GRANGE HOLDS FAIR

FARMERS CONDUCT SUCCESSFUL EXHIBIT OF PRODUCTS.

Wm. Beard Furnishes The Enterprise With an Interesting Account of Fair and Prize Awards.

Maple Lane Grange No. 296, Patrons of Husbandry, met in regular session on Saturday, October 7, and also held its first annual fair. I say first annual, advisedly because we propose to continue the good work from year to year, and we predict that the good-natured honest rivalry between the exhibitors will produce an agricultural exhibit that will be second to none in Clackamas county.

A few of the faithful met at the hall as per agreement on Friday and arranged the exhibits. Saturday being our regular meeting day, grange was called to order at the usual hour by W. M. Hobbie. All the officers and a goodly number of members were present.

The usual routine business was transacted, including the election to membership of one applicant, after which grange closed in regular form.

By common consent of the exhibitors the following parties were chosen judges: Brothers S. T. Roman and Chas. Forbes, Mrs. Forbes, and Mr. and Mrs. Calavan. It was also agreed that the decision of the judges should be final.

A list of the following awards will give in a slight measure some idea of the variety of products on exhibition:

It was very gratifying to the committee in charge to note the universal satisfaction at the awards of the judges, and the judges are certainly entitled to the thanks of all concerned in this, our first annual fair.

The ladies as usual, were very busy, and their display of fancy, and toilet articles was fine. Their booth, tastefully arranged in one corner of the hall, trimmed in holly and English ivy, draped with lace curtains, and adorned with natural as well as artificial flowers, was the center of attraction, and the smiling faces who presided over all this are certainly deserving of praise.

The dinner—served free to all—was certainly a banquet.

After dinner Mrs. C. O. Allen as chairman of the entertainment committee, gave a short preliminary address, followed by a well rendered program, supplemented by some very appropriate remarks by A. J. Lewis.

Mr. Lewis is the man who first proposed an agricultural fair in connection with the Clackamas county District Pomona Grange, and he still believes in the feasibility and practicability of the plan, and is certainly in earnest, as evinced by his heroic efforts to interest his neighbors in a purely agricultural fair for Clackamas county.

Mr. C. O. Allen is a good wheel-horse in an agricultural exhibit and it will be neck and neck with him and C. W. Swallow as to which of them will carry off the sweepstakes at our next annual.

In the opinion of your correspondent this grange fair will be worth ten or twenty times its cost, to those participating in it, and if harmony prevails in the future as it does at present, we predict a great future for Maple Lane Grange.

'Tisn't safe to be a day without Dr. Thomas Electric Oil in the house. Never can tell what moment an accident is going to happen.

REDUCE THE DEBT

CLACKAMAS COUNTY OFFICERS MAKE GOOD SHOWING.

Grand Total of County's Obligations Is Being Cut Down and Expenses Curtailed.

That the indebtedness of Clackamas county during the last year has been reduced \$33,786.39 is shown in the semi-annual reports of the county officers published on another page of this issue.

On September 30, 1904, the total outstanding warrants against the county, together with the estimated accrued interest, aggregated \$123,001.02, while the total of these two items on the 30th ult was only \$89,214.63.

These figures, compared with the financial condition of the county six months ago, show an improvement of about \$2900 in the amount of outstanding indebtedness, at that time.

A saving of more than \$6000 in the current expenses of the county has been effected during the last twelve months. For the year ending September 30th, last, it cost only \$34,288.59 for the administration of the county government as against \$40,904.67 for the corresponding period a year before.

A Genius.

"Yes, I think my new son-in-law has a genius for finance."
"Has he been making money on stocks?"
"No, but he's just got home after a three weeks' vacation, with \$7.50 in cash."

No such thing as "summer complaint where Dr. Fowler's Extract of Wild Strawberry is kept handy. Nature's remedy for looseness of the bowels.
