

DON'T WANT PRINTER

IT IS PROPOSED TO ABOLISH THE STATE PRINTING OFFICE.

Voluntary Committee Has Agreed To Abandon Plan for Ousting Public Officials.

The abolition of the State Printer's office at the close of Mr. Whitney's present term will be suggested in the form of a constitutional amendment by initiative petition.

This conclusion has been reached by the voluntary committee that is planning for some material changes in the state's organic law.

Of the eight amendments originally suggested, it is reasonably certain from the conferences that have been held by the committee that six will be presented to the people by initiative petition.

The six proposed amendments, in the submission of which the committee is practically agreed are:

Giving the people initiative and referendum powers on all local special and municipal laws and single items of appropriation bills without affecting the bills themselves.

Giving cities power to make and amend their charters, subject to the Constitution and general laws.

Relating to the office of State Printer, the abolition of which will be proposed.

Giving the people the exclusive power to create public institutions at other places than at Salem.

Giving one Legislature power to propose Constitutional amendments, and to the people power to prevent the calling of Constitutional conventions.

Creating a law to prohibit public officers from receiving transportation favors from railway companies.

Frequent conferences are being held by members of the committee which is compiling the various amendments in the form by which they will be submitted to the people at the June election.

THE STORK BRINGS JOY

To the household but how about the mother? Has she been joyful during the weeks and

months preceding the advent? Too many mothers find it a time of fearful anxiety because of the knowledge that they are not in good health.

They have allowed weaknesses, pains and drains to accumulate till the health is completely undermined and they are more than discouraged, and all because they have been misled by well-meaning friends or maltreated by an inefficient doctor.

To all such here is the news that there is a remedy that will heal and not hurt. It was discovered forty years ago by Dr. Pierce who searched Nature's laboratory—the earth, for the remedial agents so liberally provided therein.

It was discovered that the Slipper root, Black Cohosh root, Unicorn root, Blue Cohosh root, Golden Seal root, and by extracting, combining and preserving, without the use of alcohol, the glyceric extracts of these natural remedies he has given to the world Dr. Pierce's Favorite Prescription, which has to its credit the enviable and unparalleled record of more than a half-million cures in the last forty years.

Constipation cured by Doctor Pierce's Pleasant Pellets.

DROPSY

Do Your Ankles or Limbs Swell? Are Your Eyes Puffy? We are the Sole Agents for the Only Thing Known That Cures the Kidney Diseases that Cause Dropsy, viz: Fulton's Compound.

It is now well known that dropsy is not in itself a disease but is commonly a symptom of Bright's Disease or Diabetes. Hence, up to the discovery of the Fulton Compound, dropsy was incurable. It is now, however, curable in nearly nine tenths of all cases.

Mrs. Peter Goyhenetz of 928 Fillmore street, San Francisco, became alarmingly dropsical. Her physician had finally to tap her every few days. She was tapped nearly forty times and grew worse from day to day.

There is only one thing known that will cure the chronic kidney disease that is behind dropsy and that is Fulton's Compound. The Real Compound for Bright's and Kidney diseases, \$1; for Diabetes, \$1.50. John J. Fulton Co., 429 Washington street, San Francisco, sole compounders. Send for pamphlet.
