Hollingsworth has been entertaining his brother from the East. Nearly everybody seems to be going to the hop fields. LIKE FINDING MONEY.

Finding health is like finding money—so think those who are sick. When you have a cough, cold, sore throat, or chest irritation, better act promptly like W. C. Barber, of Sandy Level, Va. He says: "I had a terrible chest trouble, caused by smoke and coal dust on my lungs; but after finding no relief in other remedies, I was cured by Dr. King's New Discovery for Consumption, Coughs and Colds." Greatest sale of any cough or lung medicine in the world. At Howell & Jones' drug store; 50c and \$1.00; guaranteed. Trial bottle free.

DOVER.

For the past week A. J. Kitzmiller has been in the mountains acting as guide for parties from Portland. Guy R. Woodie, the Dover contractor, is working on the addition to the school house. Mr. Randolph and family attended the comp meeting at Gresham and report a good meeting. Joseph De Shazer has been on the sick list for several days. Miss Ora Black of Salem, formerly of Viola, has been visiting in Dover. Mr. Leonard has been helping Rev. Exom dig well. Rev. D. A. Watters, of Portland, was up last week looking after his farm. Messrs. Rudolph & Seward were in the beef peddling business a few days last week. Evangelist C. O. Branson and wife are spending a much needed vacation on their little farm. The captain swings an axe like he was an old hand at the business. He is doing considerable work in the way of fencing and clearing his land. While digging a well on his homestead Rev. Exom found a log or stump 30 feet below the surface. The Kitzmiller family have gone to the hop yards near Independence. Mr. Erdman went to the mountains and brought home a lot of huckle berries. Mr. Carr and wife have been visiting with the DeShazer family. Jake DeShazer is moving to eastern Oregon. Dover needs and should have a better mail service. It is hard to get people to settle in a place that has only two mails per week.

MARQUAM.

The weather still remains warm, but a few gardens have been frost bitten. Fall goods will soon be seen in the stores at Marquam. Several loads of hop-pickers were seen going through Marquam yesterday. Ed. Albright began hop picking Tuesday, September 5th. Mr. Lloyd Marquam, of Tillamook, is visiting relatives and friends at Marquam. Lila and Helen Bentley, Mr. and Mrs. G. W. Bentley's granddaughters, are staying with their grandma while their mother picks hops. Mrs. Ann Ridings and John Haugh, also Reta and Marie Ridings went to the mountains last Wednesday to gather huckleberries, with their friend Mildred Hubbard to take care of the children. But they had the misfortune of losing the horses, so they are still in the mountains. Several people of Marquam visited the Exposition last week. Among those in attendance were Mr. Jack Taylor and wife, Mr. Joseph Vanclive and wife, Mr. Tom Ridings and wife, Mr. Blair and family. Also Jewell, Dolly and Clyde Marquam were there. Jim and Percy Hartman of Washington are visiting relatives. They also attended the Fair four days.

FIFTY CENTS

In some conditions the gain from the use of Scott's Emulsion is very rapid. For this reason we put up a fifty-cent size, which is enough for an ordinary cough or cold or useful as a trial for babies and children. In other conditions the gain is slower—health cannot be built up in a day. In such cases Scott's Emulsion must be taken as nourishment; a food rather than a medicine. It's a food for tired and weak digestions.

STAFFORD.

Some of us are nearly ready for rain, and gardens, roads and roses are sighing for it. Some of the grain on the mountain was stacked when not sufficiently dried and became heated fendering it hard to thresh, and injuring the berry, an unnecessary thing to do this summer. All wheat is more or less shrunken, caused by a couple of hot days when it was just in the milk. Curley has been having some trouble about selling his hops. Mr. and Mrs. Gage had quite a reunion of daughters-in-law last week, the wives of their four sons happening to meet with them, and spent a number of pleasant days. Two were from the coast in Tillamook county, one from St. Helens, and one from Linton. Henry Schatz on Friday of this week will have abstained from tobacco one year, on a dollar bet. August bet him a dollar he couldn't do it, and he says he couldn't bear the smell even of the weed now, and would sleep under the canopy of heaven, before he would stay with a man who used the filthy stuff. Go that and do likewise. He has offered his little brother 25c a month till he is 21 if he will refuse to use tobacco in any form, and we understand the boy, who has just begun the "manly" habit, has accepted the offer. Mrs. Neubauer, a former resident of Stafford, but late years of Portland, died very suddenly Friday morning at her home of heart disease. Her many friends

in Stafford extend sincere sympathy to the bereaved family. She was a good wife and mother, a sincere friend and a Christian woman. Mrs. Widdle's little boy of two years, has been very sick with summer complaint, and others are complaining of similar symptoms. Sherwood it seems, has succeeded in taking the Star Route from Stafford and established its rural route much to the disgust and inconvenience of a majority of the Stafford community who will have to wait until tomorrow for today's mail. Mr. Gage's fine colt and one of his son's team horses (whose family are home on a visit from Tillamook county) got into a delapidated wire fence on Mr. Gohard's back fence and tore one of the colt's hoofs badly, and cut the team horse in the breast. This burg seems like Sunday every day now, a great many of the inhabitants having gone to the hop-fields. Mr. and Mrs. Gottlieb Renter are visiting friends on the way to the hop yards. Mrs. Ollie Gage-Holton arrived on Tuesday morning from her present home in San Francisco to visit relatives and friends, and the Fair. Her husband is city salesman for Folger & Co., S. F. One of Mr. Berkle's nieces who has been visiting them returned to her home in Iowa where she is a teacher in a city school. Mr. and Mrs. Wachte have gone to the city for a few days.

MT. PLEASANT.

Mrs. John Rigin and Mrs. Charles Clark of Pennacogue, N. J., are visiting at the home of their brother, W. B. Stafford. Mr. and Mrs. C. P. Andrews are enjoying an outing at North Beach. Mrs. Caroline Dunlap of Portland, was a guest at "Rose Farm" last week. Mr. William Holmes left for Cameron, Mo. last Monday, after a month's visit with relatives at Rose Farm. Mrs. George N. Gilson, of Seattle, visited her cousins Mr. and Mrs. Arthur Warner, last week. Miss Lila Swafford has returned to Salem after a pleasant visit at Locust Farm. Mr. W. B. Partlow spent several days last week with Portland friends seeing the Fair. Mr. William Roman and family of Missouri are visiting Mr. Roman's father. Mrs. Elizabeth Warner and daughter, Miss Helen, left Thursday for Ilwaco, Washington where they will be the guests of Mayor and Mrs. A. E. King during September. The residents of Mt. Pleasant have never had to contend with dust as they have this summer, the result of too much road rolling late in the Spring. Mr. M. J. Warnock is building a large dairy barn on the property of Judge Ryan. Mr. R. H. Taber has a fine exhibit of prunes and nectarines at the Lewis & Clark Exposition this week.

CARUS.

Threshing is nearly finished; now for the hop fields. Hop pole will be heard so early in the morning. Mr. Spencer's father from the East, is visiting with him. He seems to be pleased with Oregon. Will Inskip and cousin are stopping with the former's father, H. O. Inskip. Mr. Humphrey Jones and daughter Kate, and Edna Irish were hurt quite badly last Saturday while crossing the railroad track at Oregon City. Mr. Jones was hurt inwardly and Kate had one limb broken twice between the knee and ankle, and Miss Irish had a cheek bone broken, also one horse was killed. Ralph Howard spent two days in Portland last week. Richard Davis is nursing a sore thumb. Sarah Thomas spent a couple of days at the Fair last week. Well, Beaver Creek, we are glad to see you appear again in the Correspondence.

BEAVER CREEK.

It still keeps very dry in this vicinity. We need rain very badly—the water is commencing to scarce. Mrs. John Withycombe and Mrs. D. M. Lloyd of Portland, have returned home after being out here visiting their parents. Mr. and Mrs. W. Thomas, Miss Mary Jones of Anaconda, Montana, was at Beaver Creek Sunday. Everybody at Beaver Creek is in sympathy with Mr. Humphrey Jones and his daughter Kate, who met with such a bad accident last Saturday. We hope they will soon be able to be around again. Mr. J. E. Jones had a runaway the other day. He hitched his horse by the residence of G. Robert, and we suppose they were having a good conversation and the horse thought it was time to return home. So he made up his mind that he would go anyhow, and leave his master to come home when he would get ready. Glad to learn that he didn't hurt nor break the buggy either. Be careful next time John. Several from this vicinity have gone to the hop yards. Mr. L. Withycombe, from Portland, spent Sunday with friends here and attended the Welsh services. Mr. D. W. Lloyd also of Portland, made a flying trip to Beaver Creek and called on several of his old friends. We learn that Mr. T. D. Jones, our merchant, has sold out to Mr. H. W. Hughes, of this place. Mr. D. Harris and two of his grandsons have gone to the mountains to pick berries. Hope they will succeed in their mission.

We learn that T. M. Thomas lost his way the other day in the woods and found himself; that it was a very hard task to come out, but he did come out O. K. Abel Thomas has been gone so long a time now that his mother is anxious to know where he is. She is thinking he has found some good nest to hang his hat on.

PIRATING FOLEY'S HONEY AND TAR

Foley & Co., Chicago, originated Honey and Tar as a throat and lung remedy, and on account of the great merit and popularity of Foley's Honey and Tar many imitations are offered for the genuine. These worthless imitations have similar sounding names. Beware of them. The genuine Foley's Honey and Tar is in a yellow package. Ask for it and refuse any substitute. It is the best remedy for coughs and colds. Huntley Bros Co.

CANBY.

Grasle Bros., were in town last Friday from Clackamas. Recently, fire has seriously threatened both the mill and log camp of James Adkins. School begins at Mendoc School house September 18. Howard Eccles teaching. Quite a band of Indians passed through through town going south to the hop fields. R. L. Snell began drying prunes last Wednesday. His is a full crop and of an excellent quality and size. The first picking yielded 100 boxes. Rev. Dr. Rockwell, of Portland, visited Canby last Monday and held quarterly conference at the Methodist church. Fire from a thresher got out at Tom Blanchard's place last Friday and destroyed his born with the contents. The loss was about \$125. It was only by the hardest work of the whole crew that the granary and even the house was saved. W. H. Bain pulled in with his baler last Friday, after a run of about nine weeks, and having baled nearly 1600 tons. This is a first-class outfit, capable of baling under favorable conditions, 30 tons per day. Hop picking is now in full blast in the yards near Canby, yet the place is comparatively deserted, owing to the fact that many have gone away for the season, there not being sufficient acreage in this vicinity to give employment to all who wish to pick.

Bad blood and indigestion are deadly enemies to good health. Burdock Bitters destroys them.
