Think what might have resulted from his terrible cough if he had not taken the medicine about which he writes: "I had a fearful cough, that disturbed my night's rest. A JUDICIOUS INQUIRY.

A well known traveling man who visits the drug trade says he has often heard druggists inquire of customers who asked for a cough medicine, whether it was wanted for a child or for an adult, and if for a child they almost invariably recommend Chamberlain's Cough Remedy. The reason for this is that they know there is no danger from it and that there always cures. There is not the least danger in giving it, and for coughs, colds and croup it is unsurpassed. For sale by Geo. A. Harding.

SOME SEASONABLE ADVICE.

It may be a piece of superfluous advice to urge people at this season of the year to lay in a supply of Chamberlain's Cough Remedy. It is almost sure to be needed before winter is over, and much more prompt and satisfactory results are obtained when taken as soon as a cold is contracted and before it has become settled in the system, which can only be done by keeping the remedy at hand. This remedy is so widely known and so altogether good that no one should hesitate about buying it in preference to any other. It is for sale by Geo. A. Harding.

HOW TO CURE CORNS AND BUNIONS.

First, soak the corn or bunion in lukewarm water to soften it; then pare it down as closely as possible without drawing blood and apply Chamberlain's Pain Balm twice daily, rubbing vigorously for five minutes at each application. A corn plaster should be worn a few days to protect it from the shoe. As a general liniment for sprains, bruises, lameness and rheumatism, Pain Balm is unequalled. For sale by Geo. A. Harding.

\$100 REWARD, \$100.

The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

FOR BOTH

One disease of thinness in children is scrofula; in adults, consumption. Both have poor blood; both need more fat. These diseases thrive on leanness. Fat is the best means of overcoming them; cod liver oil makes the best and healthiest fat and

SCOTT'S EMULSION

is the easiest and most effective form of cod liver oil. Here's a natural order of things that shows why Scott's Emulsion is of so much value in all cases of scrofula and consumption. More fat, more weight, more nourishment, that's why.

ELECTRIC LIGHT AND POWER

A talk with us will convince you that ELECTRIC LIGHT is the only light you can afford to use in your home, or put in the house you are building. Your property will rent more readily, will pay a higher income, and attract a better class of tenants IF IT IS EQUIPPED WITH ELECTRIC LIGHT.

IF you contemplate establishing any business requiring POWER, it will be to your advantage to talk with us before placing your orders for machinery.

THE use of ELECTRIC power means: Lesser cost of operation, smaller amount of space required, and great saving in machinery and initial cost of installation of plant.

ADVANTAGES in the cost of producing power in Oregon City in comparison with other cities of the country, enable us to make lowest rates and give unequalled service.

REDUCED RATES FOR CURRENT ON METER BASIS

ESTIMATES on cost of wiring, cost of current and information regarding the use of electricity for LIGHT or POWER, in the HOME, the OFFICE, the STORE and the FACTORY, promptly furnished upon application to C. G. Miller at the Company's branch office, next door to the Bank of Oregon City.
