The Better Way

The tissues of the throat are inflamed and irritated; you cough, and there is more irritation--more coughing. You take a cough mixture and it eases the irritation--for a while. You take

SCOTT'S EMULSION

and it cures the cold. That's what is necessary. It soothes the throat because it reduces the irritation; cures the cold because it drives out the inflammation; builds up the weakened tissues because it nourishes them back to their natural strength. That's how Scott's Emulsion deals with a sore throat, a cough, a cold, or bronchitis.

SCOTT & BOWNE, 409 Pearl Street New York

GEORGE.

We are waiting patiently for the return of the threshers.

The building of our new school house is progressing slowly under the able supervision of Contractor J. P. Woodie, of Eagle Creek. The directors had expected the building to be completed in time for the opening of the spring term, but as stated in the issue of the 18th inst., since Mr. Woodie has found it necessary to

go to the mountains to recuperate, and the dry weather continuing, we cannot hazard a guess in regard to when this temple of learning will be ready for our little ones.

Mr. Henry Johnson, our popular postmaster, has a tree of fine Pippins, the yield of which, this year, is exceptionally large, both in size and quantity. It is quite a number of apples that are ready about six inches through and I proudly show them to his many friends as the result of a careful, systematic cultivation by a man who is not afraid of work.

Emelia, the charming daughter of Mr. Louis Staders, is expected home every day. She has not been in Oregon for nearly five years, during which time she has married well and prospered.

Mr. Christian Johnson is making arrangements for setting up an up-to-date elder mill on his place. In this way he expects to handle a large part of the apple crop in this vicinity.

Miss Lillian C. Johnson, late of San Francisco, and Mr. Julius Poulsen, of this place, were seen at Estacada last Sunday eating ice cream. They both looked happy, but the young lady claims to like pie better.

We all miss Peter Ruhl, our genial fellow citizen, who is away with the threshers. He has his new house almost finished and has the priming coat of paint on. He says he will not decide on the color of the final coat until he brings his little bird home to manage things. We wish him every success as we have not felt that he would some day spring a pleasant surprise on us.

Fred Lins has been cutting away the briar bushes around the front fence. He still wears that same old smile and it is hard to foretell what may happen when he settles down.

Peter Rath, Esq., is going to leave the old place and live in his own house as soon as the threshing season is over.

Mrs. A. E. White and daughter, Mabel, are visiting her parents, Mr. and Mrs. Johnson. They will return to their home in California soon.

I've been away a week or so in Clackamas, near George P. O. I guess I kinder like the place 'Cause they don't live that killing pace That we all do here in the town. They're in bed when the sun goes down And up again 'fore it gets bright. They don't run round like us at night. Or waste their time or worry, I think. And their cows don't give skim milk to drink.

There's lots of prunes and apples to eat And they's girls out there that's awful sweet. And every word I say is true As true as gospel what I'm telling you. You think this cannot possibly be? Well, just go there yourself and see.

ATTACKED BY A MOB.

and beaten, in a labor riot, until covered with sores, a Chicago street car conductor applied Bucklen's Arnica Salve, and was soon sound and well. "I use it in my family," writes G. J. Welch, of Tekonsha, Mich., "and find it perfect." Simply great for cuts and burns. Only 25c at Howell & Jones' drug store.
