Way Money Is Wasted Through Ignorance of Food Values.

Examples of glaring ignorance of food values may well be culled from the notes of those experts who have visited the poor of the different cities. In the slums of Chicago it was found that a woman whose husband was out of work and whose family was living on a few cents a day bought lettuce, a food so innutritious that, at least when out of season and high in price, it is a luxury even for the rich. This woman sacrificed the inexpensive but nutritious classes of foods for leaves containing over 80 per cent of water and 15 per cent of refuse. It has been truthfully said that a man would starve to death on a diet of lettuce alone.

Pitiable improvidence was found in the New York slums. A watchman was feeding his family at the rate of 14 cents per person a day-all that he could afford-yet his wife bought expensive cuts of beef instead of the equally nutritious cuts of lower price; also large quantities of butter whose value might have been invested in dried beans and more bread. She also wasted money on soda crackers and jumbles costing two or three times as much as bread and containing no more nutrition. It was estimated that his wife might have obtained about eight times as much nutrition for her money had she substituted dried peas for green peas. Another large saving would have been the substitution of for condensed milk.-John E. Watkins in Reader Magazine.

#### THEY WERE GLUTTONS.

The Gormands of the Eighteenth Century In England.

Plenty was the watchword of the eighteenth century gormand in Engwas ever the prelude to the dinner. It was removed for meat or fish-a chine lets with eggs, fillet of beef and scol- ber 8th, 1905. lops, turkey en daube, stewed carp, veal a la royale, fricasseed chicken, with ham and pigeons for center dish. This was but the first course or relay. Next came the roasts-two pheasants and four partridges and six teal, and In the County Court of the State of Or now, for side dishes, sweetbreads and marrow, four woodcock and ten snipe, salmon and smelts, marrow pudding, fore quarter of lamb and oyster loaves. For center dish, mince pies. And men not the name for such as these. They were gluttons.

# Stevenson's Love Tonst.

A beautiful testimony to one's home loves was paid by Robert Louis Stevenson at a thanksgiving dinner in Sa-

"There, on my right," said Steven son, replying to an unexpected proposal of "The Host," "sits she who has with no lessening of affection to those than all the world besides-my mother. From the opposite end of the table, my wife, who has been all in all to me, when the days were very dark, looks tonight into my eyes-while we have both grown a bit older-with undimin ished and undiminishable affection."

Scratch, scratch, scratch, unable to attend to business during the day or sleep during the night. Itching piles, horrible plague. Doan's Ointment cures. Never falls. At any drug store 50 cts.

# **Brights Disease**

Not Rare, but Common--Kidney Disease the 8th to 10th Month; Then Incurable by All Known Means Except the new Fulton of Recoveries.

We have before us a little work on kidney diseases by Joseph F. Edwards, M. D., of Philadelphia, that contains some things that everyone ought to know. Many people imagine Bright's Disease is rare, when, in fact it covers nearly the whole gamut of kidney diseases. This book sets out that the kidneys have but one function, viz., the elimination of the urea and waste products, and that all interferences with that function are called Bright's Disease. Dr. Edwards adds: "For the benefit of physicians who may read this book I will give a list of the cases which I attribute to Bright's Disease, viz.;

Albumenuria.
Congestion of the Kidney.
Degeneration of the Kidney.
Fatty Degeneration of the Kidney.
Inflammation of the Kidney.

Inflammation of the Kidney.

Uraemia.

Disease of the Kidney."

Thus nearly all kidney disease being Bright's Disease, the serious question is, is it in the primary or secondary stage? After the eighth to tenth mouth it becomes chronic and is then incurable by all known means except the Fulton Compounds. There is often no footice of the trouble till it has fastened. If you have kidney disease in the first stage the Renal Compound will cure it quickly. If it is of more than 8 to 10 months standing it is the only thing known that will cure it. In proof that nothing else will we cite all medical works in evidence. The stockholders of the John J. Fulton Co., business and professional men of San Francisco, are the first in the world to announce the cure, presenting a professional men of San Francisco, are the urst, in the world to announce the cure, presenting a gefinite percentage of recoveries (87 per cent), and giving out the lists of the cured, all among purely chronic, well-defined cases. If you have any find of kidney trouble, there is only one thing to take. The Renal Compound for Bright's Disease is \$i; for Diabetes, \$1.50. John J. Fulton Co., 409 Washington street, San Francisco, sole compounders. Pamphlet free. We are the sole agents.
