hind a smooth exterior. When we see men downed in disgrace who have held the confidence of the people and filling the high honors of the state and their home thrown into everlasting disgrace, and ruined in their social and financial standing, we wonder if their pathway has been strewn with a smooth surface or has their conscience ever pricked them, knowing full well their sins would find them out. No wrong doer can surely feel safe.

That little poem is worthy a place in every man's heart:

And censure alone what you see
If he is to blame, remind you,
From faults there're none of us free,
If the veil from the heart could be torn
And the mind be read on the brow,
There are many we'd pass by in scorn
Whom we are loading with high hon-
ors now.
