

# ...Short Sidehead Stories...

TERSELY-TOLD TALES OF THE WEEK'S DOINGS.

**Contents Are Sold—**  
At execution sale Tuesday Constable Pembath sold the contents of the William Tell Hotel to Fred Griesen for a consideration of \$111. The building in which this hotel is located was the structure in which the first legislative session of the state of Oregon was conducted.

**Man in Trouble—**  
T. M. Allison, of Boring, has waived preliminary examination on the charge of conducting a saloon without a license and furnished bonds for his appearance before the circuit court in November. Allison has for some time conducted a saloon at Boring, and it is alleged the license under which the business was carried on, expired several days ago and the proprietor failed to have his permit renewed.

**Did Not Have Permits—**  
Charged with burning slashings without having obtained a permit, C. Harbeck and John Heppler, of Molalla, were arrested Monday afternoon by Constable Pembath on warrants sworn to by Deputy Forestry Warden Hendricks. Because of the general dissatisfaction that exists over the county with the provisions of the forest fire law as it is now written, there is a strong probability that difficulty will be experienced in securing the conviction of persons charged with illegally setting fires.

**Extreme Low Water Stage—**  
The Willamette river has reached the low water mark and is still going down, although it has been lower than it is now, a few years ago. The Willamette falls at this place is now only a rim of gray stone and nearly all the water in the river is flowing through the canal and locks. Hundreds of people walk out over the falls every day and with the use of boards across a few pools find no difficulty in going from shore to shore. Navigation on the upper river is very difficult even with the smallest and lightest craft, owing to the immense quantities of logs that are being floated down to the paper mills at this city.

**Died of Pneumonia—**  
Ami Raiyca, aged 77 years, died at 10 o'clock Sunday morning at the residence of his daughter, Mrs. Wilson, at Jennings' Lodge, of pneumonia. He was born in Chelan County, N. Y., April 28, 1828, and was of French ancestry. He is survived by two sons and three daughters, two of the latter living here, while one daughter and two sons reside near Buffalo, N. Y. The funeral was held at 11 o'clock Tuesday afternoon from Mrs. Wilson's home at Jennings' Lodge. Rev. J. H. Wood, pastor of the Methodist church officiating. The body was taken to Portland for interment.

**Romance at Butteville—**  
Butteville is not without romance. A very interesting incident has come within our notice within the last few days. Dr. Samuel Krape, originally from Freeport, Illinois, and a resident of Oregon for 30 years and of the Homer Cone farm in this neighborhood one year, was very much surprised to see his brother, whom he had not seen since he left his native

city, walk in. His brother came to see the fair, and finding that Samuel Krape was not in very flourishing circumstances is going to take him home to oversee his 80-acre park and will educate his two children. The brother from Illinois has worked himself up from a poor boy, with the modest income of a struggling dentist to a millionaire. He expressed himself delighted with the fair and said Portland was the most beautiful city he had ever seen.—Butteville Correspondent Aurora Borealis.

### WILL PROTECT MEN IN SAW MILLS.

State Labor Commissioner is Getting After the Owners.

State Labor Commissioner O. P. Hoff is in the city examining the condition of sawmill plants and other machinery with a view to more safety for the employees, says the Telegram.

"Men are being constantly maimed in these works, but the accidents are kept from the public," Mr. Hoff said. "The companies running saw and planing-mills and door factories and other dangerous machinery tell me they keep the matters from the public because they fear some shyster lawyer will begin suit for damages on a contingent fee. All the same, these companies must be more careful of their men. They must use precautions in protecting their hands from being hurt by circular saws, crushed by falling lumber piles, maimed by 'stickers' or whirled around rapidly revolving shafts.

"I propose to take cognizance of all complaints of negligence and to notify each firm personally of dangerous conditions existing in their machinery. After I have notified them I shall try and keep track of accidents due to negligence, and I shall make a cheerful witness in subsequent damage suits.

"I frequently meet men and boys on the streets of Portland with their arms in slings. I never fail to stop and question them, and the answer usually comes: 'Oh, I had my finger cut off by a sticker, in so-and-so's planing mill'; or 'a pile of lumber fell on my arm at a lumber yard a few weeks ago. I have been in the hospital and am just able to be around.'

"The number of men and boys needlessly maimed in accidents among the machinery in Oregon is very large and it is high time the state took cognizance of these serious accidents and made provision against their recurrence."

### STRIKE AT WOOLEN MILLS.

Weavers Asked For Increased Pay and Demand Was Refused.

Because their request for an increase from 2 cents to 2 1/2 cents per yard was denied by the mill management, about 50 employees in the weaving department struck Tuesday afternoon and left the mill.

There has been some dissatisfaction for some time among the employees who claim that they are not being paid enough while for another grievance, it is alleged by the strikers that many of the oldest employees at the mill have been dismissed during the last few months and their places filled by cheaper hands.

The owners of the mill decline to make

## A FAMILY SAFEGUARD

Dr. Green arranges with the niece of Dr. Boschee to handle her famous Uncle's Great Throat and Lung Cure.

The best family safeguard is a reliable household medicine that will cure croup, coughs, colds, chilly sensations, running eyes and nose, sore throat and bronchial affections—that will keep the children proof against all contagious diseases.

Such a medicine is Boschee's German Syrup, which has a record of 35 years in the cure of consumption, catarrh and all lung and bronchial troubles.

The fame of German Syrup as a consumptive cure, since its purchase by Dr. Green from the niece of the famous Dr. Boschee, has extended to all parts of the earth. It has big sales everywhere.

Two sizes, 25c and 75c. All druggists.

Charman & Co., City Drug Store

any statement and the striking employees are determined to fight the thing to a finish, even threatening to call out all of the remaining help to the number of nearly 200 and thereby cripple the plant so that it may have to shut down.

Several weeks ago a general reorganization of the plant was inaugurated for the sake of economy. What is known as the two-loom system was adopted. That is, an operative was required to work two looms instead of one. The former price paid was three cents per yard on certain grades of cloth. When the double loom system was begun the price was fixed at 2 cents per yard. The operatives demanded 2 1/2 cents.

### THE PERFECT WAY.

Scores of Oregon City Citizens Have Learned It.

If you suffer from backache, there is only one way to cure it. The perfect way is to cure the kidneys. A bad back means sick kidneys. Neglect it, urinary troubles follow.

Doan's Kidney Pills are made for kidneys only.

Lee W. Mohr, of Clackamas Co., Ore., writes: "I have used four boxes of Doan's Kidney Pills and they have cured me of kidney and bladder trouble from which I have suffered for fifty years. I used to suffer from severe pain in my back through the loins and that trouble has now disappeared. The kidney secretions were irregular and too frequent, now they act in the proper manner."

Plenty more proof like this from Oregon City people. Call at C. G. Huntley's drug store and ask what his customers report. For sale by all dealers. Price 50 cents.

Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name, Doan's and take no other.

### SMALL CROP IS WORTH MORE.

Wallace Pear Orchard Is Run on Scientific Principles.

SALEM, Or., Aug. 29.—Though the crop of pears on the large Wallace orchard, west of this city, was but half as large as last year, the financial returns therefrom were 33 per cent greater. Last year the crop amounted to 150 tons, selling at \$20 a ton, or \$3000. This year the crop amounts to 100 tons, selling at \$40 a ton, or \$4000. Most of the fruit growers of this vicinity have received only from \$15 to \$25 a ton for pears this year, the lower price being due to less care in keeping the fruit clean, less care in picking so as to secure uniformity and less attention to picking off surplus fruit.

In the Wallace orchard overloaded trees are relieved of part of their burden so that the fruit remaining grows to a good size. In picking, the crews go over the orchard several times, taking only the fully developed fruit. Owners of small pear orchards usually gather all the fruit at one picking, thus putting pears that are full size and ready to ripen in the same box with small pears that should not be picked until a week or more later. The difference in price results.

### PRISON SUPERINTENDENT WINS OUT

That Official is Purchasing Agent For Institution.

SALEM, Or., Aug. 28.—The Oregon Supreme Court today affirmed the decision of the lower court in the case of J. K. Sears against Superintendent C. W. James, of the Oregon penitentiary, thus holding that a taxpayer cannot maintain a suit to enjoin the purchase of furniture for private use upon the fraudulent representation that they are for the use of the penitentiary, that he cannot enjoin the use of supplies from the prison commissary in the families of prison officials and that he cannot enjoin prison officials from employing convicts as servants in their private families.

Sears brought the suit as a taxpayer. The prison officials admitted the facts alleged by demurring to the complaint. Justice Galloway, sitting in Marion county, sustained the demurrer, holding that a taxpayer cannot maintain such a suit. In an opinion written by Justice Bean, the Supreme Court affirms the ruling and dismisses the complaint. The opinion says in part:

The defendant (Superintendent James) has no authority under the law to pay any bills or handle or disburse any state funds. He has authority to make all purchases of supplies needed for the penitentiary or prisoners (section 3655), but the accounts therefor must be presented to and audited by the Secretary of State, and no money can be paid for any purpose on account of the penitentiary except upon warrants issued by that officer.

# To All Lovers of Good Music

We carry a large stock of the Victor Talking Machines and Victor Disk Records and Edison Phonograph and Edison Cylinder Records

The Victor is so perfect that it is often mistaken for the human voice. There is no limit to the variety of selections this matchless instrument will recite for you.

His Master's Voice

The Edison has always been a wonderful device, but Mr. Edison's recent improvements have placed it in the foremost ranks as a charming musical instrument.

We will sell the Victor Machines at \$17.50, \$20.00, \$25.00, \$27.50, \$32.50, \$35.00 and \$45.00.

Victor 7 inch records 50c each or \$5.00 per dozen  
 " 10 " " 1.00 " " 10.00 " "  
 " 12 " " 1.50 " " 15.00 " "

Edison Phonographs at \$10.00, \$20.00 \$30.00 and \$50.00.  
 Edison Records 35c each.

Why not come in and listen to these Machines. Free Concerts daily.

# THE TURN OF LIFE

A Time When Women Are Susceptible to Many Dread Diseases—Intelligent Women Prepare for It. Two Relate their Experience.

The "change of life" is the most critical period of a woman's existence, and the anxiety felt by women as it draws near is not without reason. Every woman who neglects the care of her health at this time invites disease and pain. When her system is in a deranged condition, or she is predisposed to apoplexy, or congestion of any organ, the tendency is at this period likely to become active—and with a host of nervous irritations, make life a burden. At this time, also, cancers and tumors are more liable to form and begin their destructive work.

Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, spasms before the eyes, irregularities, constipation, variable appetite, weakness and inactivity, and dizziness, are promptly heeded by intelligent women who are approaching the period of life when woman's great change may be expected.

These symptoms are all just so many calls from nature for help. The nerves are crying out for assistance and the cure should be heeded in time. Lydia E. Pinkham's Vegetable Compound was prepared to meet the needs of woman's system at this trying period of her life. It invigorates and strengthens the female organism and builds up the weakened nervous system. It has carried thousands of women safely through this crisis. For special advice regarding this important period women are invited to write to Mrs. Pinkham at Lynn, Mass., and it will be furnished absolutely free of charge. Read what Lydia E. Pinkham's Compound did for Mrs. Hyland and Mrs. Hinkle: Dear Mrs. Pinkham:— I had been suffering with falling of the womb for years and was passing through the change of life. My womb was badly swollen, my stomach was sore, I had dizzy spells, headaches, and was very nervous.

"I wrote you for advice and commenced treatment with Lydia E. Pinkham's Vegetable Compound as you directed, and I am happy to say that all those distressing symptoms left me and I have passed safely through the Change of Life, a well woman. I am recommending your medicine to all my friends."—Mrs. Annie E. G. Hyland, Chestertown, Md.

### Another Woman's Case.

"During change of life words cannot express what I suffered. My physician said I had a cancerous condition of the womb. One day I read some of the testimonials of women who had been cured by Lydia E. Pinkham's Vegetable Compound, and I decided to try it and to write you for advice. Your medicine made me a well woman, and all my bad symptoms soon disappeared.

"I advise every woman at this period of life to take your medicine and write you for advice."—Mrs. Lizzie Hinkle, Salem, Ind.

What Lydia E. Pinkham's Vegetable Compound did for Mrs. Hyland and Mrs. Hinkle it will do for any woman at this time of life. It has conquered pain, restored health, and prolonged life in cases that utterly baffled physicians.

Lydia E. Pinkham's Vegetable Compound Succeeds Where Others Fail.

### BIG CARNIVAL AT PORTLAND FAIR.

Exhibitors at the Exposition Will Hold Three Days' Reception.

Portland, Aug. 31.—There is to be a three days' carnival at the Lewis and Clark Exposition which will put in the shade every enterprise of the sort ever conducted in the Northwest, and will make the Mardi Gras, the big winter carnival held at New Orleans, look to its laurels. The carnival is to be known as "The Festivities of King Negero I," and will last three days and nights, September 7, 8 and 9, every day being replete with spectacular features. For the purpose of inciting interest, the management of the Exposition has awarded prizes amounting to \$500, and nearly every exhibitor in the Palace of Manufactures, Liberal Arts and Varied Industries will give merchandise or money. The total number of prizes will aggregate \$5,000. These latter prizes are to be given away twice daily, and every visitor at the Fair will have a chance to draw one or more of them. A coupon will be given to each visitor as he enters the grounds, and the winning numbers will be posted about the buildings and may be obtained by proving ownership.

In the festive features, King Negero I—his name, by the way, is merely Oregon spelled backwards—Queen Columbia, and 100 maids of honor will take the principal parts. The maids of honor will be chosen from many cities in Oregon, Washington and Idaho. For the first night's festivities the program provides that Queen Columbia in her royal barge and the maids of honor in a flotilla of gondolas shall arrive across Guild's Lake at the boat landing at the foot of Lakeview Terrace at eight o'clock, there to be met by King Negero and his courtiers and royal band. The court will then pass in parade up the Grand Stairway to a reviewing stand on Lakeview Terrace, where the king and queen will review an elaborate procession of gaily decorated automobiles, carriages, trolleybuses and other vehicles. For the best decorated outfits, the Exposition has offered \$150 in prizes.

On the second day the feature of the celebration will be a grand masque carnival, on a scale not heretofore attempted in the West. The masquers will meet at the head of the Trail, where they will pass in review before the King and Queen. After the review the masquers will mingle with the crowds on the Trail, and there will be confetti throwing and a general carnival of hilarity. The prize money for the best groups and individuals among masquers aggregates \$220.

On the third day, Saturday, there will be a doll parade at four o'clock in the afternoon, in which hundreds of children will promenade with their dollies through the aisles of the Manufacturers building. The festivities will close in the evening with a grand ball in the Auditorium, which is intended to be one of the most elaborate social functions held at the Exposition.

Diphtheria, sore throat, croup, instant relief, permanent cure. Dr. Thomas' Electric Oil. At any drug store.

Terrible plagues, those itching, peevish diseases of the skin. Put an end to misery.—Doan's Ointment cures. At any drug store.

### AMONG THE FARMERS.

(Continued from Page 1.)

Mrs. M. Manning conducts a neat and much needed general store and is well patronized.

We had the pleasure of seeing the fine farm of the Clarks, 320 acres, there being 150 under cultivation, the balance in timber. Of this 26 acres are in Italian Prunes, 13 in hops, the balance in grain and hay. Hop picking commences about September 1st. The Clark brothers take possession of the farm this fall, it having been rented for the past three years. Geo. Clark, one of the brothers, is one of the sturdy kind of farmers who makes farming win and is now busy hauling grain to warehouse. He is one of our prominent Grangers and is doing much good to the cause of the Order.

The Enterprise is a friend to many of the families and is generally well thought of and we hear many compliments paid it. Our visit to them has done much good in a social way, they wishing to have their localities written up and to have their newspaper mention them and their improvements. We have promised them another visit after the threshers are done.

The farmers wish the Enterprise to stand shoulder to shoulder with them in an effort to secure better road facilities and hope the business men of Oregon City will meet them half way in procuring them, and in the county commissioners granting them road money, so the people of Highland can better patronize home merchants in preference to Portland.

COL. STREFFELKNECHT.

### THE NEW YORK WORLD

THRICE-A-WEEK EDITION

Read Wherever the English Language is Spoken.

For the autumn season now at hand the most valuable paper to you will be the New York Thrice-a-Week World, because it offers you more at the price than any other paper published anywhere in the world.

This is a time of great events. We are having great wars, and other changes of stirring kind are occurring both at home and abroad. The Thrice-a-Week World comes to you every other day, except Sunday, with all the news, fully, accurately and promptly told.

The Thrice-a-Week World is fair in its political reports. You can get the truth from its columns, whether you are Republican or Democrat, and that is what you want.

The Thrice-a-Week World's regular a serial story running, and it is always a first-class story by a first-class author. The Thrice-a-Week World publishes better fiction than any other newspaper in the United States. Special attention is also given to markets, and there are many other valuable features. The Thrice-a-Week World's regular subscription price is only \$1.00 per year, and this pays for 156 papers. We offer this unequalled paper and the Enterprise together one year for \$1.65. The regular price of the two papers is \$2.50.

### LABOR DAY PROCLAMATION.

Governor Chamberlain Urges General Observance of the Day.

SALEM, Or., Aug. 28.—Governor Chamberlain today issued the following proclamation urging the observance of Labor day in Oregon:

Whereas, the first Monday in September of each year has been designated by law as a legal holiday, to be known as Labor Day.

Now, therefore, I, George E. Chamberlain, as Governor of the State of Oregon, do make public proclamation of the fact that Monday, the 4th day of September, 1905, is set apart as a legal holiday for rest from ordinary labors. The present friendly relations between labor and capital in our splendid commonwealth should be maintained, in order to a continuance of the prosperity which our people enjoy. To assist in prolonging that much-desired condition, I earnestly pray that there be a general suspension of all business on the day thus set apart, and that employer and employe will meet in social and friendly intercourse, thereby coming into closer touch and relationship each with the other and becoming better acquainted with the industrial life and condition of the whole people.

In testimony whereof, I have hereunto set my hand and caused the Great Seal of the State to be affixed thereto.

Done at the capital, in the City of Salem, this 28th day of August, A. D. 1905.

GEO. E. CHAMBERLAIN, Governor. By the Governor: F. I. DUNBAR, Secretary of State.

### ARE YOU ENGAGED?

Engaged people should remember, that after marriage, many quarrels can be avoided, by keeping their digestions in good condition with Electric Bitters. S. A. Brown, of Bennettville, S. C., says: "For years, my wife suffered intensely from dyspepsia complicated with a torpid liver, until she lost her strength and vigor, and became a mere wreck of her former self. Then she tried Electric Bitters, which helped her at once, and finally made her entirely well. She is now strong and healthy." Howells & Jones sell and guarantee them, at 50c a bottle.
