell & Jones, druggists, at 50c a bottle.

Henry Lucke, of Nebraska, who is visiting relatives here, started for the huckleberry patch last Monday, accompanied by his son, Fred, and nephew, Will Lucke.

A very interesting and satisfactory program was rendered in the Methodist church last Monday evening by the Ideal Entertainers. It was fairly well attended but will be better should they come this way again.

A. J. Burdett and family plan to take in the exposition on Thursday of this week.

The picnic, last Saturday, was pulled off as neatly according to program as possible, considering that the management sustained several disappointments, not the least of which was the Chemawa baseball team failed to keep its engagement and game had to be played between two picked up nines. The Independence band furnished the music and Col. E. Hofer, of Salem, made a speech, followed by one by Hon. Geo. C. Brownell. Both were listened to with much interest. In the course of Mr. Brownell's address, the speaker announced himself a candidate for re-election to the State Senate, and in the event of success there, that he would then be a candidate for the United States Senate.
